

Verisign Reports Third Quarter 2018 Results

RESTON, VA - Oct. 25, 2018 - VeriSign, Inc. (NASDAQ: VRSN), a global leader in domain names and internet security, today reported financial results for the third quarter of 2018.

Third Quarter GAAP Financial Results

VeriSign, Inc. and subsidiaries ("Verisign") reported revenue of \$306 million for the third quarter of 2018, up 4.6 percent from the same quarter in 2017. Verisign reported net income of \$138 million and diluted earnings per share (diluted "EPS") of \$1.13 for the third quarter of 2018, compared to net income of \$115 million and diluted EPS of \$0.93 for the same quarter in 2017. The operating margin was 63.8 percent for the third quarter of 2018 compared to 61.9 percent for the same quarter in 2017.

Third Quarter Non-GAAP Financial Results

Verisign reported, on a non-GAAP basis, net income of \$151 million and diluted EPS of \$1.23 for the third quarter of 2018, compared to net income of \$124 million and diluted EPS of \$1.00 for the same quarter in 2017. The non-GAAP operating margin was 68.7 percent for the third quarter of 2018 compared to 66.7 percent for the same quarter in 2017. A table reconciling the GAAP to the non-GAAP results (which excludes items described below) is appended to this news release.

"The continued dedication of our teams to protecting and managing our business has yielded another solid quarter," said Jim Bidzos, Executive Chairman, President and Chief Executive Officer.

On Oct. 24, 2018, Verisign entered into an agreement with NeuStar, Inc. ("Neustar") to sell the rights, economic benefits, and obligations, in all customer contracts related to its Security Services business. The transaction includes the sale of customer agreements related to Verisign's Distributed Denial of Service Protection, Managed Domain Name System ("DNS"), DNS Firewall, and Recursive DNS services. Verisign will retain its proprietary technology, network assets, critical infrastructure, software, and public DNS service to focus solely on supporting Verisign's core mission: ensuring the security, stability, and resiliency of our core infrastructure. As part of the transaction, Verisign will continue to support the Security Services customers during the transition to Neustar, pursuant to a transition services agreement that is expected to be executed at closing. The transaction is subject to customary regulatory approval and is expected to close shortly following the receipt of such approval. The purchase price, subject to a cap of \$120 million, consists of a payment of \$50 million, due at the time of closing, plus an additional contingent amount, due after the first anniversary of closing. The additional contingent amount, which cannot be negative, is based upon, among other things, the successful transition of customers to Neustar during the 12-month period following closing.

In commenting on the transaction, Jim Bidzos added: "Verisign is committed to focusing on its core mission of providing critical internet infrastructure, including Root Zone management, operation of 2 of the 13 global internet root servers, operation of .gov and .edu, and authoritative resolution for the .com and .net top-level domains, which support the majority of global e-commerce. For this reason, Verisign is transitioning its Security Services customers to Neustar."

Non-GAAP Financial Measures and Adjusted EBITDA

Verisign provides quarterly and annual financial statements that are prepared in accordance with generally accepted accounting principles (GAAP). Along with this information, management typically discloses and discusses certain non-GAAP financial information in quarterly earnings news releases, on investor conference calls and during investor conferences and related events. This non-GAAP financial information does not include the following types of financial measures that are included in GAAP: stock-based compensation, unrealized gain/loss on the contingent interest derivative on the subordinated convertible debentures, non-cash interest expense through June 30, 2018, and loss on debt extinguishment. Non-GAAP net income is decreased by amounts accrued for contingent interest payable through Aug. 15, 2017, related to the subordinated convertible debentures, and is adjusted for an income tax rate of 22 percent starting from the first quarter of 2018, 25 percent for the second through the fourth quarters of 2017, and 26 percent for the first quarter of 2017, all of which differ from the GAAP income tax rate.

On a quarterly basis, Verisign also provides Adjusted EBITDA. Adjusted EBITDA is a non-GAAP financial measure and is calculated in accordance with the terms of the indentures governing Verisign's senior notes. Adjusted EBITDA refers to net income before interest, taxes, depreciation and amortization, stock-based compensation, unrealized gain / loss on hedging agreements, gain on the sale of a business, and loss on debt extinguishment.

Management believes that this non-GAAP financial data supplements the GAAP financial data by providing investors with additional information that allows them to have a clearer picture of Verisign's operations and financial performance and the comparability of Verisign's operating results from period to period. The presentation of this additional information is not meant to be considered in isolation nor as a substitute for results prepared in accordance with GAAP.

The tables appended to this release include a reconciliation of the non-GAAP financial information to the comparable financial information reported in accordance with GAAP for the given periods.
