

## Verisign Reports Third Quarter 2018 Results

October 25, 2018

RESTON, Va.--(BUSINESS WIRE)--Oct. 25, 2018-- VeriSign, Inc. (NASDAQ: VRSN), a global leader in domain names and internet security, today reported financial results for the third quarter of 2018.

### *Third Quarter GAAP Financial Results*

VeriSign, Inc. and subsidiaries ("Verisign") reported revenue of \$306 million for the third quarter of 2018, up 4.6 percent from the same quarter in 2017. Verisign reported net income of \$138 million and diluted earnings per share (diluted "EPS") of \$1.13 for the third quarter of 2018, compared to net income of \$115 million and diluted EPS of \$0.93 for the same quarter in 2017. The operating margin was 63.8 percent for the third quarter of 2018 compared to 61.9 percent for the same quarter in 2017.

### *Third Quarter Non-GAAP Financial Results*

Verisign reported, on a non-GAAP basis, net income of \$151 million and diluted EPS of \$1.23 for the third quarter of 2018, compared to net income of \$124 million and diluted EPS of \$1.00 for the same quarter in 2017. The non-GAAP operating margin was 68.7 percent for the third quarter of 2018 compared to 66.7 percent for the same quarter in 2017. A table reconciling the GAAP to the non-GAAP results (which excludes items described below) is appended to this news release.

"The continued dedication of our teams to protecting and managing our business has yielded another solid quarter," said Jim Bidzos, Executive Chairman, President and Chief Executive Officer.

On Oct. 24, 2018, Verisign entered into an agreement with NeuStar, Inc. ("Neustar") to sell the rights, economic benefits, and obligations, in all customer contracts related to its Security Services business. The transaction includes the sale of customer agreements related to Verisign's Distributed Denial of Service Protection, Managed Domain Name System ("DNS"), DNS Firewall, and Recursive DNS services. Verisign will retain its proprietary technology, network assets, critical infrastructure, software, and public DNS service to focus solely on supporting Verisign's core mission: ensuring the security, stability, and resiliency of our core infrastructure. As part of the transaction, Verisign will continue to support the Security Services customers during the transition to Neustar, pursuant to a transition services agreement that is expected to be executed at closing. The transaction is subject to customary regulatory approval and is expected to close shortly following the receipt of such approval. The purchase price, subject to a cap of \$120 million, consists of a payment of \$50 million, due at the time of closing, plus an additional contingent amount, due after the first anniversary of closing. The additional contingent amount, which cannot be negative, is based upon, among other things, the successful transition of customers to Neustar during the 12-month period following closing.

In commenting on the transaction, Jim Bidzos added: "Verisign is committed to focusing on its core mission of providing critical internet infrastructure, including Root Zone management, operation of 2 of the 13 global internet root servers, operation of .gov and .edu, and authoritative resolution for the .com and .net top-level domains, which support the majority of global e-commerce. For this reason, Verisign is transitioning its Security Services customers to Neustar."

### **Financial Highlights**

- Verisign ended the third quarter with cash, cash equivalents and marketable securities of \$1.18 billion, a decrease of \$1.24 billion from year-end 2017.
- Cash flow from operating activities was \$187 million for the third quarter of 2018, compared with \$175 million for the same quarter in 2017.
- Deferred revenues on Sept. 30, 2018, totaled \$1.02 billion, an increase of \$25 million from year-end 2017.
- During the third quarter, Verisign repurchased 1.1 million shares of its common stock for \$175 million. At Sept. 30, 2018, \$638 million remained available and authorized under the current share repurchase program which has no expiration.

### **Business Highlights**

- Verisign ended the third quarter with 151.7 million .com and .net domain name registrations in the domain name base, a 4.0 percent increase from the end of the third quarter of 2017, and a net increase of 1.99 million during the third quarter of 2018.
- In the third quarter, Verisign processed 9.5 million new domain name registrations for .com and .net, compared to 8.9 million for the same quarter in 2017.
- The final .com and .net renewal rate for the second quarter of 2018 was 75.0 percent compared with 74.0 percent for the same quarter in 2017. Renewal rates are not fully measurable until 45 days after the end of the quarter.

### **Non-GAAP Financial Measures and Adjusted EBITDA**

Verisign provides quarterly and annual financial statements that are prepared in accordance with generally accepted accounting principles (GAAP). Along with this information, management typically discloses and discusses certain non-GAAP financial information in quarterly earnings news releases, on investor conference calls and during investor conferences and related events. This non-GAAP financial information does not include the following types of financial measures that are included in GAAP: stock-based compensation, unrealized gain/loss on the contingent interest derivative

on the subordinated convertible debentures, non-cash interest expense through June 30, 2018, and loss on debt extinguishment. Non-GAAP net income is decreased by amounts accrued for contingent interest payable through Aug. 15, 2017, related to the subordinated convertible debentures, and is adjusted for an income tax rate of 22 percent starting from the first quarter of 2018, 25 percent for the second through the fourth quarters of 2017, and 26 percent for the first quarter of 2017, all of which differ from the GAAP income tax rate.

On a quarterly basis, Verisign also provides Adjusted EBITDA. Adjusted EBITDA is a non-GAAP financial measure and is calculated in accordance with the terms of the indentures governing Verisign's senior notes. Adjusted EBITDA refers to net income before interest, taxes, depreciation and amortization, stock-based compensation, unrealized gain / loss on hedging agreements, gain on the sale of a business, and loss on debt extinguishment.

Management believes that this non-GAAP financial data supplements the GAAP financial data by providing investors with additional information that allows them to have a clearer picture of Verisign's operations and financial performance and the comparability of Verisign's operating results from period to period. The presentation of this additional information is not meant to be considered in isolation nor as a substitute for results prepared in accordance with GAAP.

The tables appended to this release include a reconciliation of the non-GAAP financial information to the comparable financial information reported in accordance with GAAP for the given periods.

### **Today's Conference Call**

Verisign will host a live conference call today at 4:30 p.m. (EDT) to review the third quarter 2018 results. The call will be accessible by direct dial at (888) 676-VRSN (U.S.) or (786) 789-4776 (international), conference ID: Verisign. A listen-only live web cast of the conference call and accompanying slide presentation will also be available at <https://investor.Verisign.com>. An audio archive of the call will be available at <https://investor.Verisign.com/events.cfm>. This news release and the financial information discussed on today's conference call are available at <https://investor.Verisign.com>.

### **About Verisign**

Verisign, a global leader in domain names and internet security, enables internet navigation for many of the world's most recognized domain names and provides protection for websites and enterprises around the world. Verisign ensures the security, stability and resiliency of key internet infrastructure and services, including the .com and .net domains and two of the internet's root servers, as well as performs the root zone maintainer function for the core of the internet's Domain Name System (DNS). Verisign's Security Services include Distributed Denial of Service Protection and Managed DNS. To learn more about what it means to be Powered by Verisign, please visit [Verisign.com](http://Verisign.com).

### **VRSNF**

Statements in this announcement other than historical data and information constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 as amended and Section 21E of the Securities Exchange Act of 1934 as amended. These statements involve risks and uncertainties that could cause our actual results to differ materially from those stated or implied by such forward-looking statements. The potential risks and uncertainties include, among others, whether the U.S. Department of Commerce will approve any exercise by us of our right to increase the price per .com domain name, under certain circumstances, the uncertainty of whether we will be able to demonstrate to the U.S. Department of Commerce that market conditions warrant removal of the pricing restrictions on .com domain names and the uncertainty of whether we will experience other negative changes to our pricing terms; the failure to renew key agreements on similar terms, or at all; new or existing governmental laws and regulations in the U.S. or other applicable foreign jurisdictions; system interruptions, security breaches, attacks on the internet by hackers, viruses, or intentional acts of vandalism; the uncertainty of the impact of changes to the multi-stakeholder model of internet governance; risks arising from our operation of two root zone servers and our performance of the Root Zone Maintainer functions; changes in internet practices and behavior and the adoption of substitute technologies; the success or failure of the evolution of our markets; the highly competitive business environment in which we operate; whether we can maintain strong relationships with registrars and their resellers to maintain their marketing focus on our products and services; the possibility of system interruptions or failures; challenging global economic conditions; economic, legal and political risk associated with our international operations; our ability to protect and enforce our rights to our intellectual property and ensure that we do not infringe on others' intellectual property; the outcome of legal or other challenges resulting from our activities or the activities of registrars or registrants, or litigation generally; the impact of our new strategic initiatives, including our IDN gTLDs; whether we can retain and motivate our senior management and key employees; and the impact of unfavorable tax rules and regulations. More information about potential factors that could affect our business and financial results is included in our filings with the SEC, including in our Annual Report on Form 10-K for the year ended Dec. 31, 2017, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. Verisign undertakes no obligation to update any of the forward-looking statements after the date of this announcement.
