The matters expected to be acted upon at the Annual Meeting are described in detail on the following pages.

We are using a U.S. Securities and Exchange Commission rule that allows us to furnish our proxy materials over the internet. The Notice Regarding the Availability of Proxy Materials contains instructions on how to access those documents over the internet or receive a paper copy of those documents. We believe that this process will conserve natural resources and reduce the costs of printing and distributing our proxy materials.

It is important that you use this opportunity to take part in the affairs of the Company by voting on the business to come before the Annual Meeting. Whether or not you plan to attend the Annual Meeting, please vote electronically via the internet or by telephone as described in the Notice Regarding the Availability of Proxy Materials and under "Information About the Meeting—Internet and Telephone Voting" within the following Proxy Statement, or alternatively, if you have received paper copies of our proxy materials, please complete, date, sign, and promptly return the accompanying proxy card or voting instruction form by mail using the enclosed envelope so that your shares may be represented at the Annual Meeting. Returning or completing the proxy card does not deprive you of your right to attend the Annual Meeting and vote your shares.

Thank you for your continued support of the Company.

Verisign's Mission, Values, and Strategic Framework

Our mission and values are at the center of everything we do. They are the principles under which we perform our primary responsibility: helping to enable the security, stability, and resiliency of key internet infrastructure and services. Every year, we develop our corporate goals to support this strategy, which are organized around three strategic framework principles: Protect Unconditionally, Grow Responsibly, and Manage Continuously.

Verisign's Mission

Verisign enables the world to connect online with reliability and confidence, anytime, anywhere.

Verisign's Values

We are stewards of the internet and our Company

Billions of people and a significant portion of the world's economy rely on the internet infrastructure we help to manage and operate. As stewards of the internet and our Company, we work to ensure every decision and action preserves the trust people place in us and creates value for our stockholders.

We are passionate about technology and continuous improvement

We embrace new technologies, ideas, and the potential they promise. We also challenge past assumptions and do not accept that what works today will work tomorrow. This enables us to continue building, sustaining, and improving on the internet's infrastructure.

We respect others and exhibit integrity in our actions

The internet has made the world a smaller place, so the way we do business is more important now than ever. That's why we demonstrate respect and integrity in all of our interactions with our stakeholders — customers, stockholders, business partners, internet users, and each other.

We take responsibility for our actions and hold ourselves to a higher standard

We understand that the role we play in supporting the global internet is a privilege and with that privilege comes great responsibility. We appreciate that our decisions and actions have consequences far beyond our own Company. Therefore, we hold ourselves to a higher standard in all we do.

Verisign's Strategic Framework

We protect unconditionally.	We grow responsibly.	We manage continuously.

Election of Directors

The Board consists of eight directors. Each of the directors was elected to a one-year term at the 2023 Annual Meeting of Stockholders. In addition, if a proxy card is properly executed and returned but no direction is made, the persons named as proxies on the proxy card intend to vote all proxies FOR the election of the Board's nominees. Independence, Skills, Experience, and Diversity

Independence of Directors

As required under The Nasdaq Stock Market's listing standards, a majority of the members of our Board must qualify as "independent directors," as determined by the Board. The Board and the Corporate Governance and Nominating Committee consulted with our legal counsel to confirm that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of The Nasdaq Stock Market. Consistent with these considerations, after review of all relevant transactions and relationships between each director, or any of his or her family members, and Verisign, our executive officers, or our independent registered public accounting firm, our Board affirmatively determined on February 12, 2024 that seven out of the eight members of our Board are independent directors. Our independent directors are: Mr. Armstrong; Dr. Buchalter; Ms. Cote; Mr. Frist; Ms. Gorelick; Mr. Moore; and Mr. Tomlinson. Each member of the Audit Committee, the Compensation Committee, and the Corporate Governance and Nominating Committee is an independent director. Each member of the Cybersecurity Committee other than Mr. Bidzos is an independent director. Mr. Bidzos serves as Executive Chairman, President and Chief Executive Officer and thus is not considered an independent director.

Corporate Governance

Overview

Our business is conducted by our employees, managers and officers, under the direction of our Chief Executive Officer and the oversight of the Board, to enhance the long-term value of our Company for our stockholders. Key corporate governance documents that guide our corporate governance structure and processes, including our Corporate Governance Principles and the charters of the Board's committees, are available on our Investor Relations website at <https://investor.verisign.com/corporate-governance>.

Board Structure and Operations

Board Leadership Structure

The Board regularly considers the appropriate leadership structure for the Board. Currently, the Company's eight-member Board is led by Chairman D. James Bidzos. Mr. Bidzos is also an officer of the Company, serving as its Executive Chairman, President and Chief Executive Officer. The independent directors of the Board have appointed Roger Moore as Lead Independent Director. The Lead Independent Director: (i) presides at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors; (ii) serves as liaison between the Chairman of the Board and the independent directors; (iii) works with the Chairman of the Board to facilitate timely and appropriate information flow to the Board; (iv) reviews and approves agendas and schedules for meetings of the Board; (v) exercises such other powers and duties as from time to time may be assigned to him or her by the Board; and (vi) meets with significant stockholders, as appropriate. In addition, the Lead Independent Director has the authority to call meetings and executive sessions of the independent directors.

The Board has determined that its current leadership structure represents an appropriate structure for the Board. In particular, this structure capitalizes on the expertise and experience of Messrs. Bidzos and Moore due to their service to the Board. The structure permits Mr. Bidzos to engage in the operations of the Company in a more in-depth way as Executive Chairman and Chief Executive Officer. Lastly, the structure promotes Board independence from Management by permitting the Lead Independent Director to call and chair meetings and executive sessions of the independent directors separate and apart from the Chairman of the Board.

The Board has concluded that the Company and its stockholders are best served by not having a formal policy on whether the same individual should serve as both Chief Executive Officer and Chairman of the Board. This flexibility allows the Board to utilize its considerable experience and knowledge to elect the most appropriate director as Chairman, while maintaining the ability to separate the Chairman of the Board and Chief Executive Officer roles when necessary. This determination is made according to what the Board believes is best to provide appropriate leadership for the Board at such time.

Board Nominations and Succession Planning

In recommending candidates for election to the Board, the Corporate Governance and Nominating Committee considers the performance and qualifications of each potential nominee or candidate, not only for his or her individual strengths but also for his or her potential contribution to the Board as a group. In carrying out this responsibility, the Corporate Governance and Nominating Committee also considers additional factors, such as diversity, business experience, and expertise within industries and markets tangential or complementary to the Company's industry. Additionally, pursuant to its charter, the Corporate Governance and Nominating Committee evaluates and reviews with the Board the criteria for selecting new directors, including skills and characteristics such as diversity, in the context of the current composition of the Board and its committees. The pool of new director candidates from which the Corporate Governance and Nominating Committee recommends new director nominees includes female and racially/ethnically diverse candidates, and any third-party search firm that the Committee engages is instructed to include female and racially/ethnically diverse candidates in such pool as well.

The Corporate Governance and Nominating Committee considers candidates for director nominees proposed by directors and stockholders. The Corporate Governance and Nominating Committee may also from time to time retain one or more third-party search firms to identify suitable candidates.

If you would like to recommend to the Corporate Governance and Nominating Committee a prospective candidate, please submit the candidate's name and qualifications to: Thomas C. Indelicato, Secretary, VeriSign, Inc., 12061 Bluemont Way, Reston, Virginia 20190.

The Corporate Governance and Nominating Committee will consider all candidates identified by the directors, the chief executive officer, stockholders, or third-party search firms through the processes described above, and will evaluate each of them, including incumbents and candidates nominated by stockholders, based on the same criteria.

Board Evaluation Process

The Corporate Governance and Nominating Committee oversees the annual performance review of the Board and its committees. Each year, the Corporate Governance and Nominating Committee determines the format for the annual performance reviews, and the Chairperson of each Board committee is responsible for leading that committee's performance review and the Lead Independent Director is responsible for leading the Board's performance review. The results of the reviews are reported to Ms. Cote, in her capacity as Chairperson of the Corporate Governance and Nominating Committee, who in turn reports the results of the reviews to the entire Board. In addition to these reviews, the Lead Independent Director solicits comments and feedback from each director on the operation of the Board and the committees and areas for improvement.

Board Members' Attendance at the Annual Meeting

We do not have a formal policy regarding attendance by members of the Board at our annual meetings of stockholders. One member of the Board attended our 2023 Annual Meeting of Stockholders.

Risk Oversight

The Board is actively engaged in risk oversight for the Company. Throughout the year, the Board and senior management discuss the areas of material risk to the Company. Risks are identified and evaluated quarterly as part of the Company's disclosure controls and procedures, and, if material, disclosed in our Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q.

Our Board and its committees also engage third-party experts from time to time to help evaluate risks. For example, the Compensation Committee engages an independent compensation consultant to assist with the Company's Compensation Risk Assessment.

Enterprise Risk Management Program Summary

The Audit Committee oversees the ERM program and reviews ERM program activities and risks on a quarterly basis. The Board receives ERM program and risk updates annually, and as warranted from the Chair of the Audit Committee during each Board meeting. Under our ERM program, which is based on the COSO framework, Management identifies and defines enterprise level risks and assigns each a risk rating based on an assessment scale that considers the likelihood and impact using predefined criteria. Risk ratings are reviewed quarterly, or more frequently as needed, by scoring specific risk indicators. Risk mitigation project plans are prepared for each enterprise risk under the purview of risk owners and executive sponsors. Progress against such plans is reviewed and recorded. In addition, Management maintains a comprehensive risk inventory containing potential risks that are scored by the executive team using an internally developed risk assessment tool. The results from this scoring are reviewed with executive leadership to determine trends or emerging enterprise-level risks. Our ERM program is established by a corporate policy and program charter and is periodically reviewed by our internal audit team.

Management Succession Planning

The Board recognizes the importance of the effectiveness of the Company's executive leaders for the Company's success, and the Board is actively engaged in executive succession planning. The Board has delegated to the Corporate Governance and Nominating Committee responsibility for reviewing and assessing the management development and succession planning process for senior management. As part of the succession planning process, the Corporate Governance and Nominating Committee works closely with our Management, including our Senior Vice President, Human Resources, to identify succession candidates for senior management other than the Executive Chairman, President and Chief Executive Officer. Although the Board retains responsibility for identifying succession candidates for the Executive Chairman, President and Chief Executive Officer, the Corporate Governance and Nominating Committee is charged with developing the processes to identify succession candidates. If the Board commences a search for candidates from outside the Company to succeed the Chief Executive Officer, the pool from which the Board selects a candidate will include female and racially/ethnically diverse candidates, and any third-party search firm that the Board engages is instructed to include female and racially/ethnically diverse candidates in such a pool as well.

Ethics and Compliance Oversight

As part of our commitment to Verisign's mission and values, we are focused on promoting a culture of ethics and compliance. Our Code of Conduct, which is applicable to directors, executive officers, and employees, represents our values and outlines our approach to ethical conduct and compliance with legal and regulatory requirements, including non-retaliation, anti-corruption, and other similar areas. We have a designated Compliance Officer, who is responsible for implementing and maintaining our ethics and compliance program. The Board oversees our ethics and compliance program (including our Verisign Ethics and Compliance Helpline) primarily through the Audit Committee, which receives quarterly updates from the Compliance Officer and regularly discusses with Management the program and its effectiveness.

Corporate Stewardship and Responsibility

Stewardship is at the core of our mission and values. Just as we serve as stewards of the internet and our business – upon which billions of internet users depend – we are also committed to our people and to the communities where we live and work. We focus our actions and resources on key priority areas. The Board has overall oversight of these activities while the Corporate Governance and Nominating Committee exercises general oversight with specified priority areas overseen by other committees. For more information, please visit the Corporate Stewardship and Responsibility section of our webpage at <https://investor.verisign.com/stewardship>.

Other Governance and Ethics Policies and Practices

Code of Conduct

We have adopted a written Code of Conduct, which is posted on our Investor Relations website under “Ethics and Business Conduct” at <https://investor.verisign.com/corporate-governance>. The Code of Conduct applies to all of our directors, officers, and employees, including our principal executive officer, principal financial officer, and other senior accounting officers.

We intend to satisfy any disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of the Code of Conduct, to the extent applicable to the principal executive officer, principal financial officer, or other senior accounting officers, by posting such information on our Investor Relations website within four business days under “Ethics and Business Conduct” at <https://investor.verisign.com/corporate-governance>.

Transactions with Related Persons

Policies and Procedures with Respect to Transactions with Related Persons

Our Audit Committee has approved a written *Policy for Entering into Transactions with Related Persons* (the “Related Person Transaction Policy”), which sets forth the requirements for review, approval, or ratification of transactions between our Company and “related persons,” as such term is defined under Item 404 of Regulation S-K.

The Related Person Transaction Policy requires the Audit Committee to review, approve, or ratify the terms of any transaction, arrangement, or relationship or series of similar transactions, arrangements, or relationships (including any indebtedness or guarantee of indebtedness) in which (i) Verisign was or is to be a participant, (ii) the amount involved exceeds \$120,000, and (iii) a related person has or will have a direct or indirect material interest (“Related Person Transaction”), except for those transactions, arrangements, or relationships specifically listed in the Related Person Transaction Policy as not requiring approval or ratification by the Audit Committee. In determining whether to approve or ratify a Related Person Transaction, the Audit Committee is required to take into account, among other factors it deems appropriate, whether the Related Person Transaction terms are no more favorable to the related person than terms generally available to an unaffiliated third-party under the same or similar circumstances and the materiality of the related person’s direct or indirect interest in the transaction. A related person who has a relationship with a company that engages in a transaction with Verisign is not deemed to have an indirect material interest in that transaction where the person’s only relationship is as a director or beneficial owner of less than 10% of that company’s equity interests.

The Related Person Transaction Policy requires prior approval of the Audit Committee for the following Related Person Transactions:

- Any Related Person Transaction to which a related person is a named party to the underlying agreement or arrangement, provided that certain agreements or arrangements between Verisign and a related person concerning employment and any compensation solely resulting from employment or concerning compensation as a member of the Board that have, in each case, been entered into or approved in accordance with policies of Verisign is not subject to prior approval of the Audit Committee;
- Any Related Person Transaction involving an indirect material interest of a related person where the terms of the agreement or arrangement are not negotiated on an arm’s length basis or where the Related Person Transaction is not a transaction in the ordinary course of business; and
- Any Related Person Transaction where the total transaction value exceeds \$1,000,000.

On a quarterly basis, the Audit Committee is required to review and, if determined by the Audit Committee to be appropriate, ratify any Related Person Transactions not requiring prior approval of the Audit Committee under the Related Person Transaction Policy.

In the event that Verisign proposes to enter into a transaction with a related person who is a member of the Audit Committee or an immediate family member of a member of the Audit Committee, prior approval by a majority of the disinterested members of the Board is required. No Audit Committee member nor his or her immediate family member, who is a party to a proposed transaction, may participate in any discussion or approval of such transaction, except to provide all material information concerning the Related Person Transaction.

The following Related Person Transactions do not require approval or ratification by the Audit Committee:

- Payment of compensation to executive officers in connection with their employment with Verisign, provided that the compensation has been approved in accordance with policies of Verisign.
- Remuneration to directors in connection with their service on the Board, provided that the remuneration has been approved in accordance with policies of Verisign.
- Reimbursement of expenses incurred in exercising duties as an officer or director of Verisign, provided that the reimbursement has been approved in accordance with policies of Verisign.
- Any transaction with a related person involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services.
- Any transaction involving a related person where the rates or charges involved are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority.
- Any transaction where the related person's interest arises solely from the ownership of Verisign's common stock and all holders of Verisign's common stock received the same benefit on a pro rata basis (e.g., dividends).

There are no transactions required to be reported under Item 404(a) of Regulation S-K where the Related Person Transaction Policy did not require review, approval or ratification, or where the Related Person Transaction Policy was not followed, since January 1, 2023.

Certain Relationships and Related Transactions

Since January 1, 2023, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we or any of our subsidiaries are or were to be a party in which the amount involved exceeded or will exceed \$120,000 and in which any director, executive officer or beneficial holder of more than 5% of the common stock of Verisign or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

Communicating with the Board

Any stockholder who desires to contact the Board may do so electronically by sending an email to bod@verisign.com. Alternatively, a stockholder may contact the Board by writing to: Board of Directors, VeriSign, Inc., 12061 Bluemont Way, Reston, Virginia 20190, Attention: Secretary. Communications received electronically or in writing are distributed to the Chairman of the Board or other members of the Board, as appropriate, depending on the facts and circumstances outlined in the communication received.

Proposal 2

Advisory Vote to Approve Executive Compensation

As required by Section 14A of the Exchange Act and related SEC rules, we are seeking an advisory stockholder vote to approve the compensation of our named executive officers for 2023 as disclosed under SEC rules, including the Compensation Discussion and Analysis section, the compensation tables and related material included in this Proxy Statement. The stockholder vote approving executive compensation is advisory only, and the result of the vote is not binding upon the Company or the Board. Although the resolution is non-binding, the Board and the Compensation Committee will consider the outcome of the advisory vote when making future compensation decisions. In 2023, the majority of our stockholders voted in favor of holding a non-binding stockholder advisory vote to approve executive compensation on an annual basis and, in consideration of the outcome of that vote, the Board has determined to hold such an advisory vote each year. Following the Annual Meeting, the next non-binding stockholder advisory vote to approve executive compensation is expected to occur at the 2028 Annual Meeting of Stockholders.

Our executive compensation program and compensation paid to our named executive officers are described elsewhere in this Proxy Statement. The Compensation Committee oversees the program and compensation awarded, adopts changes to the program, and awards compensation as appropriate to reflect the Company's circumstances and to promote the main objectives of the program.

This proposal allows our stockholders to express their opinions regarding the decisions of the Compensation Committee on the prior year's annual compensation to our named executive officers. You may vote for or against the following resolution, or you may abstain.

RESOLVED, that the stockholders of VeriSign, Inc. approve, on a non-binding, advisory basis, the compensation of VeriSign, Inc.'s named executive officers as disclosed in the Proxy Statement for VeriSign, Inc.'s 2024 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the executive compensation tables, and related disclosures.

**FOR****The Board recommends a vote FOR the foregoing resolution.**

Executive Compensation

Compensation Discussion and Analysis

This Compensation Discussion and Analysis (“CD&A”) provides comprehensive information about our executive compensation program for our 2023 named executive officers (our “NEOs”) and provides context for the decisions underlying the compensation reported in the executive compensation tables in this Proxy Statement. Our 2023 NEOs are listed below. On February 12, 2024, Mr. Strubbe, informed the Company’s Board of Directors of his intention to retire, effective April 5, 2024.

D. James Bidzos

Executive Chairman, President and Chief Executive Officer

Todd B. Strubbe

Former President and Chief Operating Officer

George E. Kilguss, III

Executive Vice President and Chief Financial Officer

Danny R. McPherson

Executive Vice President, Engineering, Operations, and Chief Security Officer

Thomas C. Indelicato

Executive Vice President, General Counsel and Secretary

The sections below describe the material elements of our executive compensation program for 2023, including how we have set compensation and have aligned pay to performance. We refer to our NEOs and Senior Vice Presidents, collectively as our “executives.”

Compensation Philosophy and Objectives

Our executive compensation program is designed to attract and retain the executive talent we need to maintain our high performance standards and grow our business for the future. Our philosophy is to provide a mix of compensation that motivates our NEOs to achieve our short and long-term performance goals, and we believe the achievement of these goals will create value for our stockholders.

Our executive compensation program is designed with the following objectives and program elements:

OBJECTIVE	PROGRAM ELEMENT
Attract and retain talented executives	Provide a competitive level of total target compensation (base salary, bonus, and long-term incentive).
Promote a pay for performance philosophy based on both Company performance and individual contributions	Provide a compensation program that emphasizes incentives that are tied to annual and long-term financial and strategic goals. In addition, we may modify NEOs’ annual incentive bonus up (subject to specified limitations) or down based on individual performance to more closely align NEOs’ compensation with their contributions.
Align the interests of our executives with our stockholders	Provide a significant portion of compensation aligned to the long-term value of our stock, including performance-based stock awards with vesting measured in part based on Total Shareholder Return (“TSR”). In addition, require NEOs to meet stock ownership guidelines and maintain compliance with stock ownership guidelines until six months after termination of employment.

Other key features of our current executive compensation program:

- No employment contracts.
- Change in control agreements contain a double trigger and do not provide for tax gross-ups.
- No special pension plans, special retirement plans, or other significant perquisites for NEOs.
- Same benefit programs as all other employees.
- A clawback policy applicable to our NEOs that provides for the recoupment of certain incentive compensation (both annual and long-term incentives) in the event of an accounting restatement.
- Forfeiture provisions in our equity awards such that unvested awards are generally forfeited upon a termination of employment (subject to limited exceptions for death, disability, and certain terminations related to a change in control).
- An insider trading policy that prohibits any employee or director from shorting, hedging, or pledging our stock.

Pay and Performance Relationship

It is important that our NEOs are motivated to achieve, and rewarded for achieving, objectives that provide long-term benefits to our stockholders. We have designed our executive compensation program so that a significant amount of our NEOs' compensation is tied to our stockholders' long-term interests. The charts below illustrate our emphasis on performance-based compensation. Due to rounding, amounts may not add to 100%.

EXECUTIVE CHAIRMAN AND CEO PAY MIX AT TARGET

Total Performance-Based Compensation¹ = 92%

AVERAGE NEOs EXCLUDING CEO PAY MIX AT TARGET

Total Average Performance-Based Compensation¹ = 87%

⁽¹⁾ Performance-Based Compensation = 2023 Annual Target Bonus + 2023 Long-Term Incentive, valued as of the date of the grant.

Results of 2023 Say on Pay Vote

When the Compensation Committee set compensation amounts for 2024, it considered the results of the 2023 stockholder advisory vote on our executive compensation program. At our 2023 Annual Meeting of Stockholders, our stockholders indicated strong support of our executive compensation program, with over 94% of the votes cast in favor of our executive compensation program. In light of this strong support and based on our review of our program's market competitiveness and alignment with best practices, the Compensation Committee made no significant changes to our overall approach to executive compensation for 2023 and 2024.

Elements of Our Executive Compensation Program

Our executive compensation program is made up of three main elements: base salary, annual incentive bonus, and long-term incentive compensation. The chart below shows our objectives for each element of compensation and the factors we use to determine compensation amounts. For each element of compensation, the Compensation Committee considers our peer group and relevant survey data as well as guidance from the Compensation Committee's independent compensation consultant before determining compensation amounts.

ELEMENT	OBJECTIVE	FACTORS
Base Salary	Provide a guaranteed level of fixed annual income to attract and retain executive talent. Increases are not automatic or guaranteed.	<ul style="list-style-type: none"> • Job responsibilities and scope • Experience • Individual contributions • Internal pay alignment and peer and industry benchmarking
Annual Incentive Bonus	Provide a reward for achieving individual goals and the Company's financial and strategic goals.	<ul style="list-style-type: none"> • Company performance • Individual performance • Internal pay alignment and peer and industry benchmarking
Long-Term Incentive Compensation	Provide an award that both serves a retention purpose and incentivizes executives to manage the Company from the perspective of a long-term stockholder.	<ul style="list-style-type: none"> • Importance of the NEO to Company performance • Individual contributions • Future potential of the NEO • Value of NEO's vested and unvested outstanding equity awards • Internal pay alignment and peer and industry benchmarking

Our Process for Setting Compensation

Role of the Compensation Committee

The Compensation Committee oversees our compensation and benefit programs, approves NEOs' compensation, and sets the policies that govern compensation of our NEOs and other employees. The Compensation Committee annually:

- Reviews and makes changes as appropriate to the peer group used to benchmark competitive compensation levels for our NEOs;
- Reviews the reports provided from its compensation consultant as described below in the section titled *Role of Independent Compensation Consultant*;
- Examines a summary of compensation data of our peer group and reviews broader compensation survey data for technology companies that we believe are comparable to the Company in industry and financial metrics;
- Reviews and approves elements of NEO compensation for market competitiveness and alignment with Company goals;
- Reviews stockholder dilution and burn rate in making equity compensation decisions;
- Sets performance goals for our annual incentive bonus and long-term incentive compensation programs;
- Reviews a tally sheet for every NEO detailing the NEO's entire compensation and benefits package and earnings potential from unvested equity awards;
- Reviews the competitiveness of our NEOs' base salaries, annual incentive bonus targets, and long-term incentive compensation targets (element by element and in aggregate) by comparing our program to a peer group of publicly-traded, technology companies that we view as representative of our competitors for executive talent;
- Reviews the comprehensive risk assessment of the Company's incentive plans and arrangements;
- Reviews the Company's human capital management and diversity, equity and inclusion practices, as well as employee health and safety matters;
- Determines the CEO's base salary, annual incentive bonus, and equity awards based on its review of the data described above, the Board's assessment of the individual performance of the CEO during the year, and the compensation consultant's report and recommendations; and
- Determines each of the other NEO's base salary, annual incentive bonus, and equity awards based on its review of the data described above and the CEO's assessment of the individual performance of the NEO during the year.

Role of Management

The CEO annually reviews the peer group compensation data, comparable industry survey data, the tally sheet data, and the performance of each of the other NEOs and makes recommendations to the Compensation Committee for base salary adjustments, annual incentive bonuses, and equity awards for each of the other NEOs.

Role of Independent Compensation Consultant

The Compensation Committee has engaged Frederic W. Cook & Co., Inc. (“FW Cook”) as its independent compensation consultant to assist it in evaluating and analyzing the Company’s executive compensation program. FW Cook provides guidance and recommendations to the Compensation Committee and advises on various topics, including the following:

- Analyzes the annual compensation of each NEO, including the CEO, based on comparisons to the Company’s peer group and comparable industry survey data, including in both cases target and actual total compensation.
- Advises the Compensation Committee on the appropriateness of Management’s recommendations for any changes, other than the CEO’s, to the executives’ compensation;
- Reviews the CEO’s compensation and the design of the CEO’s compensation program and provides recommendations for changes;
- Reviews the Company’s peer group annually and provides recommendations for changes;
- Advises the Compensation Committee on best practices related to oversight and design of the Company’s executive compensation program;
- Reviews compensation design recommendations from the Company’s Management and provides recommendations to the Compensation Committee on the impact of those recommendations;
- Reviews the Company’s equity compensation philosophy and incentive design;
- Reviews the impact of regulatory changes on our NEOs’ and non-employee directors’ compensation;
- Reviews our risk assessment of the Company’s incentive plans and programs;
- Reviews our NEOs’ compensation disclosures;
- Reviews non-employee director compensation; and
- Reviews the Company’s change in control agreements.

In October 2023, the Compensation Committee reviewed FW Cook’s performance, and in December 2023, the Compensation Committee assessed FW Cook’s independence against the independence factors set forth in the applicable Nasdaq rules. The Compensation Committee determined that FW Cook was independent and reengaged FW Cook for 2024. FW Cook performs no other services for the Company, and its services for the Compensation Committee do not raise any conflicts of interest.

Peer Group

Each year, the Compensation Committee reviews the Company’s peer group with the assistance of its compensation consultant and makes changes as appropriate. In making 2023 compensation decisions, the peer group consisted of the following companies:

Akamai Technologies	F5 Networks	Jack Henry
ANSYS	Factset Research Systems	Paychex
Autodesk	Fiserv	Roper Technologies
Broadridge Financial	Fortinet	Synopsys
Cadence Design Systems	Global Payments	Teradata
Corpay (formerly known as FLEETCOR)	Intuit	Verisk Analytics
Equinix		

At the time the Compensation Committee determined the 2023 peer group, Verisign’s revenue, operating income before depreciation and amortization (“Adjusted Operating Income”), and market capitalization as compared to our 2023 peer group were as follows: first quartile for revenue, second quartile for Adjusted Operating Income, and second quartile for market capitalization.

In October 2023, as part of its annual review of our peer group, the compensation consultant provided the Compensation Committee with an evaluation of, and recommendation for, our peer group based on revenue, market capitalization, free cash flow yield, Adjusted Operating Income growth, use of dividends or buybacks, inclusion in the S&P 500 index and their industry. Based on this review, the Compensation Committee approved the same 19 peer group companies to be used in setting 2024 compensation.

Base Salary

Based on the review described above under the “Role of the Compensation Committee,” the Compensation Committee approved adjustments to our NEOs’ salaries as summarized in the chart below.

NAME	2022 BASE SALARY	2023 BASE SALARY	RATIONALE FOR ADJUSTMENT
D. James Bidzos	\$950,000	\$950,000	
Todd B. Strubbe	\$590,000	\$590,000	
George E. Kilguss, III	\$550,000	\$555,000	Mr. Kilguss received a salary increase to create better alignment both internally with respect to the executive leadership and externally with peer group market data.
Danny R. McPherson	\$550,000	\$555,000	Mr. McPherson received a salary increase to create better alignment both internally with respect to the executive leadership and externally with peer group market data.
Thomas C. Indelicarto	\$515,000	\$555,000	Mr. Indelicarto received a salary increase to create better alignment both internally with respect to the executive leadership and externally with peer group market data.

Annual Incentive Bonus

Our NEOs participate in the Verisign Performance Plan (“VPP”), which is a cash-based annual bonus plan. VPP bonuses are based on the Company’s achievement of financial goals established by the Compensation Committee in advance, as well as individual performance. The Compensation Committee determines the target annual incentive opportunity for each of our NEOs based on a comparison to our peer group and FW Cook’s executive compensation benchmarking report. For 2023, the Compensation Committee approved the following VPP bonus targets as a percentage of base salary for our NEOs:

NEOS	2023 BONUS TARGET AS A % OF BASE SALARY
D. James Bidzos	150%
Todd B. Strubbe	100%
George E. Kilguss, III¹	100%
Danny R. McPherson¹	100%
Thomas Indelicarto¹	100%

⁽¹⁾ For 2023, all Executive Vice Presidents, including Messrs. Kilguss, McPherson and Indelicarto, received a bonus target % increase from 95% to 100% to better align with peer group market data. There was no change to Mr. Bidzos’ or Mr. Strubbe’s target bonus.

The Compensation Committee approves the actual annual incentive award payments for our NEOs after reviewing the Company’s and the individual’s performance. The Company’s performance determines the initial level of funding for the annual incentive bonus pool. The Compensation Committee then considers, and approves or amends as appropriate, the CEO’s recommendations for modifying any individual award above or below that level of funding based on an assessment of each NEO’s performance, and the Board’s assessment of the CEO’s performance. All annual bonus awards are subject to a maximum of 175% of the NEO’s target bonus under the VPP.

The Company’s performance goals for the 2023 VPP were approved by the Compensation Committee in December 2022 and were based on two financial measures, weighted equally: (i) revenue and (ii) operating margin. The Company’s 2023 performance must have equaled or exceeded 98% of the established target for either revenue or operating margin before any funding of the bonus pool may occur. The table below illustrates different achievement levels for funding of the 2023 VPP bonus pool (threshold, target, and maximum) for each of these financial measures. The table also illustrates adjusted actual revenue and operating margin achieved for 2023 and the corresponding funding levels that resulted in an 88.8% funding for the 2023 VPP bonus pool.

(1) Actual funding for performance achievement of 100% to 101% of the target is 100%.

The chart below indicates the Compensation Committee's approved annual incentive bonus award for each NEO under the 2023 VPP. All of our NEOs received a bonus payment at the funding multiplier level with no further adjustment.

NAME	2023 BASE SALARY	BONUS TARGET AS A % OF BASE SALARY	2023 ACTUAL BONUS PAYMENT		
			FUNDING MULTIPLIER AS A % OF TARGET	ACTUAL PAYOUT AS A % OF TARGET	ACTUAL PAYOUT AMOUNT
D. James Bidzos	\$950,000	150%	88.8%	88.8 %	\$1,265,400
Todd B. Strubbe	\$590,000	100%	88.8%	88.8 %	\$523,920
George E. Kilguss, III	\$555,000	100%	88.8%	88.8 %	\$492,840
Danny R. McPherson	\$555,000	100%	88.8%	88.8 %	\$492,840

Long-Term Incentive Compensation

Equity-based grants are a key element of our total compensation program, and we issue them in accordance with our Amended and Restated VeriSign, Inc. 2006 Equity Incentive Plan (the "2006 Plan"). Consistent with our compensation philosophy, we believe it is important that these awards have a performance component and that they are based in part on TSR. Individual target award amounts are based on several factors including competitiveness as determined by data provided by our compensation consultant, job responsibilities, individual contributions, and the future potential of the NEO.

In 2023, the Compensation Committee granted (i) a long-term equity award to Mr. Bidzos consisting of 60% performance-based restricted stock units ("PSUs") and 40% time-based restricted stock units ("RSUs") and (ii) long-term equity awards to our other NEOs consisting of 50% PSUs and 50% RSUs. The RSUs provide strong retention value for our executive talent as they vest ratably over four years (25% on the first anniversary of the grant date and 6.25% on each quarterly anniversary thereafter), subject to continued employment. They are also directly linked to changes in stockholder value as their value goes up or down in connection with Verisign's stock price. The performance metrics associated with the 2023 PSUs consist of two measures, each measured over a three-year performance period from January 1, 2023 through December 31, 2025. These measures are: (i) compound annual growth rate ("CAGR") of the Company's operating income and (ii) TSR of Verisign compared to the TSR of the S&P 500 Index. The number of PSUs earned may range from 50% to 200% of the target award based on CAGR of operating income for the performance period, but no more than 100% of the target may be earned unless the TSR of Verisign equals or outperforms the TSR of the S&P 500 Index for the performance period. We believe that these performance metrics coincide with the interests of our stockholders, create a long-term performance focus, and complement the performance metrics underlying the Company's short term annual cash incentive plan. Cliff vesting after the three-year performance period of the 2023 PSUs supports long-term alignment with shareholder value and provides strong retention of the Company's NEOs.

The Compensation Committee granted equity awards on the basis described above to our NEOs on February 13, 2023 at its regularly scheduled meeting. Before determining the number of PSUs and RSUs to be granted to each NEO, the Compensation Committee determined the total dollar value of the target awards it wished to make to each NEO. The target number of PSUs granted to each of our NEOs was determined by dividing the total dollar value of the target award by the closing stock price on the date of grant rounded down to the nearest whole number of shares.

The chart below shows the equity awards granted to each NEO in February 2023:

NAME	2023 EQUITY GRANTS			
	TOTAL MARKET VALUE OF EQUITY GRANT ⁽¹⁾	GRANT DATE FAIR VALUE PER SHARE	TIME-BASED RSUs GRANTED ⁽²⁾	TARGET PSUs GRANTED ⁽³⁾
D. James Bidzos	\$9,999,781	212.87	18,790	28,186
Todd B. Strubbe	\$3,499,583	212.87	8,220	8,220
George E. Kilguss, III	\$3,199,862	212.87	7,516	7,516
Danny R. McPherson	\$3,199,862	212.87	7,516	7,516
Thomas C. Indelicarto	\$3,199,862	212.87	7,516	7,516

⁽¹⁾ The total market value of the equity award is the combined value of RSUs and PSUs based on the grant date fair value per share.

⁽²⁾ 25% vested on February 15, 2024, and the remainder vests ratably, 6.25% each quarter for three years thereafter.

⁽³⁾ The number of target PSUs granted represents shares that would be earned based on achievement at 100% of target. The performance period is January 1, 2023 through December 31, 2025. Vesting occurs after the performance achievement has been certified by the Compensation Committee and the Company has received an unqualified signed opinion on the Company's financial statements for the year ending December 31, 2025 from its independent registered public accounting firm.

Vesting of PSUs Granted in 2021

In February 2021, the Compensation Committee granted PSUs with a performance period of January 1, 2021 through December 31, 2023 to our NEOs. The number of PSUs that could be earned ranged from 0% to 200% of the target award based on CAGR of operating income per share for the performance period, but no more than 100% of target could be earned unless the TSR of Verisign equaled or outperformed the TSR of the S&P 500 Index for the performance period. The threshold for the CAGR of operating income per share was 7.9% to earn 10% of the PSUs granted. In order to receive an award of 100% of the PSUs granted, attainment of 11.9% CAGR of operating income per share was necessary. Attainment of at least 15.9% CAGR of operating income per share was required to earn 200% of the PSUs granted. In February 2024, the Compensation Committee reviewed the Company's performance against the performance goals for these PSUs. The CAGR of operating income per share for the performance period was 10.6% compared to the target of 11.9%. This resulted in a calculated achievement of 71% of target. The chart below shows the number of PSUs that were determined to be earned and vested in February 2024 based on achievement of the performance goals for the performance period.

NAME	TOTAL PSUs GRANTED IN 2021	GOAL ACHIEVEMENT	ACTUAL PSUs EARNED AND VESTED IN FEBRUARY 2024
D. James Bidzos	23,467	71%	16,661
Todd B. Strubbe	7,570	71%	5,374
George E. Kilguss, III	6,056	71%	4,299
Danny R. McPherson	4,226	71%	3,000
Thomas C. Indelicarto	4,542	71%	3,224

Other Features of our Executive Compensation Program

Recovery of Incentive Compensation

Effective October 2, 2023, we modified our compensation recoupment policy such that it now is intended to comply with the requirements of Nasdaq Listing Standard 5608 implementing Rule 10D-1 under the Securities Exchange Act of 1934. In the event the Company is required to prepare an accounting restatement of the Company's financial statements due to material non-compliance with any financial reporting requirement under the federal securities laws, the Company will recover, on a reasonably prompt basis, the excess incentive-based compensation received by any covered executive, including the NEOs, during the prior three fiscal years that exceeds the amount that the covered executive otherwise would have received had the incentive-based compensation been determined based on the restated financial statements.

Equity Award Practices

The Compensation Committee approves all equity awards granted to our NEOs, the aggregate annual equity pool for all employees, employee grant guidelines, and all equity awards granted to eligible employees during the annual grant process, which generally takes place in February. A separate grant committee makes equity awards to non-executives at times other than the annual grant process.

Benefits

We generally do not provide our NEOs with any benefits other than those provided to all of our other U.S.-based employees. All of our U.S.-based employees are eligible for medical, dental and vision insurance, life insurance, short and long-term disability, paid time off, an employee stock purchase plan, and a qualified 401(k) salary deferral plan. None of our NEOs are eligible to participate in any defined pension plans or non-qualified defined compensation plans.

Severance or Employment Agreements

We generally do not enter into severance or employment agreements with our NEOs (except as described below), nor do we provide severance or other benefits following voluntary termination. However, the Compensation Committee may determine in special circumstances that providing such severance payments or benefits or entering into employment agreements is necessary to attract an NEO or for other business considerations.

Change in Control and Retention Agreements

We have entered into change in control and retention agreements with our NEOs. These agreements provide for change in control severance benefits and payments in the event the NEO's employment is terminated in connection with a change in control of the Company. These agreements are "double trigger" agreements which means the NEOs will only be eligible for payments under the agreements if both a change in control of the Company occurs and the NEO's employment is terminated without cause (or by the NEO for good reason) within 24 months of the change in control.

The Compensation Committee believes these agreements are necessary to attract and retain executive talent and to remove any potential conflicts of interests of our NEOs when making decisions related to potentially beneficial corporate transactions. The Compensation Committee periodically reviews the provisions of these agreements with its compensation consultant and makes adjustments as necessary to encourage alignment of NEOs' interests with stockholders' interests. The compensation consultant advised the Compensation Committee that the agreements were consistent with best practices, which include double trigger benefits, severance multiples less than or equal to 2x base salary and target bonus, and no tax-gross up provision. Based on the compensation consultant's analysis and the Compensation Committee's review, no changes were made to the benefits provided under the agreements in 2023. The CEO's change in control agreement provides for a severance payment of 2x base salary and a bonus payment of 2x target bonus plus the cash equivalent of two years of continuation of health benefits if he participates in the Company's health plans as of the date of his termination. The other terms of his change in control agreement are the same as the other NEOs. Additional details about these agreements, including potential payments, may be found in the "Potential Payments Upon Termination or Change in Control" section and the "Termination and Change in Control Benefit Estimates as of December 31, 2023" table below in this Proxy Statement.

Risk Assessment

In 2023, we performed a comprehensive assessment of our compensation policies and program design to determine whether risks arising under them would be reasonably likely to have a material adverse effect on the Company. The Compensation Committee reviewed Management's risk assessment, which considered each element of our compensation programs and policies. Management's risk assessment (which included input from FW Cook) determined that none of our compensation policies and programs creates a risk that is reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this Proxy Statement. Based on the review, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

⁽¹⁾ Includes, where applicable, amounts electively contributed by each NEO to our 401(k) Plan. The amounts reported represent base salaries paid to each of the NEOs for the applicable fiscal year. Annual base salary for U.S. salaried employees is paid on a bi-weekly schedule over 26 pay periods.

⁽²⁾ Amounts shown represent the aggregate grant date fair value, which is based on the closing share price on the date of the grant. Amounts for PSUs, which are subject to performance and market conditions, are based upon the probable outcome of the performance conditions as of the grant date of the award (i.e., the CAGR of operating income for the performance period). Amounts shown for 2023 include the following for PSUs: Mr. Bidzos, \$5,999,954; Mr. Strubbe, \$1,749,791; Mr. Kilguss, \$1,599,931; Mr. McPherson \$1,599,931; and Mr. Indelicarto, \$1,599,931. Calculated in accordance with FASB ASC Topic 718 rules, the grant date fair value for PSUs granted in 2023, at the maximum achievement level (i.e., 200% payout) would be the following: Mr. Bidzos, \$9,359,928; Mr. Strubbe, \$2,729,675; Mr. Kilguss, \$2,495,892; Mr. McPherson \$2,495,892; and Mr. Indelicarto, \$2,495,892. Amounts reported here may differ from the sum of amounts reported elsewhere in this document due to rounding.

⁽³⁾ Amounts shown are for non-equity incentive plan compensation earned during the year indicated but paid in the following year, which for 2023 reflects the annual incentive bonuses earned under the 2023 VPP.

⁽⁴⁾ Amounts in "All Other Compensation" for 2023 include, where applicable, matching contributions made by the Company to the VeriSign, Inc. 401(k) Plan, life insurance payments and accidental death and dismemberment insurance payments.

⁽⁵⁾ The Compensation Committee approved a fee payment of \$30,000 on behalf of Mr. Bidzos in connection with a pre-acquisition notification filing under the Hart-Scott-Rodino Act.

⁽¹⁾ Each of our NEOs received an annual cash bonus under the VPP as described in "Compensation Discussion and Analysis" earlier in this Proxy Statement. The actual amount of the annual cash bonus paid to the NEOs is reflected in the Summary Compensation Table above.

⁽²⁾ Each of our NEOs was awarded PSUs on February 13, 2023, to be earned based on Company performance and subject to a relative TSR achievement threshold in 2025 and determination to be made after the end of 2025. The maximum value set forth in the third column of "Estimated Future Payouts Under Equity Incentive Plan Awards" is described in footnote (2) of the Summary Compensation Table, and the target value set forth in the second column of "Estimated Future Payouts Under Equity Incentive Plan Awards" was included in the "Stock Awards" column of the Summary Compensation Table.

⁽³⁾ The RSU awards vested 25% of the total award on February 15, 2024, and the remainder vests 6.25% of the total award each quarter thereafter, until fully vested.

⁽⁴⁾ Under the applicable FASB ASC Topic 718 rules, the total amount reported in this column represents the fair value of the 2023 PSU or RSU award on its "grant date" (i.e., the date the Compensation Committee approved each award), based (i) for a PSU, upon the then-probable outcome of the CAGR of operating income performance condition (i.e., the target value of the award), and (ii) for an RSU award upon the full number of shares subject to the award. See Note 8 to our 2023 financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2023, regarding assumptions underlying the valuation of these awards, and footnote (2) to the Summary Compensation Table for additional information.

Potential Payments Upon Termination or Change in Control

Except as described below, we have no formal severance program for our NEOs, each of whom is employed at will and therefore can be terminated at any time.

Treatment of Equity Upon Death or Disability or Termination for any Other Reason

In the event of termination due to death or disability, outstanding equity awards will be treated as follows:

- RSUs – unvested RSUs shall accelerate in full according to the terms in the applicable award agreements.
- PSUs – if such termination occurs during the applicable performance period and before the conclusion of such performance period, then such PSUs will accelerate and vest at target; if such termination occurs after the conclusion of the applicable performance period and before the award for such performance period has been paid, then the PSUs will fully accelerate based upon the actual achievement level.

In the event of a termination for any other reason, all unvested equity awards are forfeited for no consideration.

Change in Control Agreements

Each of our NEOs is party to a change in control and retention agreement (the "CIC Agreements"). Under the CIC Agreements, each of the NEOs is entitled to receive severance benefits if, within the twenty-four months following a "change in control" (or under certain circumstances, during the six-month period preceding a change in control), the NEO's employment is terminated by the Company or its successor without "cause" or by the NEO for "good reason" (referred to as a "qualified termination"). The terms and conditions of the CIC Agreements are described below.

Under the CIC Agreements, “*change in control*” means:

- any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than a trustee or other fiduciary holding securities of the Company under an employee benefit plan of the Company or its subsidiaries, becomes the “beneficial owner” (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly (excluding, for purposes of this Section, securities acquired directly from the Company), of securities of the Company representing at least 35% of (A) the then-outstanding shares of common stock of the Company or (B) the combined voting power of the Company’s then-outstanding securities;
- the consummation of a merger or consolidation, or series of related transactions, which results in the voting securities of the Company outstanding immediately prior thereto failing to continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity), directly or indirectly, at least 50% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation;
- a change in the composition of the Board occurring within a 24-month period, as a result of which fewer than a majority of the directors are incumbent directors;
- the sale or disposition of all or substantially all of the Company’s assets (or consummation of any transaction, or series of related transactions, having similar effect); or
- stockholder approval of the dissolution or liquidation of the Company.

Under the CIC Agreements, “*cause*” means:

- an NEO’s willful and continued failure to substantially perform the NEO’s duties after written notice providing the NEO with 90 days from the date of the NEO’s receipt of such notice in which to cure;
- an NEO’s conviction for a felony involving moral turpitude or a plea of guilty or no contest to the same;
- an NEO’s willful misconduct or gross negligence resulting in material harm to the Company; or
- an NEO’s willful violation of the Company’s policies resulting in material harm to the Company.

Under the CIC Agreements, “*good reason*” means:

- a change in the NEO’s authority, duties, or responsibilities that is inconsistent in any material and adverse respect from the NEO’s authority, duties, and responsibilities immediately preceding the change in control;
- a reduction in the NEO’s base salary compared to the NEO’s base salary immediately preceding the change in control, except for an across-the-board reduction of not more than 10% of base salary applicable to all senior executives of the Company;
- a reduction in the NEO’s bonus opportunity of 5% or more from the NEO’s bonus opportunity immediately preceding the change in control, except for an across-the-board reduction applicable to all senior executives of the Company;
- a failure to provide the NEO with long-term incentive opportunities that in the aggregate are at least comparable to the long-term incentives provided to other senior executives at the Company;
- a reduction of at least 5% in aggregate benefits that the NEO is entitled to receive under all employee benefit plans of the Company following a change in control compared to the aggregate benefits the NEO was eligible to receive under all employee benefit plans maintained by the Company immediately preceding the change in control;
- a requirement that the NEO be based at any office location more than 40 miles from the NEO’s primary office location immediately preceding the change in control, if such relocation increases the NEO’s commute by more than 10 miles from the executive’s principal residence immediately preceding the change in control; or
- the failure of the Company to obtain the assumption of the agreement from any successor as provided in the agreement.

Under the CIC Agreements, “*incumbent director*” means: directors who either (i) are directors as of the date of the CIC Agreement, or (ii) are elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the incumbent directors at the time of such election or nomination (but shall not include an individual whose election or nomination is in connection with an actual or threatened proxy contest relating to the election of directors to the Company).

If a change in control occurs and the NEO experiences a qualifying termination and timely delivers a general release agreement, the CIC Agreements provide that Verisign will make the following payments and provide the following benefits to the NEO (subject to a six-month delay if and to the extent required by the deferred compensation rules set forth in and promulgated under Section 409A of the Internal Revenue Code):

- a lump sum equal to the pro rata target bonus for the year in which the NEO was terminated;
- a lump sum equal to a specified multiple of the sum of (i) the NEO’s annual base salary plus (ii) the average of the NEO’s target annual bonus amount for the last three full fiscal years prior to a change in control, or, if the NEO was employed by the Company for fewer than three full fiscal years preceding the fiscal year in which the change in control occurs, the average target bonus for the number of full fiscal years the NEO was employed by the Company before the change in control or the target bonus for the fiscal year in which the change in control occurs if the NEO was not eligible to receive a bonus from the Company during any of the prior three fiscal years; the applicable multiples are 200% of the annual base salary and bonus for the CEO and 100% of the annual base salary and bonus for other NEO participants;

- if the NEO elects to continue medical coverage under COBRA, reimbursement of the total cost of the NEO's premiums that would be required to provide health insurance coverage, for 24 months for the CEO and for 12 months for all other NEOs;
- immediate acceleration of vesting of all of the NEO's unvested stock options and RSUs; however, if the consideration to be received by stockholders of the Company in connection with the change in control consists of substantially all cash or if the stock options and RSUs held by the NEO are not assumed in the change in control, then all of the NEO's then-unvested and outstanding stock options and RSUs shall vest immediately prior to the change in control regardless of whether or not there is a termination of employment in connection therewith; and
- immediate acceleration of vesting of the NEO's unvested PSUs, and if the performance period has not been completed, the amount payable is computed as if the performance has been satisfied at the target level.

In addition, the CIC Agreements include the following terms and conditions:

- to the extent any change in control payments or benefits are characterized as excess parachute payments within the meaning of Section 4999 of the Internal Revenue Code, and such characterization would subject the NEO to a federal excise tax due to that characterization, the NEO's termination benefits will be reduced to an amount so that none of the amounts payable constitute excess parachute payments if this would result in the NEO's receipt, on an after-tax basis, of a greater amount of termination and other benefits, after taking into account applicable federal, state and local taxes, including the excise tax under Section 4999 of the Internal Revenue Code;
- a one-year term with an automatic renewal for one-year periods unless the Board terminates the CIC Agreement at least 90 days before the end of the then-current term, provided that such termination shall not be effective until the last day of the then-current term; and
- the NEO is prohibited from soliciting employees of Verisign or competing against Verisign for a period of 12 months following termination.

The following table shows the equity awards that would have vested for our NEOs as of December 31, 2023, as well as the additional cash compensation payable to our NEOs, if any, under the change in control and termination scenarios described above if a change in control had occurred on such date. The value of the accelerated equity is based on the closing price of our common stock on December 29, 2023, which was \$205.96 per share.

⁽²⁾ If the equity awards held by the NEO are not assumed upon a change in control or the consideration to be received by stockholders consists of substantially all cash, then all such equity awards shall have their vesting and exercisability accelerated in full immediately prior to the change in control regardless of whether there is a qualifying termination.

CEO Pay Ratio

Item 402(u) of Regulation S-K requires disclosure of the ratio of the annual total compensation of our CEO, Mr. Bidzos, to the annual total compensation of our median employee. For 2023, the annual total compensation of the median employee was \$217,196 and the annual total compensation of our CEO, as reported in the Summary Compensation Table in "Executive Compensation" above in this Proxy Statement, was \$12,245,901.

Based on this information for 2023, the ratio of our CEO's annual total compensation to the annual total compensation of our median employee was 56:1. We believe this pay ratio is a reasonable estimate calculated in a manner consistent with applicable rules of the Securities and Exchange Commission (the "SEC") using the data and assumptions summarized below. The SEC's rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

The 2023 median employee was determined based on the total 2023 target direct compensation for all of our employees (other than our CEO), who were employed as of December 31, 2023, consistent with the approach taken for our 2022 CEO pay ratio determination. For purposes of this pay ratio, we defined target direct compensation as the sum of annual base salary determined as of December 31, 2023, target annual bonus for the 2023 performance year, and the grant date value of annual equity grants in 2023. We applied our compensation measure consistently to all of our employees. Salaries for international employees were converted to U.S. dollars based on the applicable foreign exchange rates as of December 31, 2023. Once we identified our 2023 median employee, we then determined that employee's annual total compensation in the same manner that we determine the total compensation of our NEOs for purposes of the Summary Compensation Table disclosed above. This 2023 total compensation amount for our median employee was then compared to the 2023 total compensation of our CEO as reported in the Summary Compensation Table to determine the pay ratio.

Pay Versus Performance

In accordance with Item 402(v) of Regulation S-K, the following table sets forth the specified executive compensation for our NEOs and financial performance measures for 2023, 2022, 2021 and 2020. For additional information regarding how we align executive compensation with Company performance, see “Compensation Discussion and Analysis” of this Proxy Statement.

⁽¹⁾ In all four years presented, Mr. Bidzos was our Principal Executive Officer (“PEO”). The non-PEO NEOs during 2023 and 2022 were Messrs. Strubbe, Kilguss, McPherson, and Indelicarto. For 2021 and 2020, the non-PEO NEOs were Messrs. Strubbe, Kilguss, and Indelicarto; Mr. McPherson is not included in 2020 and 2021 as he was appointed an executive officer on July 26, 2022. Equity values in the “Compensation Actually Paid” columns for the PEO and the average of the non-PEO NEOs are calculated in accordance with FASB ASC Topic 718, and the valuation assumptions used to calculate fair values did not materially differ from those disclosed at the time of the grant.

The adjustment was made to account for the impact of the sale of the security services contracts in December 2018, which was not contemplated at the time the performance goals for these PSUs were established.

Compensation of Directors

This section provides information regarding our compensation policies for non-employee directors and amounts earned and securities awarded to these directors in 2023. Mr. Bidzos is our Executive Chairman, President and Chief Executive Officer. As an employee of our Company, Mr. Bidzos does not participate in our compensation program for non-employee directors, and he is compensated as an executive officer of our Company. Mr. Bidzos' compensation is described in "Executive Compensation" elsewhere in this Proxy Statement.

Non-Employee Director Retainer Fees and Equity Compensation Information

On July 26, 2023, the Compensation Committee met to review our overall non-employee director compensation program. As part of this review, the Compensation Committee received a report of competitive market data and compensation practices prepared by FW Cook for the same peer group it used to benchmark executive compensation. For information about the peer group, see "Executive Compensation—Compensation Discussion and Analysis" elsewhere in this Proxy Statement. The Compensation Committee sets director compensation levels at or near the market median relative to directors at companies in the peer group so that directors are paid competitively for their time commitment and responsibilities. Providing a competitive compensation package is important because it enables us to attract and retain highly qualified directors who are critical to our long-term success. Following the July 2023 review, including consideration of the recommendations made by FW Cook, the Compensation Committee determined that it was in the best interests of our Company and our stockholders (i) to increase the annual cash retainer for each non-employee director from \$40,000 to \$45,000; (ii) to increase the annual cash retainer for the lead independent director from \$25,000 to \$50,000; (iii) to increase the annual cash retainer for the Chairperson of the Corporate Governance and Nominating Committee from \$10,000 to \$15,000; and (iv) to continue to make an annual equity award grant to each director of \$250,000 (made solely in the form of RSUs), which vest immediately upon grant. Historically, new directors are granted an equity award equal to the pro rata amount of such annual equity award, the amount of which is determined based on the date of such new director's appointment or election to the Board. Directors are subject to our stock retention policy as described in "Stock Ownership Information—Stock Ownership Policies."

Non-employee directors received annual cash retainer fees for 2023 as follows:

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Pursuant to the Audit Committee's Charter and the Policy for Pre-Approval of Audit and Non-Audit Services, the Audit Committee, or a designated member of the Audit Committee, pre-approved all audit and permissible non-audit services provided by the independent registered public accounting firm described above. The Audit Committee has adopted a policy for the pre-approval of services provided by the Independent Auditors. These services included audit services, audit-related services, tax services and other services. Any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and Management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

Report of the Audit Committee

The Audit Committee is composed of three directors who meet the independence and experience requirements of the listing rules of The Nasdaq Stock Market. The Audit Committee operates under a written charter adopted by the board of directors (the “Board”) of VeriSign, Inc. (“Verisign”). The members of the Audit Committee are Mr. Tomlinson (Chairperson), Ms. Cote, and Mr. Moore. The Audit Committee met five times during 2023.

Management is responsible for the preparation, presentation, and integrity of Verisign’s financial statements, accounting, and financial reporting principles and internal controls and processes designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting standards and applicable laws and regulations. The independent registered public accounting firm, KPMG LLP (“KPMG”), is responsible for performing an independent audit of Verisign’s consolidated financial statements and the effectiveness of Verisign’s internal control over financial reporting in accordance with standards of the Public Company Accounting Oversight Board (United States) (“PCAOB”) and for issuing reports thereon.

The Audit Committee is responsible for oversight of Verisign’s accounting and financial reporting processes. The Audit Committee is also responsible for the appointment, compensation, and oversight of Verisign’s independent registered public accounting firm, including (i) annually evaluating the independent registered public accounting firm’s qualifications and performance, (ii) annually reviewing and confirming the independent registered public accounting firm’s independence, (iii) reviewing and approving the planned scope of the annual audit, (iv) overseeing the audit work of the independent registered public accounting firm, (v) reviewing and pre-approving any non-audit services that may be performed by the independent registered public accounting firm, which are considered in the evaluation of the independent registered public accounting firm’s independence, (vi) annually reviewing with Management and the independent registered public accounting firm the adequacy of Verisign’s internal control over financial reporting, (vii) annually reviewing Verisign’s critical accounting policies, and the application of accounting principles, and (viii) overseeing the conduct of the annual audit, including the oversight of the resolution of any issues identified by the independent registered public accounting firm. In evaluating the independent registered public accounting firm’s qualifications and performance and considering the independent registered public accounting firm for appointment, the Audit Committee considers the firm’s quality of engagement services, as well as the engagement team’s quality of audit services (including their knowledge, skills, and experience), the firm’s global capabilities and technical resources, the reasonableness of its fees, its communications with the Audit Committee, its independence, objectivity, and professional skepticism, its knowledge of Verisign, and its tenure as Verisign’s independent registered public accounting firm as well as regulatory reviews of the firm and the firm’s responses thereto. As part of this evaluation, the Audit Committee considers information provided by the firm as well as from Management, including from the Chief Financial Officer, Controller, and Head of Internal Audit.

To consider the independence of Verisign’s independent registered public accountant, the Audit Committee has received from KPMG the written disclosures and the letter required by applicable requirements of the PCAOB regarding KPMG’s communications with the Audit Committee concerning independence, and the Audit Committee has discussed with KPMG their independence. In addition, the Audit Committee follows the applicable laws, rules, and regulations regarding the rotation of audit partners, including Rule 2-01 of Regulation S-X. The Audit Committee is involved in the selection of the audit partner when a rotational change is required.

During 2023, the Audit Committee met privately with KPMG to discuss the results of the audit, evaluations by the independent registered public accounting firm of Verisign’s internal control over financial reporting, and the quality of Verisign’s financial reporting. In addition, in connection with its regularly scheduled meetings, the Audit Committee met privately with each of Verisign’s Chief Financial Officer, General Counsel and Compliance Officer, and Head of Internal Audit to discuss various legal, accounting, auditing, and internal control over financial reporting matters.

The Audit Committee has reviewed and discussed the audited consolidated financial statements contained in Verisign’s Annual Report on Form 10-K for the year ended December 31, 2023 with Management. This review included a discussion of the accounting principles, reasonableness of significant judgments, and clarity of disclosures in the consolidated financial statements. Management represented to the Audit Committee that Verisign’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and the Audit Committee has reviewed and discussed the consolidated financial statements with KPMG.

The Audit Committee has discussed with KPMG the matters required to be discussed by the applicable requirements of the PCAOB and the Securities and Exchange Commission (the “SEC”).

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in Verisign’s Annual Report on Form 10-K for the year ended December 31, 2023, for filing with the SEC.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors and officers, and persons who own more than 10% of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. We file Section 16(a) reports on behalf of our directors and Executive Officers to report their initial and subsequent changes in beneficial ownership of our common stock. Based solely on a review of the reports we filed on behalf of our directors and Executive Officers, or written representations from reporting persons that all reportable transactions were reported, the Company believes that all Section 16(a) filing requirements applicable to our directors and Executive Officers were complied with for 2023, except that a Form 4 was inadvertently filed late for Mr. McPherson reporting the vesting of restricted stock units because of an administrative error by the Company.

Stock Ownership Policies

Stock Retention Policy

Our stock retention policy applies to our employees at the Senior Vice President level and above, officers who are subject to the provisions of Section 16 of the Exchange Act ("Section 16 Officers"), and board members.

Ownership levels are set as a multiple of base salary or annual retainer and are as follows:

- Directors: 10x Annual Retainer
- CEO: 6x Base Salary
- Section 16 Officers, Executive Vice Presidents and Senior Vice Presidents, other than the CEO: 2x Base Salary

The stock retention policy requires participants to retain 50% of their shares received from equity awards (net of taxes) until they reach the required minimum ownership level, and that the required minimum number of shares must be held until six months after the participant ceases employment or board service with the Company. We believe requiring executives and board members to continue to retain stock after their service with the Company ceases aligns our executives' interests with the long-term interests of our stockholders. Each individual covered by this policy is in compliance.

Insider Trading Policy

Our Insider Trading Policy prohibits our directors and employees (including our executives) from (i) trading in our securities, including derivative securities, while aware of material non-public information or (ii) disclosing material non-public information to unauthorized persons outside of the Company. In addition, under our Insider Trading Policy, our directors and executives may only trade in our securities during approved trading windows after our Compliance Officer has pre-approved the trade.

Our insider trading policy and procedures governing the purchase, sale, and other dispositions of their securities by directors, officers, and employees, or the registrant itself are reasonably designed to promote compliance with insider trading laws, rules, and regulations, and any listing standards applicable to the registrant.

No Shorting, Hedging, or Pledging Allowed

Our Insider Trading Policy also prohibits our directors and employees (including our executives) from (i) trading in any interest or position relating to the future price of our securities, such as a put, call or short sale, other than a cashless exercise of an option through a broker, (ii) engaging in hedging or monetization transactions using our securities, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars, and exchange funds, or (iii) holding our securities in a margin account or otherwise pledging our securities as collateral.

Information About the Meeting

The Annual Meeting will be held at our corporate offices located at 12061 Bluemont Way, Reston, Virginia 20190 on Thursday, May 23, 2024, at 10:00 a.m., Eastern Time.

Only holders of record of our common stock at the close of business on March 28, 2024, which is the record date, will be entitled to vote at the Annual Meeting. This Proxy Statement and related proxy materials were first made available to stockholders on April 10, 2024. Our 2023 Annual Report, which includes our Annual Report on Form 10-K for the year ended December 31, 2023, is enclosed with this Proxy Statement for stockholders receiving a paper copy of proxy materials. This Proxy Statement, together with our 2022 Annual Report, can be accessed on our Investor Relations website at <https://investor.verisign.com>, or at www.edocumentview.com/vrsn.

Each proxy received will be voted in accordance with the instructions specified in the proxy. Unless contrary instructions are specified, if the proxy is submitted (and not revoked) prior to the Annual Meeting, the shares of Verisign common stock represented by the proxy will be voted: (1) **FOR** the election of each of the eight director candidates nominated by the Board (Proposal 1); (2) **FOR** the non-binding, advisory resolution to approve Verisign's executive compensation (Proposal 2); (3) **FOR** the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2024 (Proposal 3); and in accordance with the best judgment of the named proxies on any other matters properly brought before the Annual Meeting.

Voting Rights

At the close of business on the record date, we had 100,138,512 shares of common stock outstanding and entitled to vote. Holders of our common stock are entitled to one vote for each share held as of the record date.

Quorum, Effect of Abstentions and Broker Non-Votes, and Vote Required to Approve the Proposals

A majority of the shares of our common stock outstanding and entitled to vote must be present or represented by proxy at the Annual Meeting in order to have a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum. Brokers holding shares must vote according to specific instructions they receive from the beneficial owners of those shares. If brokers do not receive specific instructions, brokers may in some cases vote the shares in their discretion, but are not permitted to vote on certain proposals and may elect not to vote on any of the proposals unless you provide voting instructions. If you do not provide voting instructions and the broker elects to vote your shares on some but not all matters, it will result in a "broker non-vote" for the matters on which the broker does not vote. Abstentions occur when you provide voting instructions but instruct the broker to abstain from voting on a particular matter instead of voting for or against the matter.

If a quorum is present at the Annual Meeting, to be elected, a nominee for director must receive a majority of the votes cast (the number of shares voted "for" that nominee must exceed the number of votes cast "against" that nominee). Under this voting standard, abstentions and broker non-votes will not affect the voting outcome. Stockholders may not cumulate votes in the election of directors.

If a nominee who currently serves as a director is not re-elected, Delaware law provides that the director would continue to serve on the Board as a "holdover director." Under our Corporate Governance Principles, each director that is not reelected by the stockholders must offer to resign, subject to acceptance by the Board. Each director submits an irrevocable letter of resignation for this purpose. When such a resignation offer is made, the Corporate Governance and Nominating Committee makes a recommendation to the Board with respect to the resignation offer and the Board must then determine whether to accept or reject the resignation offer and publicly disclose its decision and the rationale therefor within 90 days following the date of the certification of the relevant election results.

If a quorum is present at the Annual Meeting, approval of the proposals for:

- the non-binding, advisory resolution to approve Verisign's executive compensation (Proposal 2); and
- the ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2024 (Proposal 3).

requires, in each case, the affirmative vote of a majority of the shares of our common stock present or represented by proxy and entitled to vote on the matter. Under this voting standard, abstentions will have the effect of votes cast against the proposal, and broker non-votes will not affect the voting outcome.

The inspector of elections appointed for the Annual Meeting will separately tabulate for and against votes, abstentions, and broker non-votes.

Adjournment of Annual Meeting

In the event that a quorum shall fail to attend the Annual Meeting, either present or represented by proxy at the Annual Meeting, the chairman of the meeting may adjourn the Annual Meeting, or alternatively, the holders of a majority of the shares of our common stock entitled to vote who are present or represented by proxy may adjourn the Annual Meeting. Any such adjournment proposed by a stockholder or person named as a proxy would require the affirmative vote of the majority of the shares present or represented by proxy at the Annual Meeting.

Expenses of Soliciting Proxies

Verisign will bear the expense of soliciting proxies to be voted at the Annual Meeting. Verisign intends to retain Alliance Advisors for various services related to the solicitation of proxies, which we anticipate will cost approximately \$49,500, plus reimbursement of expenses. Following the original mailing of the Notice Regarding the Availability of Proxy Materials and paper copies of proxy materials, we and/or our agents may also solicit proxies by mail, telephone, electronic transmission, including email, or in person. Following the original mailing of the Notice Regarding the Availability of Proxy Materials and paper copies of the proxy materials, we will request that brokers, custodians, nominees, and other record holders of our shares forward copies of the proxy materials to persons for whom they hold shares and request authority for the exercise of proxies. In such cases, we will reimburse the record holders for their reasonable expenses if they ask us to do so.

Internet and Telephone Voting

If you hold your shares as a stockholder of record as of the record date, you can simplify your voting process and save the Company expense by voting your shares by telephone at 1-800-652-VOTE (8683) or on the internet at www.envisionreports.com/VRSN 24 hours a day, seven days a week. Telephone and internet voting are available through 12:00 a.m. Eastern Time on the day of the Annual Meeting. More information regarding internet voting is given on the Notice Regarding the Availability of Proxy Materials. If you hold your shares as of the record date through an intermediary, such as a bank or broker, the intermediary should provide you with separate instructions on a form you will receive from them. Many such intermediaries make telephone or internet voting available, but the specific processes available will depend on those intermediaries' individual arrangements.

Revocability of Proxies

If you hold your shares as a stockholder of record, you may revoke any proxy that is not irrevocable by attending and voting at the Annual Meeting or by delivering a proxy in accordance with applicable law bearing a later date to the Secretary of the Company. If you hold your shares through an intermediary, such as a bank or broker, you must follow the instructions provided by the intermediary to change or revoke your voting instructions.

Householding

A number of brokerage firms have instituted a procedure called "householding," which has been approved by the SEC. Under this procedure, the firm delivers only one copy of the Notice Regarding the Availability of Proxy Materials or one copy of this Proxy Statement, together with our 2023 Annual Report, as the case may be, to multiple stockholders who share the same address and have the same last name, unless it has received contrary instructions from an affected stockholder. If your shares are held in "street name" and you would like to receive only one copy of these materials (instead of separate copies) in the future, please contact your bank, broker, or other holder of record to request information about householding. If you would like to receive an individual copy of the Notice Regarding the Availability of Proxy Materials or an individual copy of this Proxy Statement, together with our 2023 Annual Report, as the case may be, now or in the future, we will promptly deliver these materials to you upon request to VeriSign, Inc., 12061 Bluemont Way, Reston, Virginia 20190, Attention: Secretary or by phone at (703) 948-3200.

Stockholder Proposals and Nominations for the 2025 Annual Meeting of Stockholders

We strongly encourage any stockholder interested in submitting a stockholder proposal to contact our Secretary in advance of the applicable deadline described below to discuss the proposal. Our Corporate Governance and Nominating Committee reviews all stockholder proposals and makes recommendations to the Board for action on such proposals. For information on recommending individuals for consideration as director nominees, see “Corporate Governance—Board Structure and Operations” elsewhere in this Proxy Statement.

We engage in a continuous quality improvement approach to corporate governance practices. We monitor and evaluate trends and events in corporate governance and compare and evaluate new developments against our current practices; we understand that corporate governance is not in a static state with regard to numerous topic areas. We seek and receive input from stockholders and other commentators on our practices and policies, and our Board and our Corporate Governance and Nominating Committee consider this input when reviewing proposals to change practices or policies.

Proposals for Inclusion in Proxy Statement

Under Rule 14a-8 of the Exchange Act, some stockholder proposals may be eligible for inclusion in our Proxy Statement for our 2025 Annual Meeting of Stockholders (other than nominees for director). These stockholder proposals must comply with Rule 14a-8 and must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8, to our Secretary at VeriSign, Inc., 12061 Bluemont Way, Reston, Virginia 20190. Failure to deliver a proposal in accordance with this procedure may result in the proposal not being deemed timely received. We must receive all submissions no later than 6:00 p.m. Eastern Time on December 11, 2024. Submitting a stockholder proposal does not guarantee that we will include it in our Proxy Statement for our 2025 Annual Meeting of Stockholders.

Director Nominations for Inclusion in Proxy Statement (Proxy Access)

Our Bylaws permit a stockholder (or a group of up to 20 stockholders) that has continuously owned at least 3% of the outstanding shares of our common stock entitled to vote in the election of directors for at least three years, to nominate and include in our Proxy Statement for an annual meeting of stockholders up to the greater of two individuals or 20% of the number of the directors then in office so long as the nominating stockholder(s) and the nominee(s) satisfy the eligibility, procedural, and disclosure requirements in our Bylaws. For our Proxy Statement for our 2025 Annual Meeting of Stockholders, notice of a proxy access nomination must be delivered to our Secretary at VeriSign, Inc., 12061 Bluemont Way, Reston, Virginia 20190 no earlier than 6:00 p.m. Eastern Time on November 11, 2024, and no later than 6:00 p.m. Eastern Time on December 11, 2024. The notice must include the information required by our Bylaws, including information concerning the nominee and information about the stockholder’s ownership of and agreements related to our common stock. If our 2025 Annual Meeting of Stockholders is held more than 30 days before or after the anniversary of our 2024 Annual Meeting of Stockholders, a stockholder seeking to nominate a candidate for election to the Board pursuant to the proxy access provisions of our Bylaws must submit notice of any such nomination no earlier than 6:00 p.m. Eastern Time on the 150th day prior to our 2025 Annual Meeting of Stockholders and no later than 6:00 p.m. Eastern Time on the later of the 120th day prior to our 2025 Annual Meeting of Stockholders or the 10th day following the day on which the date of our 2025 Annual Meeting of Stockholders is first publicly announced by us.

Other Proposals and Nominations

Our Bylaws govern the submission of nominations for director or other business proposals that a stockholder wishes to have considered at a meeting of our stockholders, but which are not included in our Proxy Statement for that meeting. Under the advance notice provisions of our Bylaws, written notice of any such nominations for directors or other business proposals must be delivered to our Secretary at VeriSign, Inc., 12061 Bluemont Way, Reston, Virginia 20190, no earlier than 6:00 p.m. Eastern Time on January 23, 2025 and no later than 6:00 p.m. Eastern Time on February 22, 2025. The notice must include the information required by these advance notice provisions. If our 2025 Annual Meeting of Stockholders is held more than 30 days before or more than 60 days after the anniversary of our 2024 Annual Meeting of Stockholders, a stockholder seeking to nominate a candidate for election to the Board or propose any business at our 2025 Annual Meeting of Stockholders, pursuant to these advance notice provisions, must submit notice of any such nomination or proposed business no earlier than 6:00 p.m. Eastern Time on the 120th day prior to our 2025 Annual Meeting of Stockholders and no later than 6:00 p.m. Eastern Time on the later of the 90th day prior to our 2025 Annual Meeting of Stockholders or the 10th day following the day on which the date of our 2025 Annual Meeting of Stockholders is first publicly announced by us. These advance notice provisions are separate from the requirements that a stockholder must meet in order to have a nominee or proposal included in the Proxy Statement.

In addition to satisfying the foregoing requirements under our Bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than Verisign's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than 6:00 p.m. Eastern Time, Tuesday, March 24, 2025 (or, if the 2025 Annual Meeting of Stockholders is called for a date that is more than 30 days before or more than 30 days after such anniversary date, then notice must be provided not later than the close of business on the later of 60 calendar days prior to the 2025 Annual Meeting of Stockholders or the 10th calendar day following the day on which public announcement of the 2025 Annual Meeting of Stockholders is first made by the Company). The notice requirement under Rule 14a-19 is in addition to the applicable advance notice requirements under our Bylaws as described above.
