To Our Stockholders:

You are cordially invited to attend the 2009 Annual Meeting of Stockholders of VeriSign, Inc. ("VeriSign") to be held at our corporate offices located at 487 East Middlefield Road, Mountain View, California 94043-4047 on Thursday, May 28, 2009 at 10:00 a.m., Pacific Time (the "Meeting").

The matters expected to be acted upon at the Meeting are described in detail in the following *Notice of the 2009 Annual Meeting of Stockholders and Proxy Statement*.

We have implemented a U.S. Securities and Exchange Commission rule that requires companies to furnish their proxy materials over the Internet. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials instead of a paper copy of this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2008 (the "Annual Report"). The Notice of Internet Availability of Proxy Materials contains instructions on how to access those documents over the Internet. The Notice of Internet Availability of Proxy Materials also contains instructions on how each stockholder can receive a paper copy of our proxy materials, including this notice and proxy statement, our Annual Report and a form of proxy card or voting instruction card. We believe that this new process will conserve natural resources and reduce the costs of printing and distributing our proxy materials.

It is important that you use this opportunity to take part in the affairs of VeriSign by voting on the business to come before this meeting. **WHETHER OR NOT YOU EXPECT TO ATTEND THE MEETING, PLEASE COMPLETE THE PROXY ELECTRONICALLY OR BY PHONE AS DESCRIBED ON THE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS AND UNDER "INTERNET AND TELEPHONE VOTING" IN THE ATTACHED PROXY STATEMENT, OR ALTERNATIVELY, IF RECEIVING PAPER COPIES OF PROXY MATERIALS, DATE, SIGN AND PROMPTLY RETURN THE ACCOMPANYING PROXY IN THE ENCLOSED POSTAGE-PAID ENVELOPE SO THAT YOUR SHARES MAY BE REPRESENTED AT THE MEETING.** Returning or completing the Proxy does not deprive you of your right to attend the Meeting and to vote your shares in person.

We look forward to seeing you at our 2009 Annual Meeting of Stockholders.

Sincerely,

/s/ D. James Bidzos

**PROXY STATEMENT
FOR THE 2009 ANNUAL MEETING OF STOCKHOLDERS**

April 14, 2009

The accompanying proxy is solicited on behalf of the Board of Directors (the "Board") of VeriSign, Inc. ("VeriSign" or the "Company") for use at the 2009 Annual Meeting of Stockholders (the "Meeting") to be held at our corporate offices located at 487 East Middlefield Road, Mountain View, California 94043-4047 on Thursday, May 28, 2009 at 10:00 a.m., Pacific Time. Only holders of record of our common stock at the close of business on March 31, 2009, which is the record date, will be entitled to vote at the Meeting. At the close of business on the record date, we had 192,763,937 shares of common stock outstanding and entitled to vote. This proxy statement and the accompanying form of proxy (collectively, the "Proxy Statement") were first made available to stockholders on or about April 14, 2009. Our Annual Report on Form 10-K for the year ended December 31, 2008 (the "Annual Report") is enclosed with this Proxy Statement for stockholders receiving a paper copy of proxy soliciting materials. The Annual Report and Proxy Statement can both be accessed on the Investor Relations section of our website at <http://investor.verisign.com>, or at <http://www.proxyvote.com>.

All proxies will be voted in accordance with the instructions contained therein. Unless contrary instructions are specified, if the accompanying proxy is executed and returned (and not revoked) prior to the Meeting, the shares of VeriSign common stock represented by the proxy will be voted: (1) **FOR** the election of each of the seven director candidates nominated by the Board; (2) **FOR** the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009 ("fiscal 2009"); and (3) in accordance with the best judgment of the named proxies on any other matters properly brought before the Meeting.

Adoption of Majority Vote Standard in Uncontested Director Elections

VeriSign's Fifth Amended and Restated Bylaws provide for a majority of votes cast standard in uncontested elections. A majority of the votes cast means that the number of shares voted "for" a director must exceed the number of votes cast "withheld" for that director. In contested elections where the number of nominees exceeds the number of directors to be elected, the vote standard will continue to be a plurality of votes cast. In addition, if a nominee who already serves as a director is not re-elected, the director shall tender his or her resignation, subject to acceptance by the Board. The Corporate Governance and Nominating Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Corporate Governance and Nominating Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The director who tenders his or her resignation will not participate in the Board's decision. If the failure of a nominee to be elected at the annual meeting results in a vacancy on the Board, that vacancy can be filled by action of the Board.

Voting Rights

Holders of our common stock are entitled to one vote for each share held as of the record date.

Quorum, Effect of Abstentions and Broker Non-Votes, Vote Required to Approve the Proposals

A majority of the outstanding shares of common stock must be present or represented by proxy at the Meeting in order to have a quorum. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Meeting. A broker non-vote occurs when a bank, broker or other stockholder of record holding shares for a beneficial owner submits a proxy for the meeting, but does not vote on a particular proposal because that holder does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

If a quorum is present, a nominee for election to a position on the Board in an uncontested election will be elected as a director if the votes cast "for" the election of the nominee exceed the votes cast as "withheld" for that nominee. The following will not be votes cast and will have no effect on the election of any director nominee: (i) a share whose ballot is marked as abstain; (ii) a share otherwise present at the meeting but for which there is an abstention; and (iii) a share otherwise present at the meeting as to which a shareholder gives no authority or direction. Stockholders may not cumulate votes in the election of directors.

If a quorum is present, approvals of the proposal to ratify the selection of KPMG LLP as our independent registered public accounting firm for fiscal 2009 and all other matters that properly come before the Meeting require the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the subject matter. Abstentions and broker non-votes could prevent approval of such proposals if the number of affirmative votes, though a majority of the votes represented and cast, does not constitute a majority of the shares of common stock present or represented by proxy and entitled to vote on the subject matter. The inspector of elections appointed for the Meeting will separately tabulate affirmative and withheld votes, abstentions and broker non-votes.

Adjournment of Meeting

In the event that a quorum shall fail to attend the Meeting, either in person or represented by proxy, the chairman may adjourn the Meeting, or alternatively, a stockholder or a person named as a proxy may propose the adjournment of the Meeting. Any such adjournment proposed by a stockholder or person named as a proxy would require the affirmative vote of the majority of the outstanding shares present in person or represented by proxy at the Meeting.

Expenses of Soliciting Proxies

VeriSign will pay the expenses of soliciting proxies to be voted at the Meeting. VeriSign has retained The Altman Group to assist with the solicitation of proxies for a fee of \$6,500, plus reimbursement of expenses. Following the original mailing of the Notices of Internet Availability of Proxy Materials and paper copies of proxies and other soliciting materials, we and/or our agents may also solicit proxies by mail, telephone, telegraph, or in person. Following the original mailing of Notices of Internet Availability of Proxy Materials and paper copies of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our shares forward copies of the proxy and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. In such cases, we will reimburse the record holders for their reasonable expenses if they ask us to do so.

Revocability of Proxies

A stockholder may revoke any proxy that is not irrevocable by attending the Meeting and voting in person or by delivering a proxy in accordance with applicable law bearing a later date to the Secretary of the Company.

Internet and Telephone Voting

If you hold shares of record as a registered shareholder, you can simplify your voting process and save the Company expense by voting your shares by telephone at 1-800-690-6903 or on the Internet at

[Table of Contents](#)

www.proxyvote.com twenty-four hours a day, seven days a week. Telephone and Internet voting are available through 11:59 p.m. Eastern Time the day prior to the Meeting. More information regarding Internet voting is given on the Notice of Internet Availability of Proxy Materials. If you hold shares through a bank or brokerage firm, the bank or brokerage firm will provide you with separate instructions on a form you will receive from them. Many such firms make telephone or Internet voting available, but the specific processes available will depend on those firms' individual arrangements.

Householding

VeriSign has adopted a procedure called "householding," which has been approved by the Securities and Exchange Commission (the "SEC"). Under this procedure, VeriSign is delivering only one copy of the Notice of Internet Availability of Proxy Materials or paper copies of the Annual Report and Proxy Statement, as the case may be, to multiple stockholders who share the same address and have the same last name, unless VeriSign has received contrary instructions from an affected stockholder. This procedure reduces VeriSign's printing costs, mailing costs and fees. Stockholders who participate in householding will continue to receive separate voter control numbers or proxy cards, in accordance with their preferred method of delivery.

VeriSign will deliver promptly upon written or oral request a separate copy of the Notice of Internet Availability of Proxy Materials or Annual Report and the Proxy Statement to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of any of these documents, you may write or call VeriSign's Investor Relations Department at VeriSign, Inc., 487 East Middlefield Road, Mountain View, California 94043-4047, Attention: Investor Relations, telephone (800) 922-4917. You may also access VeriSign's Annual Report and Proxy Statement on the Investor Relations section of VeriSign's website at <http://investor.verisign.com>.

If you are a holder of record and would like to revoke your householding consent and receive a separate copy of the Notice of Internet Availability of Proxy Materials, Annual Report or Proxy Statement in the future, please contact Broadridge Financial Solutions, Inc. ("Broadridge"), either by calling toll free at (800) 542-1061 or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within thirty (30) days of receipt of the revocation of your consent.

Any stockholders of record who share the same address and currently receive multiple copies of VeriSign's Notice of Internet Availability of Proxy Materials, Annual Report or Proxy Statement who wish to receive only one copy of these materials per household in the future, please contact VeriSign's Investor Relations Department at the address or telephone number listed above to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold your shares in "street name," please contact your bank, broker or other holder of record to request information about householding.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

Our Fifth Amended and Restated Bylaws authorize eleven directors or such number of directors determined from time to time by a resolution of the Board; there are currently seven directors, as determined by a written resolution of the Board. The terms of the current directors, who are identified below, expire upon the election and qualification of the directors to be elected at the Meeting. The Board has nominated each of the seven current directors for re-election at the Meeting, to serve until the 2010 Annual Meeting of Stockholders and until their respective successors have been elected and qualified. There are currently no vacancies on the Board. Proxies cannot be voted for more than seven persons, which is the number of nominees.

Unless otherwise directed, the persons named in the proxy intend to vote all proxies **FOR** the re-election of the nominees, as listed below, each of whom has consented to serve as a director if elected. If, at the time of the Meeting, any of the nominees is unable or declines to serve as a director, the discretionary authority provided in the enclosed proxy will be exercised to vote for a substitute candidate designated by the Board, unless the Board chooses to reduce its own size. The Board has no reason to believe any of the nominees will be unable or will decline to serve if elected.

Compensation of Directors

This section provides information regarding the compensation policies for non-employee directors and amounts earned and securities awarded to these directors in 2008. D. James Bidzos, a director, was appointed Executive Chairman, President and Chief Executive Officer on an interim basis of VeriSign on June 30, 2008. As an employee of the Company, Mr. Bidzos no longer participates in the compensation program for non-employee directors. Mr. Bidzos has been compensated as an executive officer of the Company since June 30, 2008 and his compensation both as a non-employee director and an employee is described in "Executive Compensation" elsewhere in this Proxy Statement.

Non-Employee Director Retainer Fees and Equity Compensation Information

On August 4, 2008, the Compensation Committee met to consider the equity-based compensation to be paid to non-employee directors. The Compensation Committee reviewed competitive market data prepared by Frederic W. Cook & Co. (“FW Cook”) for the same comparator group used to benchmark executive compensation and certain available information for other boards and reviewed the board compensation practices of these companies. Following this review and consideration of the recommendations made by FW Cook, the Compensation Committee determined that grants equal to \$200,000 worth of annual equity awards split evenly between stock options and restricted stock units (“RSUs”) were in the best interest of VeriSign and its stockholders. New directors are granted an equity award equal to the pro rata amount of such annual equity award, the amount of which is determined based on the date of such new director’s appointment or election to the Board, split evenly between stock options and RSUs. After consideration of materials and recommendations from FW Cook, the Compensation Committee approved effective as of May 6, 2008, an increase in the annual retainer for Audit Committee members from \$20,000 to \$25,000 and an increase in the annual retainer for the Audit Committee Chairman from \$10,000 to \$15,000.

During 2008, annual retainer fees were as follows:

Annual retainer for non-employee directors	\$ 40,000
Additional annual retainer for Non-Executive Chairman of the Board	\$ 100,000
Additional annual retainer for Audit Committee members	\$ 25,000
Additional annual retainer for Compensation Committee members	\$ 20,000
Additional annual retainer for Corporate Governance and Nominating Committee members	\$ 10,000
Additional annual retainer for Audit Committee Chairperson	\$ 15,000
Additional annual retainer for Compensation Committee Chairperson	\$ 10,000
Additional annual retainer for Corporate Governance and Nominating Committee Chairperson	\$ 5,000

Non-employee directors are reimbursed for their expenses in attending meetings.

Moore Consulting Arrangement

As previously authorized by the Audit Committee and Compensation Committee, on October 3, 2008, the Company entered into a Consulting Agreement on the following terms with Roger H. The Board Recommends a Vote "FOR" the Election of Each of the Nominated Directors.

CORPORATE GOVERNANCE

Independence of Directors

As required under The NASDAQ Stock Market's listing standards, a majority of the members of our Board must qualify as "independent," as affirmatively determined by the Board. The Board consults with our legal counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent listing standards of The NASDAQ Stock Market.

Consistent with these considerations, after review of all relevant transactions and relationships between each director, or any of his or her family members, and VeriSign, our executive officers and our independent registered public accounting firm, the Board affirmatively determined on February 24, 2009 that the majority of our Board is comprised of independent directors. Our independent directors are: Mr. Chenevich, Ms. Cote, Mr. Roach, Mr. Simpson, and Mr. Tomlinson. Each director who serves on the Audit Committee, the Compensation Committee or the Corporate Governance and Nominating Committee is an independent director. Mr. Bidzos serves as Executive Chairman and Chief Executive Officer on an interim basis. Mr. Moore serves as a consultant assisting VeriSign in the divestiture of its Communications Services business. Michelle Guthrie served as a director until her resignation on February 20, 2008. Scott G. Kriens served as a director until May 29, 2008. Mr. Kriens chose not to stand for re-election at our 2008 Annual Meeting of Stockholders on May 29, 2008. William A. Roper, Jr., served as a director until his resignation as our President and Chief Executive Officer and a member of our Board on June 30, 2008.

Board and Committee Meetings

The Board met twelve times and its committees collectively met twenty-one times during 2008. No director during the last fiscal year attended fewer than 75% of the aggregate of (i) the total number of meetings held by the Board and (ii) the total number of meetings held by all committees on which he or she served during fiscal 2008, except for Ms. Guthrie who attended one of the two Board meetings that were held prior to her resignation from the Board. On February 24, 2009, the Board appointed William L. Chenevich as its Lead Independent Director. As the Lead Independent Director, Mr. Chenevich may schedule and conduct separate meetings of the independent directors and perform other similar duties.

Board Members' Attendance at the Annual Meeting

Although we do not have a formal policy regarding attendance by members of the Board at our annual meeting of stockholders, we encourage directors to attend. Two members of the Board attended our 2008 Annual Meeting of Stockholders.

Corporate Governance and Nominating Committee

The Board has established a Corporate Governance and Nominating Committee to recruit, evaluate, and nominate candidates for appointment or election to serve as members of the Board, recommend nominees for committees of the Board, recommend corporate governance policies and periodically review and assess the adequacy of these policies, and review annually the performance of the Board. The Corporate Governance and Nominating Committee is currently composed of Ms. Cote (Chairperson) and Messrs. Chenevich and Roach, each of whom has been determined by the Board to be an "independent director" under the rules of The NASDAQ Stock Market. The Corporate Governance and Nominating Committee operates pursuant to a written charter. The Corporate Governance and Nominating Committee's charter is located on our website at <https://investor.verisign.com/documents.cfm>. The Corporate Governance and Nominating Committee met four times during fiscal 2008.

[Table of Contents](#)

In carrying out its function to nominate candidates for election to the Board, the Corporate Governance and Nominating Committee considers the performance and qualifications of each potential nominee or candidate, not only for his or her individual strengths but also for his or her contribution to the Board as a group.

The Corporate Governance and Nominating Committee considers candidates for director nominees proposed by directors, the chief executive officer and stockholders. The Corporate Governance and Nominating Committee may also from time to time retain one or more third-party search firms to identify suitable candidates. The Corporate Governance and Nominating Committee has retained an executive search firm to conduct a search for new independent directors for the Board.

If you would like the Corporate Governance and Nominating Committee to consider a prospective candidate, in accordance with our Fifth Amended and Restated Bylaws, please submit the candidate's name and qualifications to: Richard H. Goshorn, Secretary, VeriSign, Inc., 487 East Middlefield Road, Mountain View, California 94043-4047.

The Corporate Governance and Nominating Committee will consider all candidates identified by the directors, chief executive officer, stockholders, or third-party search firms through the processes described above, and will evaluate each of them, including incumbents and candidates nominated by stockholders, based on the same criteria.

Audit Committee

The Board has established an Audit Committee that oversees the accounting and financial reporting processes at the Company, internal control over financial reporting, audits of the Company's financial statements, the qualifications of the Company's independent auditor, and the performance of the Company's internal audit department and the independent auditor. The independent auditor reports directly to the Audit Committee and the Audit Committee is responsible for the appointment (subject to stockholder ratification), compensation and retention of the independent auditor. The Audit Committee also oversees the Company's processes to manage business and financial risk, and compliance with significant applicable legal and regulatory requirements, and oversees the Company's ethics and compliance programs. The Audit Committee is currently composed of Messrs. Chenevich (Chairperson) and Roach and Ms. Cote. Each member of the Audit Committee meets the independence criteria of The NASDAQ Stock Market and the SEC. Each Audit Committee member meets The NASDAQ Stock Market's financial knowledge requirements, and the Board has determined that the Audit Committee has at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities as required by Rule 4350(d)(2)(A) of The NASDAQ Stock Market. The Audit Committee operates pursuant to a written charter, which complies with the applicable provisions of the Sarbanes-Oxley Act of 2002 and related rules of the SEC and The NASDAQ Stock Market. A copy of the Audit Committee charter is set forth as Appendix A to this Proxy Statement and is located on our website at <https://investor.verisign.com/documents.cfm>. The Audit Committee met ten times during fiscal 2008.

Audit Committee Financial Expert

Our Board has determined that William L. Chenevich, Kathleen A. Cote and John D. Roach are "audit committee financial experts" as such term is defined in Item 407(d)(5) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Messrs. Chenevich and Roach and Ms. Cote meet the independence requirements for audit committee members as defined in the applicable listing standards of The NASDAQ Stock Market.

Report of the Audit Committee

The information contained in this report shall not be deemed to be “soliciting material” or “filed” with the Securities and Exchange Commission (“SEC”) or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) except to the extent that VeriSign specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended (the “Securities Act”) or the Exchange Act.

The Audit Committee is composed of three directors who meet the independence and experience requirements of The NASDAQ Stock Market Rules. The Audit Committee operates under a written charter adopted by the board of directors (the “Board”) of VeriSign, Inc. (“VeriSign”). The members of the Audit Committee are Messrs. Chenevich (Chairperson) and Roach, and Ms. Cote. The Audit Committee met ten times during fiscal 2008.

Management is responsible for the preparation, presentation and integrity of VeriSign’s financial statements, accounting and financial reporting principles and internal controls and processes designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with accounting standards and applicable laws and regulations (the “Internal Controls”). The independent registered public accounting firm, KPMG LLP, is responsible for performing an independent audit of VeriSign’s consolidated financial statements in accordance with standards of the Public Accounting Oversight Board (United States) and for issuing a report thereon.

The Audit Committee is responsible for oversight of VeriSign’s financial, accounting and reporting processes and its compliance with legal and regulatory requirements. The Audit Committee is also responsible for the appointment, compensation and oversight of VeriSign’s independent registered public accounting firm, which includes (i) evaluating the independent registered public accounting firm’s qualifications and performance, (ii) reviewing and confirming the independent registered public accounting firm’s independence, (iii) reviewing and approving the planned scope of the annual audit, (iv) overseeing the audit work of the independent registered public accounting firm, (v) reviewing and pre-approving any non-audit services that may be performed by the independent registered public accounting firm, (vi) reviewing with management and the independent registered public accounting firm the adequacy of VeriSign’s Internal Controls, and (vii) reviewing VeriSign’s critical accounting policies, the application of accounting principles and conduct of the internal audit, including the oversight of the resolution of any issues identified by the independent registered public accounting firm.

We have adopted a policy regarding rotation of the audit partners (as defined under SEC rules) responsible for the audit of VeriSign’s financial statements. No audit partner of the independent registered public accounting firm providing audit services to VeriSign shall have served as the lead or coordinating audit partner (having primary responsibility for the audit) or as the audit partner responsible for reviewing the audit for more than five consecutive fiscal years.

During fiscal 2008, the Audit Committee met privately with KPMG LLP to discuss the results of the audit, evaluations by the independent registered public accounting firm of VeriSign’s Internal Controls and quality of VeriSign’s financial reporting.

The Audit Committee has reviewed and discussed the audited financial statements contained in VeriSign’s Annual Report on Form 10-K for the year ended December 31, 2008 with management. This review included a discussion of the accounting principles, reasonableness of significant judgments, and clarity of disclosures in the financial statements. Management represented to the Audit Committee that VeriSign’s consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and the Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG LLP.

[Table of Contents](#)

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, KPMG LLP has provided to the Audit Committee the annual written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the Audit Committee concerning independence, and the Audit Committee has discussed the firm's independence with the firm. The Audit Committee has also considered whether the non-audit services provided by KPMG LLP to VeriSign during 2008 are compatible with maintaining the independent registered public accounting firm's independence.

Based upon discussions of the Audit Committee with management and KPMG LLP, and the Audit Committee's review of the representations of management and the report of KPMG LLP to the Audit Committee, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in VeriSign's Annual Report on Form 10-K for the year ended December 31, 2008, for filing with the SEC.

Legal Proceedings

On July 6, 2006, a stockholder derivative complaint (Parnes v. Bidzos, et al., and VeriSign) was filed against us in the U.S. District Court for the Northern District of California, as a nominal defendant, and certain of its current and former directors and executive officers related to certain historical stock option grants. The complaint seeks unspecified damages on behalf of us, constructive trust and other equitable relief. Two other derivative actions were filed, one in the U.S. District Court for the Northern District of California (Port Authority

[Table of Contents](#)

v. Bidzos, et al., and VeriSign), and one in the Superior Court of the State of California, Santa Clara County (Port Authority v. Bidzos, et al., and VeriSign) on August 14, 2006. The state court derivative action is stayed pending resolution of the federal actions. The current directors and officers named in this state action are D. James Bidzos, William L. Chenevich, Roger H. Moore and Louis A. Simpson. The Company is named as a nominal defendant in these actions. The federal actions have been consolidated and plaintiffs filed a consolidated complaint on November 20, 2006. The current directors and officers named in this consolidated federal action are D. James Bidzos, William L. Chenevich, Roger H. Moore, Louis A. Simpson and Timothy Tomlinson. Motions to dismiss the consolidated federal court complaint were heard on May 23, 2007. Those motions were granted on September 14, 2007. On November 16, 2007, a second amended shareholder derivative complaint was filed in the federal action wherein we were again named as a nominal defendant. By stipulation and Court order, our obligation to respond to the second amended shareholder derivative complaint has been continued pending informal efforts by the parties to resolve the action.

On May 15, 2007, a putative class action (Mykityshyn v. Bidzos, et al., and VeriSign) was filed in Superior Court for the State of California, Santa Clara County, naming us and certain current and former officers and directors, alleging false representations and disclosure failures regarding certain historical stock option grants. The plaintiff purports to represent all individuals who owned our common stock between April 3, 2002, and August 9, 2006. The complaint seeks rescission of amendments to the 1998 and 2006 Option Plans and the cancellation of shares added to the 1998 Option Plan. The complaint also seeks to enjoin the Company from granting any stock options and from allowing the exercise of any currently outstanding options granted under the 1998 and 2006 Option Plans. The complaint seeks an unspecified amount of compensatory damages, costs and attorneys fees. The identical case was filed in the Superior Court for the State of California, Santa Clara County under a separate name (Pace v. Bidzos, et al., and VeriSign) on June 19, 2007, and on October 3, 2007 (Mehdian v. Bidzos, et al.). On December 3, 2007, a consolidated complaint was filed in Superior Court for the State of California, Santa Clara County. The current directors and officers named in this consolidated class action are D. James Bidzos, William L. Chenevich, Roger H. Moore, Louis A. Simpson and Timothy Tomlinson. VeriSign and the individual defendants dispute all of these claims. Defendants' collective pleading challenges to the putative consolidated class action complaint were granted with leave to amend in August 2008. By stipulation and Court order, plaintiff's obligation to file an amended consolidated class action complaint has been continued pending informal efforts by the parties to resolve the action.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Summary

2008 continued to be a time of transition for VeriSign. We continued our strategy of focusing on our core businesses, which are Naming Services, SSL Certificate Services, and Identity and Authentication Services (“Core Business Units”), and made progress on our divestiture plan. However, sales of our non-core business units slowed due to the global economic conditions and the corresponding credit crunch. We experienced turnover in our executive ranks. On June 30, 2008, William A. Roper, Jr., our former President and Chief Executive Officer, resigned from the Company and D. James Bidzos was appointed Executive Chairman, President and Chief Executive Officer on an interim basis. Mr. Bidzos served in this capacity until January 14, 2009, when Mark D. McLaughlin was named President and Chief Operating Officer. Mr. McLaughlin previously held a number of key positions at VeriSign from 2000 to 2007. Mr. Bidzos continues to serve as Executive Chairman of the Board of Directors and Chief Executive Officer on an interim basis. Albert E. Clement, VeriSign’s former Chief Financial Officer, left the Company on April 4, 2008, and Brian G. Robins, Senior Vice President, was named acting Chief Financial Officer at that time.

In the sections below, we describe our executive compensation program for 2008, including:

- The principles on which our executive compensation program was based.
- The process by which the Compensation Committee established and reviewed the executive compensation program.
- The elements that made up our executive compensation program, as well as detailed information on each individual element.

For 2008, our Named Executive Officers were:

1. D. James Bidzos, Executive Chairman and Chief Executive Officer on an interim basis;
2. Brian G. Robins, Senior Vice President, acting Chief Financial Officer;
3. Richard H. Goshorn, Senior Vice President, General Counsel and Secretary;
4. Russell S. Lewis, Executive Vice President, Strategy and Technical Operations; and
5. Kevin A. Werner, Senior Vice President, Corporate Development and Strategy.

In addition, the following senior executives who left the Company during 2008 are also considered to be Named Executive Officers for 2008 (all such persons, our “Named Executive Officers”):

1. William A. Roper, Jr., former President, Chief Executive Officer and a member of the Board of Directors; and
2. Albert E. Clement, former Senior Vice President and Chief Financial Officer.

Executive Compensation

Compensation Goals and Philosophy

The goal of our executive compensation program is to create long-term value for our stockholders. In order to achieve this goal, our executive compensation program seeks to attract and retain highly talented executives and to motivate them to achieve our business objectives and contribute to our long-term success.

Our executive officer compensation program is designed with the following principles in mind:

- Performance: a significant portion of each executive officer’s total compensation should depend on the achievement of corporate objectives and the creation of stockholder value. Compensation should be

[Table of Contents](#)

directly linked to measurable corporate and individual performance, and provide incentives for superior performance that will drive demonstrable business impact.

- **Alignment:** compensation should closely align the interests of our executive officers with the long-term interests of our stockholders.
- **Retention:** compensation should be competitive with that offered by other leading high technology companies we view as competitors for the employment of talented executives.

The Process for Setting Compensation

Role of the Compensation Committee: The Compensation Committee of our Board of Directors is ultimately responsible for the oversight of our compensation and benefit programs, and sets the policies governing compensation of our executive officers and our other employees. As part of this process, the Compensation Committee annually reviews and approves all elements of our executive compensation program (except health and welfare benefits provided to other full-time employees), including the annual incentive bonus program and long-term incentive compensation programs for our non-officer employees.

Compensation decisions are made by the Compensation Committee after reviewing the performance of the Company and each executive's performance during the year against established goals, current compensation arrangements, market trends, and the compensation history of the executive officer relative to other executives at VeriSign.

Role of Management: The Chief Executive Officer (the "CEO") annually reviews the performance of each executive officer (other than the CEO whose performance is ordinarily reviewed by the Chairman of the Board and the Compensation Committee) and makes a recommendation regarding the salary, incentive bonus and long-term incentive compensation for each executive officer (other than himself) based on his assessment of the performance of each individual. In 2008, because Mr. Bidzos assumed the CEO duties in mid-year, he did not receive a review. The CEO also takes an active part in the discussions at Compensation Committee meetings at which the compensation of executives who report to him directly, including the Named Executive Officers, is discussed. All decisions regarding the CEO's compensation are made by the Compensation Committee in executive session, without the CEO present.

Role of Compensation Consultant: Frederic W. Cook & Co. Inc. ("FW Cook"), a recognized compensation consulting firm, serves as the independent consultant to the Compensation Committee to assist it in evaluating and analyzing the Company's executive compensation program, principles and objectives, as well as the specific compensation and benefit design recommendations presented by the Company's executive management. FW Cook prepares a report relating to the CEO's and all other Named Executive Officers' compensation. The report provides comparative data with peer companies, a tally sheet detailing total target cash compensation, the value of long-term incentive grants, the total annual value of benefits, an estimate of leaving benefits if covered by a change-in-control, a salary history, and an analysis of built in gain on prior equity awards. FW Cook does not perform any other services for us other than its consulting services to the Compensation Committee.

In addition, Human Resources management retained Semler Brossy Consulting Group, an independent compensation consulting firm, to provide analysis, review and recommendation for the Company's long-term incentive strategy for its broad-based employee population below the Named Executive Officer level.

Benchmarking: We use a benchmarking process to help determine base salary, annual incentive bonus targets and long-term incentive compensation targets for our executive officers. We undertake an annual study of competitive compensation practices for executive officers at certain high technology companies that we view as our peers or as competitors for executive talent.

[Table of Contents](#)

The Compensation Committee considers a number of factors when it establishes its total compensation program, which is comprised of base salary, annual incentive bonus and long-term incentives, for each Named Executive Officer. These factors include the executive's individual performance in the prior year relative to his peers, the executive's future potential with us, the scope of the executive's responsibilities and experience, and total compensation levels as compared to our compensation peer group. Other elements of compensation, including health and welfare benefits and severance and change-in-control payments and benefits are reviewed periodically by the Compensation Committee to ensure that our total compensation is competitive based on data obtained from various sources at the time of the review.

Our compensation peer group is principally made up of publicly-traded companies in the high technology sector which are business competitors and/or with which we compete for executive talent (the "Peer Group"). The Compensation Committee reviews the Peer Group annually and makes adjustments as necessary to ensure it continues to appropriately reflect the competitive market for key talent and includes companies similar to us in scope and complexity.

With the assistance of FW Cook, the Compensation Committee reviewed the Peer Group of companies VeriSign uses to benchmark its executive compensation programs and practices. For 2008, changes were made to the Peer Group that reflect a more geographically balanced group of companies (as compared to the 2007 Peer Group, which was heavily weighted towards Silicon Valley companies) but still appropriately in line with VeriSign's labor market competition, market capitalization, revenue and number of employees. Companies removed from the Peer Group for 2008 were Adobe Systems, BEA Systems (acquired by Oracle), Business Objects (acquired by SAP), Convergys, Electronic Arts, Juniper Networks and Network Appliance.

The fifteen companies listed below comprise the 2008 compensation Peer Group:

Affiliated Computer Services	Cadence Design Systems	Fiserv
Akamai Technologies	Computer Associates	Intuit
Alliance Data Systems	Citrix Systems	McAfee
Autodesk	Cognizant Tech	Salesforce.com
BMC Software	DST Systems	Total System Services

Range of Revenues and Market Cap for 2008 Peer Group

25 th Percentile	\$ 1,591.7	\$ 2,911.0
VeriSign	\$ 962.0	\$ 3,702.0

The Compensation Committee also reviewed and considered cash compensation levels from the Radford Executive Survey using a high-technology cut with companies in the \$1B—\$3B revenue range.

Equity Award Practices

The Compensation Committee approves all equity awards to Section 16 executive officers, which include the Named Executive Officers, including annual award grants and any new hire, promotion and discretionary grants.

[Table of Contents](#)

For all other employees, the Compensation Committee approves an aggregate equity pool and individual grant guidelines. The Committee has delegated the actual award determination for such employees to the Grant Committee established by the Board and comprised of one individual, Mr. D. James Bidzos, Executive Chairman and Chief Executive Officer on an interim basis. The Compensation Committee has determined that any such awards would be granted on the 15th of the month (or the next scheduled trading day if the 15th of the month falls on a non-trading date) following the approval by the Grant Committee.

Beginning with the 2009 fiscal year, the Company changed the timing of the administration of its annual equity award program for executive officers and other employees. The administration and allocation of annual equity awards was changed from August to February to align with the Company's regular performance management process, which occurs in the first quarter of the fiscal year. During this process, decisions regarding employee performance, salary merit increases and bonus awards are determined. Therefore, moving the timing of the annual equity award process helps support and reinforce our pay for performance objectives. The annual equity award grants are reviewed, approved and granted by the Compensation Committee at its regular meeting during the first quarter of each year, scheduled at least a year in advance.

Elements of Compensation Program

Base Salary: Base salary is the primary fixed component of our compensation program, and is intended to provide a guaranteed level of annual income to our executives. We believe that offering a competitive annual base salary that is not subject to risk for performance is vital in attracting and retaining our executives.

Base salaries of our executive officers are determined annually. Actual base salary levels are established based upon each executive officer's job responsibilities and experience, individual contributions and future potential. We benchmark against base salary and total compensation levels of executives from our Peer Group to help determine appropriate compensation levels for each executive officer. We also reference other compensation data and surveys relevant to establishing individual or programmatic changes. The Compensation Committee is mindful of the effects changes to base salary can have on other elements of our compensation program such as target bonus amounts and potential severance payments, and carefully considers these factors when setting or changing executive base salaries.

During the course of 2008, the Compensation Committee approved base salary adjustments for our Named Executive Officers. The Compensation Committee reviewed competitive benchmark data provided by FW Cook and recommendations from the CEO regarding each executive's individual performance. Based on this information, the Compensation Committee made adjustments to salary levels, which they believed provided appropriate incentives commensurate with the executive's performance and scope of responsibilities. The resulting salary levels were at the median of the Peer Group and survey data obtained from the Radford Executive Survey.

[Table of Contents](#)

The salary rate for Mr. Bidzos reflects his base salary when he was appointed Executive Chairman, President and Chief Executive Officer on an interim basis on June 30, 2008. Messrs. Robins, Lewis, Goshorn and Werner received salary rate changes effective January 26, 2008 coinciding with VeriSign's annual performance management and salary review process. Mr. Roper's salary increase change was also effective January 26, 2008. Mr. Clement did not receive a salary increase in 2008.

Effective March 7, 2009, Mr. Robins received a salary increase to \$320,000. Mr. Goshorn received a salary increase to \$400,000 and no other Named Executive Officer received a salary increase.

Annual Incentive Bonus: We have established the VeriSign Performance Plan ("VPP"), an annual cash bonus plan that is designed to reward members of the executive team and other employees for their contributions in helping us achieve financial, operating, and other goals. The plan provides participants with the opportunity to earn an annual cash bonus based on our performance compared against pre-established financial, individual, or strategic goals. Target bonus levels for our executive officers are established in part by reference to bonus levels of executives in our Peer Group as determined by our benchmarking analysis. VeriSign's bonus targets in 2008 for its Named Executive Officers approximate the market median as compared to its Peer Group and survey information obtained from the Radford Executive Benchmark Survey.

In 2008, the VPP had two performance measures for its executive officers: (i) non-GAAP operating income from Core Business Units weighted at ninety percent (90%) and (ii) a strategic goal to substantially complete the divestiture program weighted at ten percent (10%). The Compensation Committee believed that this was an appropriate weighting for the goals to incentivize management to focus on the Company's continuing core business operations and make progress on its plan to divest non-core businesses.

Non-GAAP operating income from Core Business Units excluded the following items which are included under GAAP operating income: gain or loss on the sale of a subsidiary, unrealized gain on Jamba JV call option, amortization of intangible assets, impairment of good will, acquired in-process R&D, stock-based compensation, severance payments, non-recurring legal and divestiture costs, legal settlements, restructuring, impairments and other charges (reversals), net gain or loss on the sale or impairment of investments, realized and unrealized gains and losses on embedded derivatives, discontinued operations held for sale, abandonment or downsizing of excess facilities, disposal of property, plant equipment and other assets, termination of contract obligations with no future benefit and write off/down of adverse purchase commitments. The non-GAAP performance measure is used because we believe it presents a clearer picture of the Company's core operation and is not considered a substitution for results prepared in accordance with GAAP.

The strategic goal to substantially complete the divestiture program would have been deemed as substantially complete upon divesting two out of three large business units targeted for divestiture, plus more than half of the small business units targeted for divestiture, or any combination of completed divestitures where the aggregate sales proceeds would meet a minimum threshold as set by the Committee.

These goals represented a change from 2007, when the performance measures were consolidated Company non-GAAP operating income and GAAP operating cash flow, with each goal being equally weighted. The Compensation Committee changed these goals for 2008 to align the performance measures with the Company's strategic plan to focus on its Core Business Units and make progress on the divestiture plan. The goals for 2008 were reviewed by the Compensation Committee in February 2008 and approved in March 2008.

For the 2008 VPP bonuses for executives, the Compensation Committee established target levels of performance for each metric, equal to \$281.7M for non-GAAP operating income and substantial completion of the divestiture program. Actual funding for payouts would be determined based on the level of achievement of each goal of the approved performance measures. The non-GAAP operating income goal from Core Business Units would be weighted at 90% of the total bonus pool. This portion would be funded when actual results met a threshold level of achievement greater than 90% of the established non-GAAP operating income target of

[Table of Contents](#)

\$281.7M. Achievement at 150% of the aforementioned target could result in a maximum payment of 290% of each executive's target bonus with respect to this goal. The strategic goal to substantially complete the divestitures would be funded at 10% for the total bonus plan and would only be paid if the goal were achieved and there would be no partial credit or overachievement funding.

For 2008, the Compensation Committee determined that we achieved 112.4%, or \$316.6M of the non-GAAP operating income from Core Business Units, resulting in a funding multiplier of 154.5%. This multiplier, weighted at 90%, achieved a funding level of 139% for this goal, based on the schedule approved by the Compensation Committee. The strategic goal to substantially complete the divestiture program was not achieved and therefore not funded.

Bonus targets for the Named Executive Officers and their corresponding bonus payments under the 2008 VPP as approved by the Compensation Committee at its meeting held on February 23, 2009, subject to final financial statement certification (which occurred on March 3, 2009), are provided in the table below.

<u>Name</u>	<u>Title</u>	<u>Bonus Target as a % of Final 2008 Base Salary</u>	<u>Final 2008 Bonus Payment (Actual Bonus Paid as a % of Base Salary)</u>
D. James Bidzos	Executive Chairman and Chief Executive Officer, on an interim basis	Mr. Bidzos was not eligible for a bonus	n/a
Brian G. Robins	Senior Vice President, acting Chief Financial Officer	50%	\$208,500 (69.5%)
Russell S. Lewis	Executive Vice President, Strategy and Technical Operations	60%	\$333,600 (83.4%)
Richard H. Goshorn	Senior Vice President, General Counsel and Secretary	60%	\$325,260 (83.4%)
Kevin A. Werner	Senior Vice President, Corporate Development and Strategy	60%	\$312,750 (83.4%)
William A. Roper, Jr.	Former President, Chief Executive Officer and Director	n/a	n/a
Albert E. Clement	Former Chief Financial Officer	n/a	n/a

Bonuses to executives are pro-rated from the date of hire or from assignment to an executive officer position, or, in the case of former executives, pursuant to their severance arrangement, if applicable. In determining the final bonus payments, the Compensation Committee took into account the performance results against the performance measures established under the VPP and assessment of the individual performance of each of the executives.

Discretionary Bonus: In December 2008, the Compensation Committee approved a special discretionary bonus for Mr. Robins, in the amount of fifty-six thousand dollars (\$56,000). This bonus was granted in recognition of Mr. Robins's contribution and service to the Company as acting Chief Financial Officer. In addition, the Compensation Committee approved a special discretionary bonus in the amount of one hundred thousand dollars (\$100,000) for Mr. Robins at its February 23, 2009 meeting. This bonus was granted in recognition of Mr. Robins's performance during 2008 in his role of acting Chief Financial Officer of the Company.

All Other Compensation: A payment in the amount of \$161,886 was made to Mr. Clement in January 2008 in connection with his election as of December 31, 2007 to adjust the exercise price of certain stock options subject to 409A of the Code.

Long-term Incentive Compensation: Equity-based grants are an important element of our total compensation program with the goal to align interests of Named Executive Officers with those of our stockholders and to provide each Named Executive Officer with an incentive to manage VeriSign from the perspective of an owner with an equity stake in the business. Long-term incentive award amounts are established based upon each Named Executive Officer's job responsibilities and experience, individual contributions and future potential and the value of existing vested and unvested outstanding equity awards. The Compensation Committee references long-term incentive award levels of executives at Peer Group companies and benchmark data provided by FW Cook and the Radford Executive Survey.

In 2008, equity awards were granted during the annual equity program grant process conducted in August 2008. In addition, discretionary equity awards were granted to some Named Executive Officers and other senior executives in recognition of performance and to provide additional long-term retention incentive. For the 2008 annual equity awards, 50% of the total award value was granted in the form of non-qualified stock options and 50% of the total award value was granted in the form of restricted stock units ("RSUs"). The Compensation Committee believed the mix between stock options and RSUs was appropriate as stock options would only have value if VeriSign's share price increases over the option term and RSUs would promote retention and increase share ownership among executives. This is a change from 2007, when 50% of the total award value was granted in the form of performance-based RSUs. The Compensation Committee did not grant performance-based RSUs to executives in 2008 in light of the change in the senior leadership and the ongoing effort to divest non-core business units. However, the Compensation Committee intends to consider performance-based awards in the future.

The stock options were granted with an exercise price equal to fair market value at the date of grant and vest over a four-year period, with 25% of the option shares vesting on the first anniversary of the grant and the remaining option shares vesting ratably each quarter thereafter until fully vested. The RSUs vest over a four-year period, with 25% vesting on each anniversary of the grant date until fully vested. Subject to limited exceptions, unvested awards are forfeited upon termination of employment.

Stock options and restricted stock units were granted on August 4, 2008 at the regularly scheduled Compensation Committee meeting. The grant price for stock options was \$32.28 which was the closing price per share of VeriSign's common stock on the NASDAQ Global Select Market on August 4, 2008. The table below details the equity grants awarded to Named Executive Officers on August 4, 2008, excluding Mr. Bidzos whose equity grants are discussed in the section titled CEO Compensation.

<u>Name</u>	<u>Title</u>	<u>Number of Stock Options Granted August 4, 2008</u>	<u>Number of Restricted Stock Units Granted August 4, 2008</u>
Brian G. Robins	Acting Chief Financial Officer	25,000	10,000
Russell S. Lewis	Executive Vice President, Strategy and Technical Operations	25,000	10,000
Richard H. Goshorn	Senior Vice President, General Counsel and Secretary	20,000	8,000
Kevin A. Werner	Senior Vice President, Corporate Development	25,000	10,000

The Compensation Committee also granted the Named Executive Officers and other senior executives special discretionary equity awards during the course of the year. At its meeting on February 19, 2008, the Compensation Committee approved grants of restricted stock units to the following Named Executive Officers:

Table of Contents

Mr. Lewis, a grant of 20,000 RSUs; Mr. Goshorn, a grant of 10,000 RSUs; Mr. Werner, a grant of 10,000 RSUs; and Mr. Clement, a grant of 10,000 RSUs. In addition, on February 19, 2008, the Compensation Committee approved an RSU grant for Mr. Robins of 7,000 RSUs effective March 14, 2008. These discretionary RSUs vest as to one-third of the award on each of the second, third and fourth anniversaries of the grant date. The Compensation Committee made these discretionary grants for retention purposes in light of its assessment of the competitive market for senior employees and the Company's ongoing divestiture of non-core business units.

Mr. Lewis received a grant of 25,000 RSUs effective November 3, 2008 in recognition of his promotion to Executive Vice President, Strategy and Technical Operations. These RSUs vest over a four-year period with 25% vesting on each anniversary of the grant date until fully vested.

The Compensation Committee believes that both stock options and RSUs accomplish our goal of linking executive compensation to increases in stockholder value and provide retention incentive. Stock options only have value to the recipient if the Company's share price increases from the date of grant. RSUs provide immediate retention value to our executives in addition to providing a strong incentive to increase the Company's share price and consequently the value of the shares received upon vesting.

CEO Compensation: Mr. Bidzos was named Executive Chairman and President and Chief Executive Officer on an interim basis on June 30, 2008, replacing Mr. Roper who resigned from the Company and the Board on June 30, 2008. At its meeting on August 4, 2008, following a market review and analysis of CEO pay as prepared by FW Cook, the Compensation Committee approved the compensation package for Mr. Bidzos.

Mr. Bidzos's base salary was established at \$900,000 per year. His base salary was guaranteed for a six month period and will end upon the appointment of a new Chief Executive Officer. The base salary was paid retroactively to June 30, 2008, the effective date of his appointment as Executive Chairman and President and Chief Executive Officer on an interim basis. It was also determined that Mr. Bidzos would not participate in the annual cash bonus plan, the VeriSign Performance Plan, since the equity component of Mr. Bidzos's package, as discussed below, would vest over a period of one year. Mr. Bidzos's compensation was determined after FW Cook's completion of a competitive review of annual direct CEO compensation at Peer Group companies, a review of general industry companies that appointed a non-employee director to serve as interim CEO and a review of Executive Chairman compensation among Nasdaq 100 companies where a separate CEO is also employed. Mr. Bidzos's base salary compensation was set at the median of Peer Group companies.

The equity component of Mr. Bidzos's compensation package consists of a grant of 123,915 RSUs which vests and is settled in shares of the Company's common stock in four equal installments on November 4, 2008, February 4, 2009, May 4, 2009 and August 4, 2009, regardless of whether Mr. Bidzos's service as Chief Executive Officer continues for the full one-year vesting period. Mr. Bidzos's RSUs had a value of \$4,000,000 on the grant date, calculated by taking the closing price of the Company's common stock on August 4, 2008 (\$32.28) times the number of restricted stock units granted (123,915). Mr. Bidzos's equity award was determined to approximate the median among Peer Group CEOs.

Mr. Roper resigned from the Company on June 30, 2008. In return for signing a general release and waiver of claims, the vesting and exercisability of Mr. Roper's unvested sign-on stock option of 158,227 shares, which was granted on August 7, 2007 at an exercise price of \$29.63 per share, accelerated in full and the vesting of Mr. Roper's unvested sign-on restricted stock unit award to acquire 110,375 shares of the Company's common stock was accelerated in full. In return for signing a release and waiver of age discrimination claims, the vesting and exercisability of Mr. Roper's unvested stock option of 210,970 shares, which was granted on August 7, 2007 at an exercise price of \$29.63 per share, accelerated in full and the vesting of one third of Mr. Roper's unvested restricted stock unit award, which was granted on August 7, 2007 to acquire 88,300 shares of the Company's common stock was accelerated in full and the balance was forfeited.

Benefits: Executive officers are eligible to participate in the same health and welfare benefits provided generally to all other employees, at the same general premium rates charged to such employees. The benefits include medical, dental and vision insurance and other health benefits, group life insurance, short and long-term disability, fitness club reimbursement up to \$390 per year, paid time off, an employee stock purchase plan, and a tax-qualified 401(k) salary deferral plan.

Other than those benefits described above, we provide no additional or supplemental benefits, such as a company automobile, country club memberships, deferred compensation programs, or retirement benefits, to our executive officers.

Total Compensation: We believe we are fulfilling our compensation objectives and rewarding executive officers in a manner that is consistent with our pay-for-performance philosophy. Executive compensation is tied directly to our performance and is structured to ensure that there is an appropriate balance between our long-term and short-term performance and between our operational performance and stockholder value. For the Named Executive Officers as of the end of 2008 (excluding Mr. Bidzos, Chief Executive Officer on an interim basis, whose compensation package is detailed in CEO Compensation above), the aggregate total compensation mix represented 19% base salaries, 17% annual actual cash bonuses and 64% long-term incentives based on grant date fair value.

Stock Retention Policy

The Board believes that the Company's executive officers and members of the Board should retain long-term ownership of common stock of the Company received as incentive compensation to further align their interests with the long-term interests of the Company's stockholders. To further that goal, the Compensation Committee adopted a Stock Retention Policy, which will replace the Company's current Stock Ownership Guidelines, effective as of August 1, 2009 (the "Effective Date"). The Stock Retention Policy applies to each of the Company's executive officers who are subject to the provisions of Section 16 of the Exchange Act (the "Officers") and the Board members as of the Effective Date and to each individual who becomes an Officer or member of the Board after the Effective Date. The Stock Retention Policy applies to all equity compensation awards outstanding as of the Effective Date under any of the Company's equity plans and all future equity compensation awards granted under any Company equity plan. With respect to any individual who becomes an Officer or director after the Effective Date, the Stock Retention Policy applies to all equity compensation awards held by such individual on the date he or she becomes an Officer or member of the Board and to all equity compensation awards received thereafter. The term "equity compensation awards" includes stock options (excluding options under VeriSign's employee stock purchase plans), stock appreciation rights, restricted and unrestricted stock awards, restricted and unrestricted stock units, performance shares, performance units, or any other stock-based incentive awards that are granted by the Company for compensatory purposes. Each Officer and member of the Board will be required to retain, until the date that is six months after the Officer's or member of the Board's service with the Company and its subsidiaries ceases for any reason, direct or indirect ownership of 50% of any Net Shares of Company common stock issued on or after August 1, 2009, to or on behalf of the Officer or member of the Board pursuant to each equity compensation award. "Net Shares" means the number of issued shares of Company common stock remaining upon the exercise or settlement of an equity compensation award after shares are sold or netted to pay the exercise price, and applicable taxes, as such amount is determined by the Company under the rules of administration approved by the Compensation Committee. The Compensation Committee reserves the right to modify or terminate the Stock Retention Policy at any time if it determines in its sole discretion that such action would be in the best interests of the Company. The Stock Retention Policy can be found on our Website at <http://investor.verisign.com/governance.cfm>.

Because we grant stock-based incentives in order to align the interests of our employees with those of our stockholders, our Securities Trading Policy forbids executive officers and other employees from buying or selling derivative securities related to VeriSign common stock, such as puts or calls on VeriSign common stock, since derivative securities may diminish the alignment of incentives that we seek to foster between our

[Table of Contents](#)

employees and our stockholders. Company-issued stock options and RSUs are not transferable during the executive officer's life, other than certain gifts to family members (or trusts, partnerships, or similar entities that benefit family members).

Severance Agreements

We do not have a formal severance program for our executive officers, all of whom are at-will employees. We generally do not enter into employment agreements with our executive officers and employment offers generally do not provide for severance or other benefits following termination. The Compensation Committee will consider, when appropriate, providing a severance package to attract a potential executive officer or in connection with an executive officer's departure from the Company.

Change-in-Control and Retention Agreements

We have entered into Change-in-Control and Retention Agreements with our executive officers, including the Named Executive Officers, except D. James Bidzos, Executive Chairman and Chief Executive Officer on an interim basis, and Brian G. Robins, acting Chief Financial Officer. The agreements provide for certain severance benefits in the event an executive's employment is terminated in connection with a change in control of the Company. All of these agreements are "double trigger" agreements meaning that executives will only be eligible for benefits under the agreements if both (i) a change in control of the Company occurs and (ii) within twenty-four months of the change-in-control the executive's employment is terminated by the Company without cause (or by the executive for good reason) in connection with the change-in-control. The Compensation Committee believes that the Change-in-Control and Retention Agreements are necessary to attract and retain highly qualified executives and to neutralize the personal interests of our executives in light of any potential beneficial corporate transaction. The Compensation Committee determined the Change-in-Control and Retention Agreements were reasonable when compared to practices among the companies in our Peer Group.

On October 14, 2008, the Compensation Committee approved an amendment to the grant of RSUs made to D. James Bidzos in his capacity as the Company's Executive Chairman, President and Chief Executive Officer on an interim basis, on August 4, 2008. This provided for a single-trigger acceleration consistent with the same treatment provided for directors' RSUs. The amendment provides for an acceleration of all unvested and outstanding RSUs under such grant in full immediately prior to the occurrence of a change-in-control of the Company. The definition of "change-in-control" is identical to that found in the Change-in-Control and Retention Agreements. In addition, the amendment to provide equity acceleration to Mr. Bidzos is in keeping with the fact that we provide equity acceleration provisions to other executive officers of the Company.

Separation Agreements with Former Executives

The employment of several of our senior executives was terminated in 2008, and we entered into separation agreements with some of these executives. The separation agreements generally provide for severance payments and in some cases, equity award vesting acceleration. Detailed descriptions of these separation agreements and related severance payments can be found in the narrative that follows the Grants of Plan-Based Awards for Fiscal 2008 table and the section, "Certain Relationships and Related Transactions," found elsewhere in this Proxy Statement.

Tax Treatment of Executive Compensation

In determining the amount and form of compensation paid each year to our executive officers, we take into account the tax treatment of such compensation.

Section 162(m) of the Code limits the federal income tax deduction for compensation paid to certain Named Executive Officers, other than the Company's chief financial officer and executive officers who left prior to the

[Table of Contents](#)

end of the year, to \$1,000,000 per year for public companies, unless the compensation is performance-based. Our executive compensation is structured to maximize the amount of compensation expense that is deductible by the Company when, in its judgment, it is appropriate and in the interest of the Company and its stockholders. The deductibility of an executive officer's compensation can depend upon the timing of the executive officer's vesting or exercise of previously granted rights, as well as other factors beyond the Company's control. Therefore an executive officer's compensation is not necessarily limited to that which is deductible under Section 162(m). The Compensation Committee may approve payment of compensation that exceeds the deductibility limitation under Section 162(m) in order to meet compensation objectives or if it determines that doing so is otherwise in the interest of our stockholders. Certain RSUs granted in fiscal 2008 and bonuses awarded for services rendered in 2008 are not performance based and therefore are not exempt from the limitation of deductibility under Section 162(m).

- (1) Named Executive Officers are generally awarded an annual incentive cash bonus and long-term incentive compensation as described in "Compensation Discussion and Analysis" elsewhere in this Proxy Statement.
- (2) Mr. Roper resigned from the Company on June 30, 2008.
- (3) Mr. Clement's employment with the Company ended on April 4, 2008.

The Company generally does not enter into employment agreements with its executive officers, each of whom may be terminated at any time at the discretion of the Board. On August 20, 2008, the Company entered into an employment agreement with D. James Bidzos, Executive Chairman, President and Chief Executive Officer on an

[Table of Contents](#)

interim basis. The Company entered into change-in-control agreements with each of its executive officers, including the Named Executive Officers except D. James Bidzos, Executive Chairman and Chief Executive Officer on an interim basis, and Brian G. Robins, acting Chief Financial Officer. On October 14, 2008, the Compensation Committee approved an amendment to the grant of RSUs made to D. James Bidzos in his capacity as the Company's Executive Chairman, President and Chief Executive Officer on an interim basis, on August 4, 2008. This provided for a single-trigger acceleration consistent with the same treatment provided for directors' RSUs. The amendment provides for an acceleration of all unvested and outstanding RSUs under such grant in full immediately prior to the occurrence of a change-in-control of the Company. The definition of "change-in-control" is identical to that found in the Change-in-Control and Retention Agreements. In addition, the amendment to provide equity acceleration to Mr. Bidzos is in keeping with the fact that we provide equity acceleration provisions to other executive officers of the Company.

Stock options are granted at an exercise price not less than 100% of the fair market value of VeriSign's common stock on the date of grant and have a term of not greater than seven years from the date of grant. Stock options listed above vest as to 25% of the granted option on the first anniversary of the date of grant and ratably thereafter over the following 12 quarters. An RSU is an award covering a number of shares of VeriSign common stock that may be settled in cash or by issuance of those shares on a one-for-one basis. RSUs granted to certain executive officers on February 19, 2008 vest in three installments, with one-third of the granted RSUs vesting on the second anniversary of the date of grant and thereafter as to one-third of the granted RSUs on each anniversary of the date of grant. RSUs granted to Mr. Bidzos on August 4, 2008 vest quarterly over a one year period from the date of grant, regardless of whether Mr. Bidzos's service as Chief Executive Officer on an interim basis continues for the full one year vesting period. All other RSUs listed above vest in four installments with 25% of the granted RSUs vesting on each anniversary of the date of grant over four years.

Severance Arrangement with Mr. Roper. VeriSign and William A. Roper, Jr., our former President and Chief Executive Officer, entered into (i) a Settlement Agreement and General Release effective as of June 30, 2008 (the "Roper Settlement Agreement"); and (ii) a Release and Waiver of Age Discrimination Claims (the "ADEA Release") effective as of June 30, 2008. Pursuant to the terms of the Roper Settlement Agreement, Mr. Roper and VeriSign agreed to terminate the Executive Employment Agreement between them dated November 26, 2007 (the "Roper Employment Agreement"), and all other employment-related agreements, with the exception of the agreement related to assignment of inventions, non-disclosure of VeriSign information, and non-solicitation of employees, which remains in effect. Pursuant to the Roper Settlement Agreement, the vesting and exercisibility of then-unvested shares of all Sign-On Options and the vesting of then-unvested shares of all Sign-On Restricted Stock Unit Awards (each as defined in the Roper Settlement Agreement) granted to Mr. Roper under the Roper Employment Agreement accelerated in full. In return, Mr. Roper executed a release in favor of VeriSign from any known or unknown claims. Pursuant to the terms of the ADEA Release, in return for Mr. Roper's waiver of all age discrimination claims against VeriSign without revocation (i) all First-Year Options (as defined in the ADEA Release) granted under the Roper Employment Agreement that would otherwise have vested had Mr. Roper remained employed through August 8, 2008 were accelerated, and (ii) one-third of the First-Year RSU Awards (as defined in the ADEA Release) granted under the Employment Agreement were accelerated, and the balance was forfeited.

Please refer to "Compensation Discussion and Analysis" elsewhere in this Proxy Statement for more information concerning our compensation practices and policies for executive officers.

- (1) The market value is calculated by multiplying the number of shares by the closing price of our common stock on December 31, 2008, which was \$19.08.
- (2) The option became exercisable as to 25% of the grant on the first anniversary of the date of grant, and vests quarterly thereafter at the rate of 6.25% per quarter until fully vested.
- (3) On December 29, 2005, the Board approved the acceleration of vesting of unvested stock options with an exercise price per share in excess of \$24.99. Such acceleration was accompanied by restrictions that prohibit the sale of any shares acquired upon the exercise of such stock options prior to the date such stock options would have originally vested had the optionee been employed on such date (whether or not the optionee is actually an employee at that time). All vesting terms assume continued employment with VeriSign through full vesting of the respective option or RSU award.
- (4) The RSUs vest as to 25% of the total award on each anniversary of the date of grant until fully vested.
- (5) The RSUs vest as to 25% of the total award on each quarterly anniversary of the date of grant until fully vested.
- (6) The option became exercisable as to 6.25% of the grant on the first quarterly anniversary of the grant, and vested quarterly thereafter at the rate of 6.25% per quarter until June 30, 2008, when Mr. Roper resigned from the Company.
- (7) The option will become exercisable as to 25% of the grant on the first anniversary of the date of grant, and will vest quarterly thereafter at the rate of 6.25% per quarter until fully vested.
- (8) The RSU award vests over a four year period, with one-third of the total award vesting on the second, third and fourth anniversaries of the date of grant.
- (9) Mr. Clement's employment with the Company ended on April 4, 2008. He had no outstanding, unvested options or stock awards as of December 31, 2008.
- (10) An award of performance-based RSUs was granted on August 7, 2007. If specified performance criteria are achieved, 100% of the grant will vest on the third anniversary of the date of grant. If specified performance criteria are not achieved, 50% of the grant will vest on the fourth anniversary of the date of grant and the remaining 50% of the grant will be forfeited.

Potential Payments Upon Termination or Change-in-Control

The Company has no formal severance program for its Named Executive Officers, each of whom may be terminated at any time at the discretion of the Board. The Company entered into change-in-control agreements with each of its executive officers, including the Named Executive Officers, except D. James Bidzos, Executive Chairman and Chief Executive Officer on an interim basis, and Brian G. Robins, acting Chief Financial Officer, pursuant to a policy adopted by the Compensation Committee on August 7, 2007 (the “CIC Policy”). Under the CIC Policy, an executive officer of the Company is entitled to receive severance benefits if, within the twenty-four months following a “change-in-control” (or under certain circumstances, preceding a “change-in-control”), the executive officer’s employment is terminated by VeriSign without “cause” or is voluntarily terminated by the executive officer for “good reason.”

Under the CIC Policy, “*change-in-control*” means:

(a) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act), other than a trustee or other fiduciary holding securities of the Company under an employee benefit plan of the Company or its subsidiaries, becomes the “beneficial owner” (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly (excluding, for purposes of this Section, securities acquired directly from the Company), of securities of the Company representing at least thirty percent (30%) of (A) the then-outstanding shares of common stock of the Company or (B) the combined voting power of the Company’s then-outstanding securities;

(b) the consummation of a merger or consolidation, or series of related transactions, which results in the voting securities of the Company outstanding immediately prior thereto failing to continue to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity), directly or indirectly, at least fifty (50%) percent of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation;

(c) a change in the composition of the Board occurring within a 24-month period, as a result of which fewer than a majority of the directors are incumbent directors;

(d) the sale or disposition of all or substantially all of the Company’s assets (or consummation of any transaction, or series of related transactions, having similar effect); or

(e) stockholder approval of the dissolution or liquidation of the Company.

Under the CIC Policy, “*cause*” means:

(a) an executive’s willful and continued failure to substantially perform the executive’s duties after written notice providing the executive with ninety (90) days from the date of the executive’s receipt of such notice in which to cure;

(b) conviction of (or plea of guilty or no contest to) the executive for a felony involving moral turpitude;

(c) an executive’s willful misconduct or gross negligence resulting in material harm to the Company; or

(d) an executive’s willful violation of the Company’s policies resulting in material harm to the Company.

Under the CIC Policy, “*good reason*” means:

(a) a change in the executive’s authority, duties or responsibilities that is inconsistent in any material and adverse respect from the executive’s authority, duties and responsibilities immediately preceding the change-in-control;

(b) a reduction in the executive’s base salary compared to the executive’s base salary immediately preceding the change-in-control, except for an across-the-board reduction of not more than ten percent (10%) of base salary applicable to all senior executives of the Company;

Table of Contents

(c) a reduction in the executive's bonus opportunity of five percent (5%) or more from the executive's bonus opportunity immediately preceding the change-in-control, except for an across-the-board reduction applicable to all senior executives of the Company;

(d) a failure to provide the executive with long-term incentive opportunities that in the aggregate are at least comparable to the long-term incentives provided to other senior executives at the Company;

(e) a reduction of at least 5% in aggregate benefits that the executive is entitled to receive under all employee benefit plans of the Company following a change-in-control compared to the aggregate benefits the executive was eligible to receive under all employee benefit plans maintained by the Company immediately preceding the change-in-control; or

(f) a requirement that the executive be based at any office location more than 40 miles from the executive's primary office location immediately preceding the change-in-control, if such relocation increases the executive's commute by more than ten (10) miles from the executive's principal residence immediately preceding the change-in-control; or

(g) the failure of the Company to obtain the assumption of the agreement from any successor as provided in the agreement.

If such events occur and the executive officer timely delivers a general release agreement, the CIC Policy provides that VeriSign will make the following lump sum payment to the executive officer (except to the extent that such payments are subject to a six month delay if required by deferred compensation rules under Section 409A of the Code):

- the pro rata target bonus for the year in which the executive officer was terminated;
- a specified multiple of the executive officer's annual base salary plus an average of the executive officer's annual bonus amount for the last three full fiscal years prior to a change-in-control; the applicable multiples are 200% of the annual base salary and bonus for the chief executive officer and 100% of the annual base salary and bonus for other executive officer participants; and
- continued health benefits for the executive officer and the executive officer's eligible dependents for a number of years equal to the severance multiple, provided that such coverage of health benefits will cease if the executive officer becomes eligible for comparable benefits from a new employer.

The CIC Policy has an initial term of two years and will automatically renew for one-year periods thereafter unless the Board terminates the CIC Policy at least 90 days before the end of the then-current term.

On August 24, 2007, the Compensation Committee adopted and approved a form of Change-in-Control and Retention Agreement to be entered into with VeriSign's executive officers (the "CIC Agreement"). The terms and conditions of the CIC Agreement are materially consistent with the CIC Policy, with the additional provisions described below.

In addition to the terms and conditions approved as part of the CIC Policy, the CIC Agreement also contains the following provisions:

- immediate acceleration of vesting of all of the executive officer's unvested stock options and RSUs if there is a termination of such officer's employment within twenty-four months after a change-in-control (as defined in the CIC Policy) by VeriSign without "cause" (as defined in the CIC Policy) or by the officer for "good reason" (as defined in the CIC Policy) (or up to six months before a change-in-control if the officer is terminated at the request of a third party in contemplation of a change-in-control and the change-in-control is effective within six months of the termination date); however, if the consideration to be received by stockholders of the Company in connection with the change-in-control consists of substantially all cash or if the stock options and RSUs held by the executive officer are not assumed in the change-in-control, then all of the executive officer's then-unvested and outstanding stock options and

[Table of Contents](#)

RSUs shall vest immediately prior to the change-in-control regardless of whether or not there is a termination of employment in connection therewith;

- to the extent any payments are characterized as a parachute payment within the meaning of Section 4999 of the Code, and such characterization would subject the executive officer to a federal excise tax due to that characterization, the executive officer may elect to be paid in full or in such lesser amount as would result in the executive officer's receipt, on an after-tax basis, of the greatest amount of termination and other benefits, after taking into account applicable federal, state and local taxes, including the excise tax under Section 4999 of the Code;
- an initial term of two years and automatic renewal for one-year periods thereafter unless the Board terminates the CIC Agreement at least 90 days before the end of the then-current term; provided that such termination shall not be effective until the later of the last day of the initial two-year term or twelve months from termination following a change-in-control; and
- the executive officer is prohibited from soliciting employees of VeriSign or competing against VeriSign for a period of twelve months.

On October 14, 2008, the Compensation Committee approved an amendment to the grant of RSUs made to D. James Bidzos in his capacity as the Company's Executive Chairman, President and Chief Executive Officer on an interim basis, on August 4, 2008. This provided for a single-trigger acceleration consistent with the same treatment provided in directors' RSUs. The amendment provides for an acceleration of all unvested and outstanding RSUs under such grant in full immediately prior to the occurrence of a change-in-control of the Company. The definition of change-in-control is identical to that found in the Change-in-Control and Retention Agreements. In addition, the amendment to provide equity acceleration to Mr. Bidzos is in keeping with equity acceleration provisions provided to other executive officers of the Company.

The following table shows the value of additional stock options and RSUs that would have vested for our Named Executive Officers as of December 31, 2008, as well as the additional cash compensation payable, under the acceleration scenarios described above, if any. The value of stock options is based on the difference between the exercise price of all accelerated options and the market value of our common stock as of December 31, 2008 which was \$19.08. As Messrs. Roper and Clement were no longer employed by the Company on December 31, 2008, they are not included in the table below. Information regarding the acceleration of Mr. Roper's equity awards upon his termination of employment is set forth above.

VERISIGN, INC.
CHARTER OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS

As Adopted August 6, 1999

and amended June 13, 2000, March 25, 2003, November 4, 2004 and February 19, 2008

Role

The Audit Committee of the Board of Directors assists the Board of Directors in fulfilling its oversight responsibilities relating to the Company's accounting, auditing and reporting practices, and performs other duties as directed by the Board. The Committee oversees the accounting and financial reporting processes at the Company, internal control over financial reporting, audits of the Company's financial statements, the qualifications of the Company's independent auditor, and the performance of the Company's internal audit department and the independent auditor. The independent auditor reports directly to the Committee and the Committee is responsible for the appointment (subject to shareholder ratification), compensation and retention of the independent auditor. The Committee also oversees the Company's processes to manage business and financial risk, and compliance with significant applicable legal and regulatory requirements, and oversees the Company's ethics and compliance programs.

Membership

The Committee shall consist of at least three members of the Board, with the exact number being determined by the Board. All members of the Committee will be appointed by, and shall serve at the discretion of, the Board; the Board may remove any member of the Committee at any time with or without cause. Unless a chair is elected by the Board, the members of the Committee may designate a chair by majority vote of the Committee membership.

Each member of the Committee shall meet the independence requirements established by the Board and applicable laws, regulations and listing requirements. Each member of the Committee shall have the ability to read and understand fundamental financial statements and otherwise satisfy the financial literacy requirements of The Nasdaq Stock Market (or other stock exchange or market on which the Company's common stock is listed) or other applicable law. At least one member of the Committee shall be an "audit committee financial expert" as defined by the regulations of the U.S. Securities and Exchange Commission (SEC). No member of the Committee shall have participated in the preparation of the financial statements of the Company or any of its current subsidiaries at any time during the preceding three years.

Meetings

The Committee shall meet at least once each quarter and more frequently as determined to be appropriate by the Committee. At any meeting of the Committee, a quorum for the transaction of business shall be established by the presence of a majority of its members, in person or by telephone or video connection. The Committee shall maintain minutes of the meetings and it shall report regularly to the board in addition to reporting periodically to the Board on significant matters related to the Committee's responsibilities. The Committee is authorized and empowered to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter, (b) any provision of the Bylaws of the Company, or (c) the laws of the State of Delaware.

Authority

The Committee shall have the resources and authority necessary to discharge its duties and responsibilities. The Committee has sole authority to engage and terminate outside counsel or other experts or consultants, as it deems appropriate, including sole authority to approve the firms' fees and other retention terms. The Company

[Table of Contents](#)

will provide appropriate funding, as determined by the Committee, for the payment of compensation to the Company's independent auditor, outside counsel, and other advisors as the Committee deems appropriate, and administrative expenses of the Committee that are necessary or appropriate in carrying out its duties. In discharging its oversight role, the Committee is empowered to investigate any matter brought to its attention. The Committee will have unrestricted access to the Company's books, records, facilities, and personnel. Any communications between the Committee and legal counsel in the course of obtaining legal advice will be considered privileged communications of the Company, and the Committee will take all necessary steps to preserve the privileged nature of those communications. The Committee may form and delegate authority to subcommittees and may delegate authority to one or more designated members of the Committee.

Responsibilities

The Audit Committee serves a Board-level oversight role, overseeing the relationship with the independent auditor, as set forth in this Charter. The Committee receives information and provides advice, counsel and general direction, as it deems appropriate, to management, the Company's internal audit department, and the independent auditor, taking into account the information it receives, discussions with the independent auditor, and the experience of the Committee's members in business, financial and accounting matters.

While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to audit the Company's financial statements and the effectiveness of the Company's internal control over financial reporting nor is it the Committee's responsibility to determine that the Company's financial statements are complete, accurate, and in accordance with generally accepted accounting principles. These are the responsibilities of the independent auditor and of management.

The Committee discharges its responsibilities and duties at its various meetings held during the course of the year. The Audit Committee Calendar sets forth the Committee's specific responsibilities and is considered an addendum to this Charter. The Audit Committee Calendar will be updated periodically as necessary to reflect changes in regulatory requirements, authoritative guidance and evolving oversight practices. The specific responsibilities set out in the Audit Committee Calendar which are required by statute or regulation may only be amended by resolution of the Audit Committee; all other specific responsibilities set out in the Audit Committee Calendar may be amended by the Chairman of the Audit Committee from time to time.
