Item 2.02. Results of Operations and Financial Condition.

On February 6, 2020, VeriSign, Inc. (the “Company”) announced its financial results for the fiscal quarter and year ended December 31, 2019. A copy of this press release is attached hereto as Exhibit 99.1.

The Company is required to disclose annually the following non-guarantor subsidiary financial information pursuant to section 4.2(d) of the indentures governing each of the Company’s senior notes:

As of December 31, 2019, the Company’s non-guarantor subsidiaries collectively had (1) liabilities (excluding intercompany liabilities) of \$412.1 million (12.3% of the Company’s consolidated total liabilities), of which \$340.2 million were deferred revenues, (2) assets (excluding intercompany assets) of \$839.0 million (45.3% of the Company’s consolidated total assets), of which \$793.5 million were cash, cash equivalents and marketable securities held by foreign subsidiaries and (3) assets (excluding cash, cash equivalents and marketable securities, and intercompany assets) of \$45.5 million (7.2% of the Company’s consolidated total assets, excluding cash, cash equivalents and marketable securities).

For the twelve months ended December 31, 2019, the Company’s non-guarantor subsidiaries collectively had Adjusted EBITDA of \$308.5 million (32.6% of the Company’s consolidated Adjusted EBITDA), which includes intercompany transactions with the Company. Such intercompany transactions represent the majority of the Company’s non-guarantor subsidiaries’ aggregate expenses. Intercompany transactions and allocations of revenues and costs between the parent and the non-guarantor subsidiaries can vary significantly. Therefore, the Company believes that period-to-period comparisons of Adjusted EBITDA of the Company’s non-guarantor subsidiaries may not necessarily be meaningful.

Adjusted EBITDA is a non-GAAP financial measure and is calculated in accordance with the terms of the indentures governing the Company’s senior notes. Adjusted EBITDA refers to net income before interest, taxes, depreciation and amortization, stock-based compensation, unrealized gain/loss on hedging agreements, and gain on the sale of a business. The presentation of this additional information is not meant to be considered in isolation nor as a substitute for results prepared in accordance with GAAP. The press release attached hereto as Exhibit 99.1 includes a reconciliation of non-GAAP Adjusted EBITDA to net income, which is the most directly comparable financial measure calculated and presented in accordance with GAAP.

The information in this Item 2.02 of Form 8-K and the Exhibit attached hereto shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

Item 8.01. Other Events.

Effective February 6, 2020, the Company’s Board of Directors authorized the repurchase of an additional approximately \$743.0 million of common stock under the Company’s share repurchase program, which, in addition to the approximately \$257.0 million of common stock that remained available for repurchase under the program, resulted in a total repurchase authorization of up to \$1.0 billion of common stock under the program. The share repurchase program has no expiration date. Purchases made under the share repurchase program can be effected through open market transactions, block purchases, accelerated share repurchase agreements or other negotiated transactions.

Fourth quarter and full year 2018 GAAP net income and non-GAAP net income included \$52.0 million and \$42.8 million, respectively, related to the gain on the sale of the customer contracts of the security services business. The gain increased GAAP diluted EPS and non-GAAP diluted EPS by \$0.43 and \$0.36 in the fourth quarter of 2018 and by \$0.43 and \$0.35 for full year 2018.

“Focused execution yielded another solid quarter that caps off not only a solid year but a strong decade in which we’ve focused on our core business, expanded the domain name base and returned value to our shareholders. In 2019 we marked more than 22 years of uninterrupted availability of the Verisign DNS for .com and .net,” said Jim Bidzos, Executive Chairman, President and Chief Executive Officer.

Non-GAAP Financial Measures and Adjusted EBITDA

Verisign provides quarterly and annual financial statements that are prepared in accordance with generally accepted accounting principles (GAAP). Along with this information, management typically discloses and discusses certain non-GAAP financial measures in quarterly earnings news releases, on investor conference calls and during investor conferences and related events. These non-GAAP financial measures do not include stock-based compensation, non-cash interest expense through June 30, 2018, and loss on debt extinguishment, which are included in the comparable GAAP financial measures. Non-GAAP net income is also adjusted for an income tax rate of 22 percent which differs from the GAAP income tax rate.

On a quarterly basis, Verisign also provides Adjusted EBITDA. Adjusted EBITDA is a non-GAAP financial measure and is calculated in accordance with the terms of the indentures governing Verisign's senior notes. Adjusted EBITDA refers to net income before interest, taxes, depreciation and amortization, stock-based compensation, unrealized gain / loss on hedging agreements, and gain on the sale of a business.

Management believes that this non-GAAP financial data supplements the GAAP financial data by providing investors with additional information that allows them to have a clearer picture of Verisign's operations and financial performance and the comparability of Verisign's operating results from period to period. The presentation of these non-GAAP financial measures is not meant to be considered in isolation nor as a substitute for results prepared in accordance with GAAP.

The tables appended to this release include a reconciliation of the non-GAAP financial information to the comparable financial information reported in accordance with GAAP for the given periods.
