PROXY STATEMENT
FOR THE 2002 ANNUAL MEETING OF STOCKHOLDERS

April 10, 2002

The accompanying proxy is solicited on behalf of the Board of Directors of VeriSign, Inc., a Delaware corporation, for use at the 2002 Annual Meeting of Stockholders (the "Meeting") to be held at its corporate offices located at 487 East Middlefield Road, Mountain View, California on Tuesday, May 21, 2002 at 10:00 a.m., Pacific time. Only holders of record of our common stock at the close of business on March 22, 2002, which is the record date, will be entitled to vote at the Meeting. At the close of business on the record date, we had 237,944,676 shares of common stock outstanding and entitled to vote. All proxies will be voted in accordance with the instructions contained therein and, if no choice is specified, the proxies will be voted in favor of the nominees and the proposals set forth in the accompanying Notice of the Meeting and this proxy statement. This proxy statement and the accompanying form of proxy were first mailed to stockholders on or about April 10, 2002. An annual report for the year ended December 31, 2001 is enclosed with this proxy statement.

Voting Rights

Holders of VeriSign's common stock are entitled to one vote for each share held as of the record date.

Vote Required to Approve the Proposals

With respect to Proposal No. 1, two (2) directors will be elected by a plurality of the votes of the shares of common stock present in person or represented by proxy at the Meeting and voting on the election of directors. Proposal No. 2 requires for approval the affirmative vote of a majority of the shares of common stock present in person or represented by proxy at the Meeting.

None of the proposals are conditional upon the approval of any of the other proposals by the stockholders.

Votes Needed for a Quorum, Effect of Abstentions and Broker Non-Votes

A majority of the shares of common stock outstanding on the record date will constitute a quorum for the transaction of business at the Meeting. For purposes of the quorum and the discussion above regarding the vote necessary to take stockholder action, stockholders of record who are present at the meeting in person or by proxy and who abstain, including brokers holding customers' shares of record who cause abstentions to be recorded at the Meeting, are considered stockholders who are present and entitled to vote and they count toward the quorum.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. "Broker non-votes" means the votes that could have been cast on the matter in question if the brokers had received their customers' instructions, and as to which the broker has notified VeriSign on a proxy form in accordance with industry practice or has otherwise advised VeriSign that it lacks voting authority.

Abstentions and broker non-votes will not be taken into account in determining the outcome of the election of directors. Abstentions are considered shares entitled to vote on the amendments to VeriSign's 1998 Equity Incentive Plan and therefore will have the effect of a vote against this proposal. Broker non-votes are not considered shares entitled to vote on the amendments to VeriSign's 1998 Equity Incentive Plan and therefore will not be taken into account in determining the outcome of the vote on this proposal.

Adjournment of Meeting

In the event that sufficient votes in favor of the Proposals are not received by the date of the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitations of proxies. Any such adjournment would require the affirmative vote of the majority of the outstanding shares present in person or represented by proxy at the Meeting.

Expenses of Soliciting Proxies

VeriSign will pay the expenses of soliciting proxies to be voted at the Meeting. Following the original mailing of the proxies and other soliciting materials, we and/or our agents may also solicit proxies by mail, telephone, telegraph or in person. Following the original mailing of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our shares forward copies of the proxy and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. In such cases, we will reimburse the record holders for their reasonable expenses if they ask us to do so.

Revocability of Proxies

Any person signing a proxy in the form accompanying this proxy statement has the power to revoke it prior to the Meeting or at the Meeting prior to the vote pursuant to the proxy. A proxy may be revoked by any of the following methods:

- . a written instrument delivered to VeriSign stating that the proxy is revoked;
- . a subsequent proxy that is signed by the person who signed the earlier proxy and is presented at the Meeting; or
- . attendance at the Meeting and voting in person.

Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Meeting, the stockholder must bring to the Meeting a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of the shares.

PROPOSAL NO. 1
ELECTION OF DIRECTORS

VeriSign's Amended and Restated Bylaws currently authorize no fewer than six and no more than nine directors. VeriSign's Board of Directors is currently comprised of eight directors. The Bylaws divide the Board of Directors into three classes, Class I, Class II and Class III, with members of each class serving staggered three-year terms. One class of directors is elected by the stockholders at each annual meeting to serve a three-year term or until their successors are duly elected and qualified. The Class I directors, Mr. Kriens and Mr. Sclavos, will stand for reelection at the Meeting. The Class II directors, Mr. Compton, Mr. Cowan and Mr. Moore, will stand for reelection at the 2003 annual meeting and the Class III directors, Mr. Bidzos, Mr. Chenevich and Mr. Reyes, will stand for election or reelection at the 2004 annual meeting. If any nominee for any reason is unable to serve, or for good cause will not serve, as a director, the proxies may be voted for such substitute nominee as the proxy holder may determine. We are not aware of any nominee who will be unable to serve, or for good cause will not serve, as a director.

number of meetings of the Board of Directors held during the period for which such director was a director and the total number of meetings held by all committees of the Board of Directors on which such director served during the period that such director served, except for Mr. Reyes who attended five of seven regular and special meetings of the Board of Directors held during his tenure on the Board of Directors in 2001.

The Board of Directors has established an audit committee to meet with and consider suggestions from members of management, as well as VeriSign's independent auditors, concerning the financial operations of VeriSign. The audit committee also has the responsibility to review audited financial statements of VeriSign and consider and recommend the employment of, and approve the fee arrangements with, independent auditors for both audit functions and for advisory and other consulting services. The audit committee is currently comprised of Mr. Chenevich, Mr. Compton and Mr. Kriens. The audit committee met three (3) times during 2001.

The Board of Directors has also established a compensation committee to review and approve the compensation and benefits for VeriSign's key executive officers. The compensation committee is currently comprised of Mr. Bidzos, Mr. Cowan and Mr. Reyes. The compensation committee met two (2) times during 2001.

Director Compensation

Directors do not receive any cash fees for their service on the Board of Directors or any committee, but they are entitled to reimbursement of all reasonable out-of-pocket expenses incurred in connection with their attendance at Board of Directors and committee meetings. All board members are eligible to receive stock options under VeriSign's stock option plans, and outside directors receive stock options pursuant to automatic grants of stock options under the 1998 Directors Stock Option Plan. In 2001, VeriSign granted under the Directors Plan to each of Messrs. Bidzos, Chenevich, Compton and Cowan options to purchase 17,500 shares of its common stock with a weighted average exercise price of \$55.48 per share, and to each of Mr. Kriens and Mr. Reyes an option to purchase 25,000 shares of its common stock with an exercise price of \$61.81 and \$34.44, respectively, per share.

In October 1997, the Board of Directors adopted, and in January 1998 the stockholders approved, the 1998 Directors Stock Option Plan and reserved a total of 500,000 shares, as adjusted for stock splits, of VeriSign's common stock for issuance under that plan. In June 2000, the Board of Directors adopted and the stockholders approved to increase the number of shares reserved for issuance under the Directors Stock Option Plan by an additional 250,000 shares. As of December 31, 2001, options to purchase 475,000 shares of common stock had been granted under the Directors Stock Option Plan and 275,000 shares remained available for future grant. Members of the Board of Directors who are not employees of VeriSign, or any parent, subsidiary or affiliate of VeriSign, are eligible to participate in the Directors Stock Option Plan. The option grants under the Directors Stock Option Plan are automatic and nondiscretionary, and the exercise price of the options is 100% of the fair market value of the common stock on the date of grant. Each new director who is eligible to participate will initially be granted an option to purchase 25,000 shares on the date such director first becomes a director. These grants are referred to as "Initial Grants." On each anniversary of a director's Initial Grant or most recent grant if such director did not receive an Initial Grant, each eligible director will automatically be granted an additional option to purchase 12,500 shares if such director has served continuously as a member of the Board of Directors since the date of such director's Initial Grant or most recent grant if such director did not receive an Initial Grant. The term of such options is ten years. They will terminate seven months following the date the director ceases to be a director or, if VeriSign so specifies in the grant, a consultant of VeriSign (twelve months if the termination is due to death or disability). All options granted under the Directors Stock Option Plan will vest as to 6.25% of the shares each quarter after the date of grant, provided the optionee continues as a director or, if VeriSign so specifies in the grant, as a consultant of VeriSign. Additionally, immediately prior to the dissolution or liquidation of VeriSign or a "change in control" transaction, all options granted pursuant to the Directors Stock

Option Plan will accelerate and will be exercisable for a period of up to six months following the transaction, after which period any unexercised options will expire.

Compensation Committee Interlocks and Insider Participation

No interlocking relationship exists between the Board of Directors or compensation committee and the board of directors or compensation committee of any other company.

The Board Recommends a Vote "FOR" the Election of Each of the Nominated Directors.

PROPOSAL NO. 2
AMENDMENTS TO THE 1998 EQUITY INCENTIVE PLAN

The following is a summary of the principal provisions of VeriSign's 1998 Equity Incentive Plan, or Equity Incentive Plan. This summary is qualified in its entirety by reference to the full text of the plan.

Stockholders are being asked to approve amendments to the Equity Incentive Plan that would (i) increase the number of shares reserved and authorized for issuance thereunder by 10,000,000 shares to 44,000,000 shares, excluding any shares transferred from VeriSign's two predecessor plans, the 1995 Stock Option Plan and 1997 Stock Option Plan, (ii) approve an amendment to increase the maximum number of shares a person is eligible to receive in a calendar year pursuant to an award granted under the plan to 1,500,000 shares in the aggregate in any calendar year and (iii) eliminate the provision of the Equity Incentive Plan which permits the compensation committee to reprice outstanding options. These amendments are discussed more fully below.

Plan History

In October 1997, the Board of Directors adopted, and in January 1998 the stockholders approved, the Equity Incentive Plan. In addition to the 8,000,000 shares reserved for issuance under the Equity Incentive Plan, all shares remaining available under two predecessor plans, the 1995 Stock Option Plan and the 1997 Stock Option Plan, were transferred to the Equity Incentive Plan. In March 1999, the Board of Directors approved, and in May 1999, the stockholders approved, an amendment to the Equity Incentive Plan to increase the number of shares reserved for issuance under the plan by 8,000,000 shares. In March 2000, the Board of Directors approved, and in June 2000, the stockholders approved, an amendment to the Equity Incentive Plan to increase the number of shares reserved for issuance under the plan by 10,000,000 shares. In April 2001, the Board of Directors approved, and in May 2001, the stockholders approved, an amendment to the Equity Incentive Plan to increase the number of shares reserved for issuance under the plan by 8,000,000 shares. As of December 31, 2001, options to purchase 24,803,136 shares of common stock had been granted under the Equity Incentive Plan and 7,820,417 shares (prior to amendment of the Equity Incentive Plan as described below) remained available for future grant. The Equity Incentive Plan authorizes the award of options, restricted stock awards and stock bonuses. Each of these is referred to as an Award.

Proposed Amendments to the Equity Incentive Plan

In February 2002, the Board of Directors approved an amendment to the Equity Incentive Plan to increase the number of shares reserved and authorized for issuance thereunder by 10,000,000 shares. After amending the Equity Incentive Plan to increase by an aggregate of 10,000,000 shares the number of shares reserved and authorized for issuance under the plan, a total of 44,000,000 shares would be reserved and authorized for issuance, excluding any shares transferred from VeriSign's two predecessor plans, the 1995 Stock Option Plan and 1997 Stock Option Plan. The Board of Directors believes that the increase in the number of shares reserved under the Equity Incentive Plan proposed by this amendment is necessary in order to enable VeriSign to continue to use the grant of stock options and other Awards to retain and attract qualified employees and also to encourage stock ownership by Equity Incentive Plan participants, thereby aligning their interests with those of VeriSign's stockholders. VeriSign has no current plans or proposals to award any specific portion of the additional options authorized under this proposal to any specific person or class of persons.

The Board of Directors also approved amending the Equity Incentive Plan to increase the maximum number of shares a person is eligible to receive in a calendar year pursuant to an Award grant under the plan. The Equity Incentive Plan currently provides that no person may receive Award grants of more than 400,000 shares in the aggregate in any year, other than new employees (including new employees who are also officers and directors) of VeriSign or any parent or subsidiary of VeriSign, who may receive Award grants up to a maximum of 1,000,000 shares in the aggregate in the calendar year in which they commence their employment. The Board of Directors approved increasing the limit for all persons to 1,500,000 shares. If the Proposal is approved by

stockholders, no person may receive Award grants of more than 1,500,000 shares in the aggregate in any calendar year. The Board of Directors believes that this increase in the maximum number of shares a person is eligible to receive in a calendar year pursuant to an Award grant under the plan is necessary to enable VeriSign to continue to use the grant of stock options and other Awards to retain and attract qualified employees and to also encourage stock ownership by Equity Incentive Plan participants, thereby aligning their interests with those of VeriSign's stockholders.

The Board of Directors approved a further amendment to the Equity Incentive Plan, which is also the subject of this Proposal, to eliminate the provision of the plan that permits the compensation committee to reprice outstanding options. Currently, the compensation committee may reduce the exercise price of outstanding options to a price not less than the exercise price of any other options that are then outstanding. If the Proposal is approved by stockholders, any future reduction in the exercise price of outstanding options would require the approval of the Board of Directors and the stockholders. The Board of Directors believes that the repricing of outstanding options should be subject to approval by stockholders, as well as the Board of Directors, and that the Proposal is in the best interests of VeriSign's stockholders.

Shares Subject to the Equity Incentive Plan

An aggregate of 44,000,000 shares of VeriSign's common stock has been reserved by the Board of Directors for issuance under the Equity Incentive Plan, after approval of the amendment under this Proposal. If any option granted pursuant to the Equity Incentive Plan, or the predecessor 1995 Stock Option Plan or 1997 Stock Option Plan, expires or terminates for any reason without being exercised in whole or in part, or any Award terminates without being issued, or any Award is forfeited or repurchased by VeriSign at the original purchase price, the shares released from such Award will again become available for grant and purchase under the Equity Incentive Plan. This number of shares is subject to proportional adjustment to reflect stock splits, stock dividends and other similar events.

Administration

The compensation committee, the members of which are appointed by the Board of Directors, administers the Equity Incentive Plan. The compensation committee currently consists of Mr. Bidzos, Mr. Cowan and Mr. Reyes, all of whom are "non-employee directors," as that term is defined in the Securities Exchange Act of 1934, and "outside directors," as that term is defined pursuant to Section 162(m) of the Internal Revenue Code.

Subject to the terms of the Equity Incentive Plan, the compensation committee determines the persons who are to receive Awards, the number of shares subject to each such Award and the terms and conditions of each such Award. The compensation committee has the authority to construe and interpret any of the provisions of the Equity Incentive Plan or any Awards granted thereunder.

Eligibility

Employees, officers, directors and consultants of VeriSign, and of any subsidiaries and affiliates, are eligible to receive awards under the Equity Incentive Plan. Prior to amendment of the Equity Incentive Plan, no person is eligible to receive more than 400,000 shares of common stock in any calendar year under the plan, other than new employees of VeriSign, including directors and officers who are also new employees, who are eligible to receive up to a maximum of 1,000,000 shares of common stock in the calendar year in which they commence their employment with VeriSign. If the Proposal is approved by stockholders, the limit will be increased to 1,500,000 shares for all persons. As of February 28, 2002, approximately 3,566 persons were eligible to participate in the Equity Incentive Plan.

Stock Options

The Equity Incentive Plan provides for the grant of both incentive stock options, or ISOs, that qualify under Section 422 of the Internal Revenue Code, and nonqualified stock options, or NQSOs. ISOs may be granted only to employees of VeriSign or of a parent or subsidiary of VeriSign. All awards other than ISOs may be granted to employees, officers, directors and consultants. The exercise price of ISOs must be at least equal to the fair market value of the common stock on the date of grant. The exercise price of NQSOs must be at least equal to 85% of the fair market value of the common stock on the date of grant. The maximum term of options granted under the Equity Incentive Plan is ten years, although options are generally granted with a term of seven to ten years. Awards granted under the Equity Incentive Plan generally vest as to 25% of the shares on the first anniversary of the date of grant and as to 6.25% of the shares each of the next 12 quarters. Upon certain changes in control of VeriSign, this vesting schedule accelerates as to 50% of any shares that are then unvested for officers of VeriSign at the level of senior vice president and above and as to 100% of any shares that are then unvested for the President and Chief Executive Officer.

The exercise price of options granted under the Equity Incentive Plan may be paid as approved by the compensation committee at the time of grant: (1) in cash (by check); (2) by cancellation of indebtedness of VeriSign to the participant; (3) by surrender of shares of VeriSign's common stock owned by the participant for at least six months and having a fair market value on the date of surrender equal to the aggregate exercise price of the option; (4) by tender of a full recourse promissory note; (5) by waiver of compensation due to or accrued by the participant for services rendered; (6) by a "same-day sale" commitment from the participant and a National Association of Securities Dealers, Inc., or NASD, broker; (7) by a "margin" commitment from the participant and a NASD broker; or (8) by any combination of the foregoing.

Termination of Options

Options are generally exercisable for a period of seven to ten years. Options granted under the Equity Incentive Plan generally expire three months after the termination of the optionee's service, except in the case of death or disability, in which case the options generally may be exercised for up to 12 months following the date of death or termination of service due to disability. Options will generally terminate immediately upon termination for cause.

Restricted Stock Awards

The compensation committee may grant restricted stock awards to purchase stock either in addition to, or in tandem with, other Awards under the Equity Incentive Plan, under such terms, conditions and restrictions as the compensation committee may determine. The purchase price for such Awards must be no less than 85% of the fair market value of VeriSign's common stock on the date of the Award. In the case of an Award granted to a 10% stockholder, the purchase price must be 100% of fair market value. The purchase price can be paid for in any of the forms of consideration listed in items (1) through (5) in "Stock Options" above, as are approved by the compensation committee at the time of grant. To date, VeriSign has not granted any restricted stock awards.

Stock Bonus Awards

The compensation committee may grant stock bonus awards either in addition to or in tandem with, other Awards under the Equity Incentive Plan, under such terms, conditions and restrictions as the compensation committee may determine. To date, VeriSign has not granted any stock bonus awards.

Mergers, Consolidations and Change of Control

In the event of the dissolution or liquidation of VeriSign or a "change in control" transaction, outstanding Awards may be assumed or substituted by the successor corporation, if any. If a successor corporation does not assume or substitute the Awards, they will expire upon the effectiveness of the transaction. Upon certain changes in control of VeriSign, the vesting schedule accelerates as to 50% of any shares that are then unvested for officers of VeriSign at the level of senior vice president and above and as to 100% of any shares that are then unvested for the President and Chief Executive Officer. The compensation committee, in its discretion, may provide that the vesting of any or all Awards will accelerate prior to the effectiveness of the transaction.

Amendment of the Plan

The Board of Directors may at any time amend or terminate the Equity Incentive Plan, including amendment of any form of award agreement or instrument to be executed pursuant to the Equity Incentive Plan. However, the Board of Directors may not amend the Equity Incentive Plan in any manner that requires stockholder approval pursuant to the Internal Revenue Code or the regulations promulgated thereunder, or the Exchange Act or Rule 16b-3, or its successor, promulgated thereunder.

Term of the Plan

The Equity Incentive Plan will terminate in October 2007, unless sooner terminated in accordance with the terms of the Equity Incentive Plan.

Federal Income Tax Information

The following is a general summary as of the date of this proxy statement of the federal income tax consequences to VeriSign and participants under the Equity Incentive Plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Each participant has been, and is, encouraged to seek the advice of a qualified tax advisor regarding the tax consequences of participation in the Equity Incentive Plan.

Incentive Stock Options. A participant will not recognize income upon grant of an ISO and will not incur tax on its exercise, unless the participant is subject to the alternative minimum tax described below. If the participant holds the stock acquired upon exercise of an ISO, or ISO shares, for one year after the date the option was exercised and for two years after the date the option was granted, the participant generally will realize capital gain or loss, rather than ordinary income or loss, upon disposition of the ISO shares. This gain or loss will be equal to the difference between the amount realized upon such disposition and the amount paid for the ISO shares.

If the participant disposes of ISO shares prior to the expiration of either required holding period, which is called a disqualifying disposition, then gain realized upon the disposition, up to the difference between the fair market value of the ISO shares on the date of exercise, or, if less, the amount realized on a sale of the shares, and the option exercise price, generally will be treated as ordinary income. Any additional gain will be capital gain; taxed at a rate that depends upon the amount of time the ISO shares were held by the participant.

Alternative Minimum Tax. The difference between the fair market value of the ISO shares on the date of exercise and the exercise price is an adjustment to income for purposes of the alternative minimum tax, or AMT. The AMT, which is imposed to the extent it exceeds the taxpayer's regular tax, is 26% of an individual taxpayer's alternative minimum taxable income. The AMT rate increases to 28% in the case of alternative minimum taxable income in excess of \$175,000. A maximum 20% AMT rate applies to the portion of alternative minimum taxable income that would otherwise be taxable as net capital gain. Alternative minimum taxable income is determined by adjusting regular taxable income for certain items, increasing that income by certain tax

preference items, including the difference between the fair market value of the ISO shares on the date of exercise and the exercise price, and reducing this amount by the applicable exemption amount. The exemption amount is \$49,000 in the case of a joint return, subject to reduction under certain circumstances. If a disqualifying disposition of the ISO shares occurs in the same calendar year as an exercise of the ISO, there is no AMT adjustment with respect to those shares. Also upon a sale of ISO shares that is not a disqualifying disposition, alternative minimum taxable income is reduced in the year of sale by the excess of the tax basis for AMT purposes, over the tax basis for regular tax purposes, of the ISO stock. Special rules apply where all or a portion of the exercise price is paid by tendering shares of common stock.

Nonqualified Stock Options. A participant will not recognize any taxable income at the time a NQSO is granted. However, upon exercise of a NQSO the participant will include in income as compensation an amount equal to the difference between the fair market value of the shares on the date of exercise and the participant's exercise price. The included amount will be treated as ordinary income by the participant and may be subject to income tax and FICA withholding by VeriSign, either by payment in cash or withholding out of the participant's salary. Upon resale of the shares by the participant, any subsequent appreciation or depreciation in the value of the shares will be treated as capital gain or loss. Special rules apply where all, or a portion, of the exercise price is paid by tendering shares of common stock.

Tax Treatment of VeriSign. VeriSign will be entitled to a deduction in connection with the exercise of a NQSO by a participant or the receipt of restricted stock or stock bonuses by a participant to the extent that the participant recognizes ordinary income. VeriSign will be entitled to a deduction in connection with the disposition of ISO shares only to the extent that the participant recognizes ordinary income on a disqualifying disposition of the ISO shares.

ERISA

The Equity Incentive Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is not qualified under Section 401(a) of the Internal Revenue Code.

2001 Stock Incentive Plan

In January 2001, the Board of Directors adopted the 2001 Stock Incentive Plan. The plan authorizes the award of options and restricted stock awards. Each of these is referred to as an Award. An aggregate of 15,000,000 shares of VeriSign's common stock has been reserved for issuance under the 2001 Stock Incentive Plan. On each January 1, the aggregate number of shares reserved and available for grant will be increased automatically by a number of shares equal to two percent (2%) of the total outstanding shares of VeriSign as of the immediately preceding December 31, provided that the Board of Directors may in its sole discretion reduce the amount of the increase in any particular year. If any option granted pursuant to the 2001 Stock Incentive Plan expires or terminates for any reason without being exercised in whole or in part, or any Award terminates without being issued, or any Award is forfeited or repurchased by VeriSign at the original purchase price, the shares released from such Award will again become available for grant and purchase under the 2001 Stock Incentive Plan. This number of shares is subject to proportional adjustment to reflect stock splits, stock dividends and other similar events.

Employees, consultants, independent contractors and advisors of VeriSign or any parent or subsidiary of VeriSign are eligible to receive Awards under the plan. Awards granted to officers may not exceed in the aggregate forty percent (40%) of all shares that are reserved for grant under the plan. Awards granted as restricted stock to officers may not exceed in the aggregate forty percent (40%) of all shares that are granted as restricted stock.

New Plan Benefits

No option grants have been made through March 31, 2002 under the 1998 Equity Incentive Plan out of the 10,000,000 additional shares reserved under the Equity Incentive Plan that stockholders are being asked to approve. Korzeniewski, all options exercised and shown in this table were granted under VeriSign's 1995 Stock Option Plan, 1997 Stock Option Plan, 1998 Equity Incentive Plan and 2001 Stock Incentive Plan, and are subject to vesting as described in footnote (1) to the option grant table above. Mr. Rutt's options and 106,855 of Mr. Korzeniewski's outstanding options were granted under the Network Solutions 1996 Stock Incentive Plan. Those options become exercisable with respect to 30% of the shares covered by the option on the first anniversary of the date of grant and with respect to an additional 30%, 20% and 20% of these shares on the second, third and fourth anniversaries of the date of the grant thereafter. The options granted under the Network Solutions 1996 Stock Incentive Plan have a term of five years.

(2) Based on a value of \$38.04, the closing price per share of VeriSign's common stock on The Nasdaq National Market on December 31, 2001, net of the option exercise price.

COMPENSATION ARRANGEMENTS WITH EXECUTIVE OFFICERS

Under the 1995 Stock Option Plan, Dana L. Evan was granted two options to purchase an aggregate of 680,000 shares of common stock, at exercise prices of \$0.1875 and \$1.50, respectively. Each of these options is subject to the standard four-year vesting schedule under the 1995 Stock Option Plan or, in certain circumstances, is immediately exercisable, subject to VeriSign's right to repurchase shares subject to such options, which repurchase right lapses on a schedule similar to the vesting schedule for options granted under the 1995 Stock Option Plan. As of December 31, 2001, all of these options had vested.

Under Item 402(a)(9) of Regulation S-K promulgated by the Securities and Exchange Commission, or SEC, neither the "Report of the Compensation Committee" nor the material under the caption "Stock Price Performance Graph" shall be deemed to be filed with the SEC for purposes of the Securities Exchange Act of 1934, as amended, nor shall the report or the graph be deemed to be incorporated by reference in any past or future filing by the Company under the Securities Exchange Act of 1934, as amended, or the Securities Act of 1933, as amended.

REPORT OF THE COMPENSATION COMMITTEE

The compensation committee of the Board of Directors administers VeriSign's executive compensation program. The current members of the compensation committee are D. James Bidzos, David J. Cowan and Gregory L. Reyes. Each of these persons is a non-employee director within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended, and an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code. None of Mr. Bidzos, Mr. Cowan or Mr. Reyes has any interlocking relationships as defined by the SEC.

General Compensation Philosophy

The role of the compensation committee is to set the salaries and other compensation of the executive officers and certain other key employees of VeriSign, and to make grants under, and to administer, the stock option and other employee equity and bonus plans. VeriSign's compensation philosophy for executive officers is to relate compensation to corporate performance and increases in stockholder value, while providing a total compensation package that is competitive and enables VeriSign to attract, motivate, reward and retain key executives and employees. Accordingly, each executive officer's compensation package may, in one or more years, be comprised of the following three elements:

- . base salary that is designed primarily to be competitive with base salary levels in effect at high technology companies in the Silicon Valley that are of comparable size to VeriSign and with which VeriSign competes for executive personnel;
- . annual variable performance awards, such as bonuses, payable in cash and tied to the achievement of performance goals, financial or otherwise, established by the compensation committee; and
- . long-term stock-based incentive awards which strengthen the mutuality of interests between the executive officers and VeriSign's stockholders.

Executive Compensation

Base Salary. Salaries for executive officers for 2001 were generally determined on an individual basis by evaluating each executive's scope of responsibility, performance, prior experience and salary history, as well as the salaries for similar positions at comparable companies. In addition, VeriSign's Human Resources Department provided information to the compensation committee regarding salary range guidelines for specific positions.

Base salary is adjusted each year to take into account the executive officer's performance and to maintain a competitive salary structure. The compensation committee conducts reviews of executive compensation practices on an annual basis and may change each executive officer's salary based on the individual's contributions and responsibilities over the prior twelve months and any change in median comparable company pay levels. The compensation committee believes that, on the basis of its knowledge of executive compensation in the industry, that VeriSign's salary levels for the executive officers are reasonable and necessary given the competition for executive talent in the industry and VeriSign's financial resources.

Bonus Plan. VeriSign has established a broad based bonus plan. Certain employees, including executive officers, are eligible to participate in this plan. Target bonuses are established based on a percentage of base

salary and become payable upon the achievement of specified total company financial goals and personal and team objectives. The compensation committee administers this plan with regard to Mr. Sclavos. The executive management team administers the plan for all other employees.

Bonus payments are based on the company's actual performance in achieving financial, product delivery and customer satisfaction targets as compared to planned results for these criteria. The financial target is based on VeriSign's earnings per share, revenue, and success in managing corporate expenses to plan. The product delivery target is based on VeriSign's ability to meet product deadlines, ensure product quality, and generally execute against its overall product roadmap in a timely fashion. The customer satisfaction target is measured by customer loyalty (i.e., the percentage of customers who respond positively to the possibility that they will renew VeriSign services and/or recommend our services to others) and customer satisfaction (i.e., the overall rating of customer satisfaction for VeriSign products, services, and attention to the customer). All targets and related objectives are defined and measured on a quarterly basis, with a final annual measurement; all measurements are made at the consolidated corporate level.

Long-Term Incentive Awards. The compensation committee believes that equity-based compensation in the form of stock options links the interests of executive officers with the long-term interests of VeriSign's stockholders and encourages executive officers to remain in VeriSign's employ. Stock options generally have value for executive officers only if the price of VeriSign's stock increases above the fair market value on the grant date and the officer remains in VeriSign's employ for the period required for the shares to vest.

VeriSign grants stock options in accordance with the Equity Incentive Plan and 2001 Stock Incentive Plan. In 2001, stock options were granted to executive officers to aid in the retention of executive officers and to align their interests with those of the stockholders. Stock options typically have been granted to executive officers when the executive first joins VeriSign, in connection with a significant change in responsibilities and, occasionally, to achieve equity within a peer group. The compensation committee may, however, grant additional stock options to executive officers for other reasons. The number of shares subject to each stock option granted is within the discretion of the compensation committee and is based on anticipated future contribution and ability to impact VeriSign's results, past performance or consistency within the executive officer's peer group. In 2001, the compensation committee considered these factors, as well as the number of unvested option shares held by the executive officer as of the date of grant. At the discretion of the compensation committee, executive officers may also be granted stock options to provide greater incentives to continue their employment with VeriSign and to strive to increase the value of VeriSign's common stock. The stock options generally become exercisable over a four-year period and are granted at a price that is equal to the fair market value of VeriSign's common stock on the date of grant.

Chief Executive Officer Compensation

Mr. Sclavos' base salary, target bonus, bonus paid and long-term incentive awards for 2001 were determined by the compensation committee in a manner consistent with the factors described above for all executive officers. Mr. Sclavos' base salary for 2001 was set at the annual rate of \$375,000; he was eligible for a bonus of up to \$375,000. Mr. Sclavos' bonus was paid in accordance with VeriSign's regular bonus plan and was based on VeriSign's actual performance in 2001 in achieving financial, product delivery and customer satisfaction targets as compared to planned results for these criteria. The compensation committee also considered Mr. Sclavos' achievement of his individual objectives. An important aspect of VeriSign's continued success was, and will continue to be, Mr. Sclavos' leadership in developing and articulating the long-term strategic direction of VeriSign, as well as his continued attention to the development of the appropriate senior management team to support and execute that strategy. Finally, in considering competitive compensation practices with respect to Mr. Sclavos' total compensation, the compensation committee paid particular attention to the compensation practices of competitor companies and sought to assure that Mr. Sclavos' total compensation was appropriate relative to the total compensation paid to the chief executive officers at similarly situated companies.

Internal Revenue Code Section 162(m) Limitation

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1.0 million for compensation paid to certain executives of public companies. Having considered the requirements of Section 162(m), the compensation committee believes that grants made pursuant to the Equity Incentive Plan meet the requirements that such grants be "performance based" and are, therefore, exempt from the limitations on deductibility. Historically, the combined salary and bonus of each executive officer has been below the \$1.0 million limit. The compensation committee's present intention is to comply with Section 162(m) unless the compensation committee feels that required changes would not be in the best interest of VeriSign or its stockholders.

This report is submitted by the
Compensation Committee.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the audit committee with respect to VeriSign's audited financial statements for the fiscal year end December 31, 2001. The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that VeriSign specifically incorporates by reference in such filing.

The audit committee of the Board of Directors is composed of three non-management directors who meet the independence and experience requirements of Nasdaq. The audit committee operates under a written charter adopted by the Board of Directors. The members of the audit committee are Mr. Compton (Chairman), Mr. Chenevich and Mr. Kriens.

Management is responsible for the preparation, presentation and integrity of VeriSign's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors, KPMG LLP, are responsible for performing an independent audit of VeriSign's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The audit committee's responsibilities include the monitoring and oversight of these processes.

During 2001, at each of its meetings, the audit committee met with the senior members of VeriSign's financial management team and our independent auditors. The audit committee had private sessions at which candid discussions of financial management, accounting and internal control issues took place.

The audit committee recommended to the Board of Directors that KPMG LLP be engaged as VeriSign's independent auditors and reviewed with VeriSign's financial managers and the independent auditors overall audit scopes and plans, the results of the audit, evaluations by the auditors of VeriSign's internal controls and quality of VeriSign's financial reporting.

Management has reviewed with the audit committee the audited financial statements contained in VeriSign's Annual Report on Form 10-K for the year ended December 31, 2001. This review included a discussion of the accounting principals, reasonableness of significant judgments, and clarity of disclosures in the financial statements. Management represented to the audit committee that VeriSign's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent auditors.

The audit committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees." The audit committee also discussed with the auditors their annual written disclosures on their independence from VeriSign and its management, as required by Independent Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The audit committee has also considered whether the non-audit services provided by KPMG LLP to VeriSign during 2001 is compatible with maintaining the auditors' independence.

Based upon the audit committee's discussions with management and the independent auditors and the audit committee's review of the representations of management, and the report of the independent auditors to the audit committee, the audit committee recommended that the Board of Directors include the audited consolidated financial statements in VeriSign's Annual Report on Form 10-K for the year ended December 31, 2001, as filed with the Securities and Exchange Commission.

This report is submitted by the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2001, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which VeriSign or any of its subsidiaries was or is to be a party in which the amount involved exceeded or will exceed \$60,000 and in which any director, executive officer or holder of more than 5% of the common stock of VeriSign or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest other than (1) the compensation agreements, which are described where required in "Executive Compensation," and (2) the transactions described below.

Executive Relocation Loans. In March 2001, VeriSign loaned \$2,000,000 to James M. Ulam, Senior Vice President and General Counsel of VeriSign, in connection with his relocation from Virginia to California. This loan, which is secured by Mr. Ulam's principal residence, accrues interest at a rate of 0% per annum. The principal amount of the loan is forgivable in installments and will be forgiven in full on October 1, 2004 as long as Mr. Ulam remains employed with VeriSign. \$250,000 of the principal amount of the loan was forgiven on October 1, 2001.

In April 2001, VeriSign loaned \$150,000 to William P. Fasig, Senior Vice President Corporate Marketing Services of VeriSign, in connection with his relocation from Texas to California. This loan, which is secured by Mr. Fasig's principal residence, accrues interest at a rate of 0% per annum. The principal amount of the loan is forgivable in installments and will be forgiven in full on April 12, 2004 as long as Mr. Fasig remains employed with VeriSign.

Severance Payments Related to Illuminet Holdings, Inc. Acquisition. In December 2001, VeriSign and Roger Moore, President and Chief Executive Officer of Illuminet Holdings, Inc. entered into a severance agreement pursuant to which VeriSign agreed to make certain payments to Mr. Moore in connection with the termination of his employment with Illuminet. The total amount payable under the severance agreement is approximately \$900,000 in the aggregate. Mr. Moore is a member of the Board of Directors of VeriSign.

All future transactions between VeriSign and its officers, directors and principal shareholders and their affiliates will be approved by a majority of the Board of Directors, including a majority of the independent and disinterested directors of the Board of Directors, and will be on terms no less favorable to VeriSign than could be obtained from unaffiliated third parties.

STOCKHOLDER PROPOSALS FOR THE 2003 ANNUAL MEETING OF STOCKHOLDERS

VeriSign's bylaws establish an advance notice procedure for stockholder proposals not included in VeriSign's proxy statement, to be brought before an annual meeting of stockholders. In general, nominations for the election of directors may be made by:

- . VeriSign's Board of Directors;
- . any nominating committee appointed by VeriSign's Board of Directors; or
- . any stockholder entitled to vote who has delivered written notice to the Secretary of VeriSign sixty (60) days or no more than ninety (90) days in advance of May 21, 2003, which notice must contain specified information concerning the nominees and concerning the stockholder proposing the nominations.

The only business that will be conducted at an annual meeting of VeriSign stockholders is business that is brought before the meeting by or at the direction of the chairman of the meeting or by any stockholder entitled to vote who has delivered timely written notice to the Secretary of VeriSign sixty (60) days or no more than ninety (90) days prior to the first anniversary of this year's annual meeting. In the event that the date of the annual meeting is more than thirty (30) days before or more than sixty (60) days after such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the ninetieth (90th) day prior to the annual meeting and not later than the close of business on the later of the sixtieth (60th) day prior to the annual meeting or the close of business on the tenth (10th) day following the day on which public announcement of the date of such meeting is first made by VeriSign. The stockholder's notice must contain specified information concerning the matters to be brought before the meeting and concerning the stockholder proposing those matters. If a stockholder who has notified VeriSign of his intention to present a proposal at an annual meeting does not appear or send a qualified representative to present his proposal at the meeting, VeriSign need not present the proposal for a vote at the meeting. A copy of the full text of the bylaw provisions discussed above may be obtained by writing to the Secretary of VeriSign. All notices of proposals by stockholders, whether or not included in VeriSign's proxy materials, should be sent to the Secretary of VeriSign at its principal executive offices.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934, as amended, requires VeriSign's directors and officers, and persons who own more than 10% of VeriSign's common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission, or SEC, and the Nasdaq Stock Market. These persons are required by SEC regulations to furnish VeriSign with copies of all Section 16(a) forms that they file.

Based solely on its review of the copy of the forms furnished to VeriSign and written representations from the executive officers and directors, VeriSign believes that one delinquent filing was made by Quentin P. Gallivan. It appears that Mr. Gallivan inadvertently did not report two open market sales of an aggregate of 50,000 shares in November 2001 on a Form 4 for that month. The sales were reported on a Form 5, filed on February 14, 2002. In addition, it appears that David J. Cowan inadvertently did not report the acquisition of 465 shares of VeriSign common stock acquired in connection with VeriSign's acquisition of all of the outstanding shares of Illuminet Holdings, Inc. in December 2001 on a Form 4 for that month. The acquisition was reported on a Form 4, filed in February 2002.

OTHER BUSINESS

The Board of Directors does not presently intend to bring any other business before the Meeting, and, so far as is known to the Board of Directors, no matters are to be brought before the Meeting except as specified in the Notice of the Meeting. As to any business that may properly come before the Meeting, however, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

Whether or not you expect to attend the meeting, please complete, date, sign and promptly return the accompanying proxy in the enclosed postage paid envelope so that your shares may be represented at the meeting.
