A table reconciling the GAAP to the non-GAAP results (which excludes items described below) is appended to this release.

"The continued focus and discipline of our employees has generated another quarter of solid financial performance and value creation," said Jim Bidzos, Executive Chairman, President and Chief Executive Officer.

Financial Highlights

- On Feb. 15, 2018, Verisign called for the redemption of all its outstanding subordinated convertible debentures, with a redemption date of May 1, 2018. If holders elect to convert their debentures, Verisign will settle the principal amount, up to \$1.25 billion, in cash and the remaining value through the issuance of shares of Verisign's common stock.
- Verisign ended the first quarter with cash, cash equivalents and marketable securities of \$2.4 billion, a decrease of \$58 million from year-end 2017.
- During the first quarter, Verisign repatriated \$1.15 billion of cash held by foreign subsidiaries, net of foreign withholding taxes.
- Cash flow from operating activities was \$90 million for the first quarter of 2018, compared with \$148 million for the same quarter in 2017. The first quarter 2018 amount reflects approximately \$61 million in withholding taxes paid in connection with the repatriation.
- Deferred revenues on March 31, 2018, totaled \$1.03 billion, an increase of \$27 million from year-end 2017.
- During the first quarter, Verisign repurchased 1.1 million shares of its common stock for \$125 million. At March 31, 2018, \$938 million remained available and authorized under the current share repurchase program which has no expiration.
- For purposes of calculating diluted EPS, the first quarter diluted share count included 25.6 million shares related to the subordinated convertible debentures, compared with 21.3 million shares for the same quarter in 2017.

Business Highlights

- Verisign ended the first quarter with 148.3 million .com and .net domain name registrations in the domain name base, a 3.2 percent increase from the end of the first quarter of 2017, and a net increase of 1.91 million during the first quarter of 2018.

Non-GAAP Financial Measures and Adjusted EBITDA

Verisign provides quarterly and annual financial statements that are prepared in accordance with generally accepted accounting principles (GAAP). Along with this information, management typically discloses and discusses certain non-GAAP financial information in quarterly earnings releases, on investor conference calls and during investor conferences and related events. This non-GAAP financial information does not include the following types of financial measures that are included in GAAP: stock-based compensation, unrealized gain/loss on the contingent interest derivative on the subordinated convertible debentures, and non-cash interest expense. Non-GAAP net income is decreased by amounts accrued for contingent interest payable through August 15, 2017, related to the subordinated convertible debentures, and is adjusted for an income tax rate of 22 percent starting from the first quarter of 2018, 25 percent for the second through the fourth quarters of 2017, and 26 percent for the first quarter of 2017, all of which differ from the GAAP income tax rate.

On a quarterly basis, Verisign also provides Adjusted EBITDA. Adjusted EBITDA is a non-GAAP financial measure and is calculated in accordance with the terms of the indentures governing Verisign's senior notes. Adjusted EBITDA refers to net income before interest, taxes, depreciation and amortization, stock-based compensation, unrealized gain / loss on the contingent interest derivative on the subordinated convertible debentures, unrealized gain / loss on hedging agreements and gain on the sale of a business.

Management believes that this non-GAAP financial data supplements the GAAP financial data by providing investors with additional information that allows them to have a clearer picture of Verisign's operations and financial performance and the comparability of Verisign's operating results from period to period. The presentation of this additional information is not meant to be considered in isolation nor as a substitute for results prepared in accordance with GAAP.

The tables appended to this release include a reconciliation of the non-GAAP financial information to the comparable financial information reported in accordance with GAAP for the given periods.
