ITEM 8.01. OTHER EVENTS.

VeriSign, Inc., a Delaware corporation (“VeriSign” or the “Company”), announced today that it has been informed by its President and Chief Executive Officer, Stratton D. Sclavos, that on May 31, 2005 he adopted a pre-arranged stock trading plan to, over time, exercise VeriSign stock options that are set to expire at various dates through December 18, 2005 and sell a portion of the acquired VeriSign stock. This plan was established as part of his individual long-term strategy for asset diversification and liquidity. The stock trading plan was adopted in accordance with guidelines specified under Rule 10b5-1 of the Securities and Exchange Act of 1934 and the Company’s policies regarding securities transactions.

Mr. Sclavos has provided the following information regarding the terms of the plan: Beginning in August of 2005, Mr. Sclavos may sell up to 1,281,697 shares of VeriSign common stock. The plan is scheduled to terminate on December 18, 2005. The shares will be acquired solely upon exercise of outstanding stock options that are set to expire during the term of the plan. Pursuant to the terms of the plan, on each sale date, underlying shares of VeriSign stock having a value equal to approximately 25 percent of Mr. Sclavos’ net cash proceeds will be retained upon exercise and will not be sold. The transactions under the plan will be disclosed publicly through Form 144 and Form 4 filings with the Securities and Exchange Commission.

Rule 10b5-1 allows corporate officers and directors to adopt written, pre-arranged stock trading plans when they do not have material, non-public information. Using these plans, insiders can gradually diversify their investment portfolios, can spread stock trades out over an extended period of time to reduce any market impact and can avoid concerns about whether they had material, non-public information when they sold their stock.
